Williams, 2024-06-18 After a substantial new essay examining the nature of a properly skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews from pre modernism to meta modernism Behold the Man presents revised essays on an eclectic range of issues from how the Epistle of James treats Jesus as Divine within decades of the crucifixion and an evaluation of recent arguments about the dating of the Fourth Gospel to debunking claims about Jesus and ancient aliens and furthering debate about the resurrection With a foreword by eminent New Testament scholar Craig L Blomberg and extensive recommended resources Behold the Man Essays on the Historical Jesus represents a wide ranging interdisciplinary engagement with historical Jesus studies      *Archaeology and the World of Jesus (Archaeology and the New Testament)* David deSilva, 2025-11-11 A fundamental principle of biblical interpretation is the importance of context historical literary and canonical But an often neglected source of context for understanding Scripture is the field of archaeology The physical and cultural world we inhabit affects us deeply and that was no less true for the original writers and readers of Scripture Archaeology provides insights into important questions like What did these believers see day to day What messages did they receive from their environment What social practices influenced them In the second of three planned volumes New Testament scholar David deSilva uses archaeological findings to explore places that provide important windows into Jesus's religious political and cultural environment This visually compelling and beautifully designed book contains over 250 full color photographs of sites and artifacts The author focuses on the fruits of archaeology pertaining to sites associated with Jesus's travels and ministry and their connections with specific Gospel texts This book helps readers visualize the early first century environment of Jesus his opponents and his followers This volume will be an important supplemental textbook for courses on the New Testament and for anyone who wants to better understand the lived context of Jesus and his audiences      **Under Jerusalem** Andrew Lawler, 2023-09-26 A spellbinding history of the hidden world below the Holy City a saga of biblical treasures intrepid explorers and political upheaval A sweeping tale of archaeological exploits and their cultural and political consequences told with a historian's penchant for detail and a journalist's flair for narration Washington Post In 1863 a French senator arrived in Jerusalem

hoping to unearth relics dating to biblical times Digging deep underground he discovered an ancient grave that he claimed belonged to an Old Testament queen News of his find ricocheted around the world evoking awe and envy alike and inspiring others to explore Jerusalem's storied past In the century and a half since the Frenchman broke ground Jerusalem has drawn a global cast of fortune seekers and missionaries archaeologists and zealots all of them eager to extract the biblical past from beneath the city's streets and shrines Their efforts have had profound effects not only on our understanding of Jerusalem's history but on its hotly disputed present The quest to retrieve ancient Jewish heritage has sparked bloody riots and thwarted international peace agreements It has served as a cudgel a way to stake a claim to the most contested city on the planet Today the earth below Jerusalem remains a battleground in the struggle to control the city above Under Jerusalem takes readers into the tombs tunnels and trenches of the Holy City It brings to life the indelible characters who have investigated this subterranean landscape With clarity and verve acclaimed journalist Andrew Lawler reveals how their pursuit has not only defined the conflict over modern Jerusalem but could provide a map for two peoples and three faiths to peacefully coexist

**Inhabiting the Promised Land** Margreet L. Steiner, 2019-09-16 For many people it is clear the actions and beliefs of Ancient Israel are described in the Bible The stories about its peoples and kings struggles and wars deities and shrines are supposed to have been told and retold throughout the ages and recorded in ancient archives At a certain moment in time these stories have been assembled in the Bible which becomes history However from the 19th century at least scholars have doubted the historical reliability of many biblical stories and archaeological research has hardly been able to confirm their historicity The aim of this book is to describe the often complicated relationship between archaeology and the Bible It is not a book on biblical archaeology and archaeology is not used to illustrate the biblical stories let alone to prove that the Bible is right On the contrary it focuses on the information that archaeology can provide of the lives and beliefs of the ancient peoples that inhabited the land in which the Bible was written and on the question of how this information relates to the biblical stories It aims at providing some examples of how this interplay of archaeology and biblical stories works and how to interpret the discrepancy that may exist between the results of archaeological research and the biblical narrative It thus offers an introduction into the field from the standpoint of an archaeologist The book is intended for the general public and will also be of interest to biblical scholars historians and teachers as well as archaeologists in other fields It differs from the average non scholarly book on this subject in that it is more personal more eclectic more archaeological Reviews of the Dutch edition praise the passionate style and the way it focuses on the scientific process of researching problems instead of on finding answers and presenting the solution

