Clary,2001-01-22 The flying saucer has been the most vivid and persistent image in American life of the last half century It has also generated more controversy and rancor than anything else that might be characterized as a fantasy It is malleable suiting a wide variety of beliefs and outlooks touching nearly every public concern It arrived as a mysterious threat from above a metaphor for The Bomb It transformed swiftly into a hope from above promising to save us from ourselves Renamed UFO it became a symbol for those who distrusted the government Along its way through the postwar skies it acquired a cargo that included every species of hoax craziness lunacy and even sexual fantasy along with a fair amount of scientific and political baggage The flying saucer myth says much about how Americans react to the unexpected Before and After Roswell The Flying Saucer in America 1947

1999 places the flying saucer idea in the context of history politics entertainment and science to arrive at an explanation of what it is all about and how it got that way Because the Roswell incident the story that a flying saucer crashed near Roswell New Mexico in 1947 and that the government has hidden the truth about it ever since has dominated the subject recently the book is anchored around that particular story while demonstrating that the flying saucer did exist before and after Roswell It corrects some misconceptions including one that holds that because a majority of people say they believe in UFOs they therefore believe in a conspiracy to cover up the truth about them After detailing what actually happened in Roswell in 1947 the book takes up the birth of the flying saucer earlier that year underscoring the fact that the name originally denoted its movement not its shape The text then examines the Air Forces and CIAs responses to the phenomenon and the rise of competing bands of ufologists true believers and skeptics to dominate debate over it The book also addresses Cold War contributions to the UFO issue and the role of Hollywood in providing the images that defined it Along the way it describes the crashed saucer tradition the contactees abductions men in black the Bermuda Triangle ancient astronauts cattle mutilations the little gray alien SETIs Drake Equation sex and the flying saucer and the rise of a new ufology emanating from the conspiracy culture growing out of the Kennedy assassination mythology and the Watergate scandal Part Two of Before and After Roswell begins with the invention of the incident in 1980 then traces the history of the flying saucer idea to the end of the century Important here are the submersion of the saucer into the larger anti government conspiracy tradition of that period and the increasing domination of the subject by television including Area 51 a myth invented on a TV show and the combined influence of reality based cable documentaries and the amazingly popular series The X Files Also addressed are such things as crop circles the MAJIC hoax the face on Mars UFO conspiracy fiction and the explosion of the abduction belief A chapter on The Battle of Roswell traces the evolution of that controversy through a succession of books by ufologists in the end it broke down into disputed orthodoxies and feuds over who had the real crash site to charge admission to When boosters tried to turn Roswell into a tourist attraction their quarrels and mercenary outlook alienated the town and made the annual UFO Encounter a flop The book concludes that the flying saucer is not a thing but an idea and one that will overcome the burden of

The Rough Guide To Conspiracy Theories James McConnachie, Robin Tudge, 2008-09-01 Everything you think you know is a lie Or is it The Rough Guide to Conspiracy Theories is the definitive guide to the world s most controversial theories With updated information on all the most infamous conspiracies from phony crucifixions to who really did kill JFK this fully up dated guide also covers the murders of Alexander Litvinenko and Benasir Bhutto the London bombings and the Iraq War as well as the inquest into Princess Diana s death The guide is a thoroughly researched exploration into this fascinating and at times amusing phenomenon with fascinating discourse and a keen sense of the satirical For both the believers and the cynics The Rough Guide to Conspiracy Theories sorts the myths from the realities

Hair of the Alien Bill Chalker, 2005-08-19 The shocking true story of a case unlike any other in the annals of UFO

investigation DNA research or alien abduction July 23 1992 In Sydney Australia twenty eight year old Peter Khoury was awoken by what appeared to be two females both striking and unearthly kneeling on his bed What transpired between them was a physical assault as bizarre and disorienting as it was unnatural Then as quickly as they had arrived they vanished Khoury had become one of a legion of alien abductees with inexplicable experiences but this particular incident stood apart from all the others This time there was evidence two strands of white blond hair from one of the females Khoury s case would result in the very first forensic DNA analysis of alien abduction evidence and revealed an extraordinary biological anomaly one genetically close to human yet almost impossibly far from the human mainstream A gripping account of one of the great mysteries of our time Hair of the Alien brings us closer than ever before to understanding our past our origins and our place in the universe

Handbook of UFO Religions ,2021-03-08 The Handbook of UFO Religions edited by esteemed scholar of new religions Benjamin E Zeller offers the most expansive and detailed study of the persistent popular and global phenomenon of religious engagements with ideas about extraterrestrial life The present work considers not only new religions founded on ideas about extraterrestrials and UFOs but how those within more mainstream religions have responded to the science scientific speculation and popular culture involving extraterrestrials UFOs and related concepts Global in reach it includes chapters considering South and East Asia Europe and North and South America and draws on several interdisciplinary methods In addition the handbook traces connections between UFO religiosity and cultural patterns such as science and scientism esoterism and occultism millennialism and popular culture

