Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995. Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series. *To Be Continued Second Edition* maintains the first volume's successful formula that featured concise A to Z entries packed with useful information including titles, publishers, publication dates, genre categories, annotations, and subject terms. Among the genre categories that can be found in *To Be Continued* are romance, science fiction, crime, novel, horror, adventure, fantasy, humor, western, war, Christian fiction, and others. **Science Fiction and Fantasy Literature, 1975-1991** R. Reginald, Mary Wickizer Burgess, Daryl Furumi Mallett, 1992 Science fiction constitutes one of the largest and most widely read genres in literature and this reference provides bibliographical data on some 20 000 science fiction, fantasy, and horror fiction books as well as nonfiction monographs about the literature. A companion to Reginald's *Science Fiction and Fantasy Literature 1700-1974* Gale 1979, the present volume is alphabetically arranged by approximately 10 000 author names. The entry for each individual work includes title, publisher, date, and place published, number of pages, hardbound or paperback format, and type of book, novel, anthology, etc. Where appropriate, entries also provide translation notes, series information, pseudonyms, and remarks on special features such as celebrity introductions. Includes indexes of titles, series, awards, and doubles for locating volumes containing two novels. Annotation copyright by Book News Inc, Portland, OR. **British Fantasy and Science-fiction Writers Since 1960** Darren Harris-Fain, 2002 Essays on British writers of fantasy and science fiction discuss the changing attitudes towards this genre, including serious consideration by critics. Covers the publication of science fiction in comic books, limited productions of publications by fan presses, the difference between British and American science fiction, the birth of the New Wave, and the revival of horror fiction as a distinct genre. *Discover*, 1999-07. *Bowker's Guide to Characters in Fiction 2007*, 2008-02. **The Secret Books of Paradys 1 & 2** Tanith Lee, 1988 In Lee's complex fantasy city and its sprawling timeline, the descendants of one family are marked for doom and death by a mysterious amulet leading them into opulence and decadence where obsessive love and disease can render any magic useless. *The Book of the Dead ; The Book of the Mad* Tanith Lee, 1993. *Fantasy & Science Fiction*, 1996. *Subject Guide to Books in Print*, 1997. *Science Fiction & Fantasy Book Review Annual*, 1989. *Publications* Chaucer Society (London, England), 1907. **Studies in Chaucer's House of Fame**, *Studies in Chaucer's House of Fame* Wilbur Owen Sypherd, 1907. *The Cumulative Book Index*, 1995 A world list of books in the English language.
