Women, Rites and Sites Peggy Brock, 2020-07-31. This book challenges a number of widespread preconceptions about Aboriginal society and its interaction with the wider non-Aboriginal society. It builds on recent scholarship that has drastically changed the view of Aboriginal women propagated by nineteenth and early twentieth-century reports. These reporters unconsciously based their assessments on their knowledge of their own society; they could not conceive of women undertaking autonomous economic activity. These observations were made by men, and some women imposing their cultural values on Aboriginal society and dealing primarily with Aboriginal men. They were influenced by the fact that in white society political and religious power was in the hands of men; they shared the common assumption that the female roles of wife and mother carried as little power and authority in Aboriginal society as they did in western society. This collection of essays, which includes accounts ranging from traditional societies to societies reacting to decades of interaction with non-Aboriginal culture, explores the active role of women in Aboriginal cultural and religious life. It demonstrates the cultural authority possessed by women; it records the pivotal role of women as repositories of cultural knowledge and in the struggle to maintain or rebuild the means of passing on that knowledge. **Women, Rites and Sites** should be read by all people interested in Aboriginal-white relations in Aboriginal culture and women's studies.

Rituals of Respect Inge Bolin, 2010-06-28. In the remoteness of their mountain retreat, the herders of Chillihuani, Peru, recognize that respect for others is the central and most significant element of all thought and action, observes Inge Bolin. Without respect, no society, no civilization can flourish for long. Without respect, humanity is doomed, and so is the earth, sustainer of all life. In this beautifully written ethnography, Bolin describes the rituals of respect that maintain harmonious relations among people, the natural world, and the realm of the gods in an isolated Andean community of llama and alpaca herders that reaches up to 16,500 feet. Bolin was the first foreigner to visit Chillihuani, and she was permitted to participate in private family rituals as well as public ceremonies. In turn, she allows the villagers to explain the meaning of their rituals in their own words. From these first-hand experiences, Bolin offers an intimate portrait of an annual ritual cycle that dates back to Inca and pre-Inca times, including the ancient Pukllay weddings, the Fiesta de Santiago with its horse races on the top of the world, and Peru's Independence Day, when the Rituals of Respect for elders and young people alike are carried out within male and female

hierarchies reminiscent of Inca times *The Secret Gospel of Mark Unveiled* Peter Jeffery, 2007-01-01 In 1958 Bible scholar Morton Smith announced the discovery of a sensational manuscript a second century letter written by St Clement of Alexandria who quotes an unknown longer version of the Gospel of Mark When Smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since Is the text authentic or a hoax Is Smith's interpretation correct Did Jesus really practice magic or homosexuality And if the letter is a forgery why Through close examination of the discovered manuscript's text Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time Jeffery shows convincingly that Smith's Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde's Salome twentieth century misunderstandings of early Christian liturgy and Smith's personal struggles with Christian sexual morality