UFO Garrett M. Graff,2024-11-12 One of the rare books on the topic that manages to be both entertaining and factually grounded The Wall Street Journal From the bestselling author of Raven Rock The Only Plane in the Sky and Watergate finalist for the Pulitzer Prize in history comes the first comprehensive and eye opening exploration of our government s decades long quest to solve one of humanity s greatest mysteries Are we alone in the universe For as long as we have looked to the skies the question of whether life on earth is the only life to exist has been at the core of the human experience driving scientific debate and discovery shaping spiritual belief and prompting existential thought across borders and generations It s one of our culture s favorite conversations and yet the idea of extraterrestrial intelligence has been largely banished to the realm of fantasy and conspiracy Now for the first time the full story of our national obsession with UFOs and the covert search by scientists the United States military and the CIA for proof of alien life is told by bestselling author and Pulitzer Prize finalist Garrett M Graff in a deeply reported and researched history It begins in 1947 when two headline making sightings of strange flying objects prompt the US Air Force s newly formed Department of Defense to create a series of secret programs to determine how unidentified phenomena may pose a threat to national security Over the next half century as the atomic age gives way to the space race and the Cold War the mission continues bringing together an unexpected group of astronomers military officials civilian contactees and true believers who bring us closer then further then closer again to answering one of our most enduring questions What exactly is

out there Drawing from original archival research declassified documents and interviews with senior intelligence and military officials Graff brings readers a story that s Loads of fun a fascinating deep dive down the rabbit hole Publishers Weekly

The Myth and Mystery of UFOs Thomas E. Bullard,2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of

conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth

Mousoutzanis,2014-05-27 Fin de Si cle Fictions 1890s 1990s focuses on fin de si cle British and postmodern American fictions of apocalypse and investigates the ways in which these narratives demonstrate shifts in the relations among modern discourses of power and knowledge

The Believer Ralph Blumenthal,2021-03-15 The Believer is the weird and chilling true story of Dr John Mack This eminent Harvard psychiatrist and Pulitzer Prize winning biographer risked his career to investigate the phenomenon of human encounters with aliens and to give credibility to the stupefying tales shared by people who were utterly convinced they had happened Nothing in Mack s four decades of psychiatry had prepared him for the otherworldly accounts of a cross section of humanity including young children who reported being taken against their wills by alien beings Over the course of his career his interest in alien abduction grew from curiosity to wonder ultimately developing into a limitless unwavering passion Based on exclusive access to Mack s archives journals and psychiatric notes and interviews with his family and closest associates The Believer reveals the life and work of a man who explored the deepest of scientific conundrums and further leads us to the hidden dimensions and alternate realities that captivated Mack until the end of his life

UFO Religions Christopher Partridge,2012-11-12 The spectre of the UFO as popularized by shows such as The X Files has brought an astonishing slant to the face of modern religious practice But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers UFO Religions critically examines some of the fascinating issues surrounding UFO worship abduction narratives UFO based interpretations of other religions the growth of pseudo sciences purporting to explain UFOs and the responses of the core scientific community to such claims Focusing on contemporary global UFO groups including the Raelian Movement Heaven s Gate Unarius and the Ansaaru Allah Community it gives a clear profile of modern UFO controversies and beliefs

Visionary Graham Hancock,2022-04-04 The latest archaeology and history redefining book from bestselling author Graham Hancock Fingerprints of the Gods who is featured in Ancient Apocalypse a hit Netflix original docuseries With the original unabridged

text of Supernatural I offer the reader an investigation that explores the human experience with psychedelics from the Stone Age to the Space Age and the role of these extraordinary plant medicines as tools to investigate the nature of reality itself

Graham Hancock Discover the pathway to the gods Less than 50 000 years ago mankind had no art no religion no sophisticated symbolism no innovative thinking Then in a dramatic and electrifying change described by scientists as the greatest riddle in human history all the skills and qualities that we value most highly in ourselves appeared already fully formed as though bestowed on us by hidden powers

In Visionary Graham Hancock sets out to investigate this mysterious before and after moment and to discover the truth about the influences that gave birth to modern human mind His quest takes him on a journey of adventure and detection from the stunningly beautiful painted caves of prehistoric France Spain and Italy to remote rock shelters in the mountains of South Africa where he finds a treasure trove of extraordinary Stone Age art Hancock uncovers clues that lead him to travel to the depths of the Amazon rainforest to drink the powerful plant hallucinogen ayahuasca with Indian shamans whose paintings contain images of supernatural beings identical to the animal human hybrids depicted in prehistoric caves and rock shelters Hallucinogens such as mescaline also produce visionary encounters with exactly the same beings Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other dimensions Could the supernaturals first depicted in the painted caves and rock shelters be the ancient teachers of mankind Could it be that human evolution is not just the blind meaningless process that Darwin identified but something more purposive and intelligent something that we have barely even begun to understand

Previously published as Supernatural this definitive edition includes a new Introduction by Graham Hancock as well as restored chapters that were omitted from the original paperback release