life of Jesus have flourished for nearly two millennia yet a clear and coherent picture of Jesus as a man has remained elusive In Rabbi Jesus the noted biblical scholar Bruce Chilton places Jesus within the context of his times to present a fresh historically accurate and revolutionary examination of the man who founded Christianity Drawing on recent archaeological findings and new translations and interpretations of ancient texts Chilton discusses in enlightening detail the philosophical and psychological foundations of Jesus ideas and beliefs His in depth investigation also provides evidence that contradicts long held beliefs about Jesus and the movement he led Chilton shows for example that the High Priest Caiaphas as well as Pontius Pilate played a central role in Jesus execution It is however Chilton s description of Jesus role as a rabbi or master of Jewish oral traditions as a teacher of the Cabala and as a practitioner of a Galilean form of Judaism that emphasized direct communication with God that casts an entirely new light on the origins of Christianity Seamlessly merging history and biography this penetrating highly readable book uncovers truths lost to the passage of time and reveals a new Jesus for the new millennium

**Life and Witness of Ezekiel** Larry R. Helyer,2022-08-24 How does one make sense of a bizarre prophet like Ezekiel with his shocking symbolic actions and out of this world visionary experiences Not without patient exegesis and considerable humility But the effort is worth it because this choice servant of Yahweh has an enduring message that leaves an imprint on the teaching of the great Servant of the Lord Jesus of Nazareth This book intended for the general reader is not a commentary proper but a portal into the wild and wonderful world of this priest prophet the third voice of a prophetic trio the so called major prophets Isaiah Jeremiah and Ezekiel The author demonstrates an underlying theological unity that links Ezekiel with not only his fellow prophets especially his contemporary Jeremiah but also the entire canon of Scripture The author wants readers to grasp the essential burden of Ezekiel s book namely to hope in the God of all comfort and hope because he will raise his people from their graves And not only will the holy God restore his people to holiness and righteousness he will dwell with them forever That hope is the mainstay for God s people yesterday today and forever

**The Jerusalem Temple Mount Myth** MARILYN SAMS,2015-01-15 *The Sistine Chapel: a Study in Celestial Cartography* William John Meegan,2012-11-30 GODS MISSIVE TO THE SOUL THE SISTINE CHAPEL A Study in Celestial Cartography is a highly mystical and contemplative inquiry into The Mysteries and Esoteric Teachings of the Catholic Church The Catholic Churchs only onus in the world is to re articulate the sacred scriptures esoterically into as many artistic venues as possible Through a comprehensive comparative analysis of the symbolic and esoteric patterns

codified to the Judeo Christian Scriptures the landscape of Jerusalem Chartres Cathedral stone and glass Dante Alighieris La Divina Commedia pen and ink the Sistine Chapel mosaics paint and wet plaster and Saint Peters Basilica marble the reader can determine for him or herself the efficacy of the esoteric science which hails from the dawn of the time space continuum as a direct missive from God The author discovered a relatively simple and yet extremely sophisticated mathematical and grammatical system of thought in ancient literature the integration of the Seven Liberal Arts Antiquity developed this esoteric science inherent in the soul psyche to codify the Word of God esoterically into the worlds sacred literature Each letter of the worlds sacred literature is symbolized and alphanumerically structured which makes the interpretation of each word far more important than the sum of its letters The Holy Writ i e the worlds religious literature is an encyclopedic library of knowledge relating wholly to the soul psyche There is no purpose for esotericisms existence other than for God to have a one on one relationship with the soul psyche Why is the soul psyche seemingly in the world How did the soul psyche come to its present state of existence What can the soul psyche do to extricate itself from its plight when the dynamic forces of the world become too oppressive for it to bear
