Ingalls, 2001-04 I present to you Enigmajik 2 The Plural This book like its predecessor was developed during meditation This practice was such an impact on my mind I continue to do it faithfully During meditation this book was given to me by what I classify as the higher powers These higher powers actually assisted me in my writing Therefore I can not take all the credit for writing this book The Plural is a short study of all the life that comes in plural forms Of course this classification includes the human race which was the primary focus but could be applied to other life forms These poems are philosophical so one must reflect on them for true understanding The Plural is a highly enigmatic concept If one can not put one s self in another s shoes one will have a hard time understanding it So it is essential of a prerequisite to reading to be able to understand other people and the experiences that they go through Again this book is written in a genderless language No mention of sexual classification has been inserted This type of writing is highly useful if one wishes to talk to the mind and not the body The body responds to gender classification but the mind in my opinion is a genderless conception The best time to read this book is in a calm meditative state With a clear mind many ideas that are hard to understand can be discerned This book is also intended to be an inspiring and motivational work and it is my hope that these two feelings remain with the reader even after finishing this material I truly hope this book helps the plural find enigmajik **The Genesis of Revelation** Aerik Vondenburg, 2013-07-26 According to Jesus the primary message of his teachings were hidden from those who were not ready to know the deeper truth Mark 4 22 and Luke 19 42 This special knowledge is related to what is referred to in the Old Testament as the secret things of the Lord Deuteronomy 29 29 Until now the sacred secrets of the kingdom of God Luke 8 10 and Matthew 13 11 have never been made public to the world However clues left in the ancient texts including the Bible itself have made it possible to understand and reveal these shocking matters for the first time What the ground breaking findings reveal is that almost everything that is commonly known about the Bible God and Jesus is wrong *The Secret Book of Revelation : the Last Book of the Bible* Quispel, Gilles, 1979 *American Secrets* José Liste-Noya, Eduardo Barros-Grela, 2011-09-16 Predicated upon the principles of political freedom cultural openness religious tolerance individual self reliance and ethnic diversity the United States of America has been tempted recurrently by the lures of the secret American Secrets explores this political historical and cultural phenomenon from many often surprisingly overlapping angles in these analyses of the literary and cultural uses and abuses of secrecy within a democratic culture Through analyses of diverse literary works and cultural manifestations from Mark Twain s anti imperialist prophecies to 9 11 conspiracy theories from the traumas of the Vietnam

war to the homophobia of the American military establishment from the unresolved dilemmas of nuclear politics to the secret ecologies shunted aside by the exploitation of the environment from the questionings of national identity on the ethnic and trans sexual margins to the confessional modes of poetry and the poetics of the unspeakable and unrepresentable these essays reveal the politics within the poetics and indissociably the poetics fueling the politics of secrecy in its ambivalent deployment Secrecy often seems to be a question without an answer or an answer that either seems to beg the question or to be a question itself These essays address this paradox with their own questioning explorations In answering such questions the volume as a whole provides an illuminating overview of the pervasiveness of the secret and its modalities in American culture while also dealing specifically with the poetics of the secret in its various historically recurrent literary manifestations

The Book of Revelation: a New Beginning Terry L Newbegin, 2011-03-23 The Book of Revelation A New Beginning contains the hidden secrets of Saint Johns Revelation and as you know it is one of the most debated and most difficult books of all the scriptures to read and understand because of the extreme symbolism tied to it Man has always assumed the word of Gods prophets and their stories were indisputable just because of their eminence in interpreted them as being true Man has forgotten the history of himself Earth God the origin of the universe and how the scriptures have been documented interpreted and strictly passed down by our ancestors and religious leaders As symbolic as Revelation is it has nothing to do with the end days or even about a solitary Anti Christ as we understand it nor is it about Jesus coming to save you In truth Saint Johns Revelation is your own guide showing you that you no longer need to look at yourself as a sinner because you have bared your cross like Jesus and now the time has come for you to ascend to a higher state of Mind The book of Revelation A New Beginning is a book that will help open the gates of your soul memories so you can become aware of your own divineness and that you are a God too My fellow Gods what is coming to an end is the old ways of perceiving and understanding God It is not that God is a mystery It is you that is the mystery and when fear is resolved within you are then ready to open up to the hidden secrets behind the Book of Revelation that religions have kept as a secret for thousands of years either on purpose or because of ignorance Secrets, Gossip, and Gods Paul Christopher Johnson, 2002 A comprehensive look at the development beliefs and practices of Candombl exploring its transformation from a secret society of slaves hidden persecuted and marginalized to a public religion that is very much part of Brazilian culture *Apocalypse Secrets* John Able, 2022-06-21 *Apocalypse Secrets* Baha i Interpretation of the Book of Revelation with 60 illustrations is a fresh provocative Parallel Interpretation of the Apocalypse or Book of Revelation The author John Able MD is a retired intensive care physician He uses Baha i Writings that interpret parts of the Apocalypse to decode it as a global tale of three millennia now passing through four centuries of the events of religious end times It is a tale of the struggles of seven Empires and seven Faiths of their materialism and militarism and the resulting mess into which the world is now crescendoing furiously and fast These events center on the apocalyptic war waging between the Revelation beast of Muslim Militarism that

drives the Middle East and the Revelation Babylon of Malignant Materialism that drives the Christian West The fall of both is inevitable with economic crises spiraling the globe into a paralytic depression now triggered by the COVID 19 pandemic and its aftermath The good news is that spiritual economics will arise and our painful end times into wonderful beginning times

Apocalypse Secrets is a profound and astonishing work in biblical exegesis a real tour de force as a strikingly original scholarly remarkably holistic comprehensive and rationally consistent interpretation of the Book of Revelation Able intelligently probes and penetrates many of the great religious mysteries and cogently argues that Revelation extends far beyond its strictly Middle East Christic origin It transcends religious dogma bridges religious faiths and explains nineteen hundred years of troubling events in Christianity and Islam with amazing clarity and prescience It is amazingly detailed and thorough The author's stylish rhetoric is colorful and alive and his book beautifully crafted and researched making for an engaging enlightening and thought provoking read In the end a scholarly Translation Section decodes original Greek and Hebrew sources Its strikingly lively translation sticks to the intention of the Greek original It provides an authoritative base for his distinctive Parallel Interpretation For anyone striving to penetrate the hidden secrets of the Apocalypse Apocalypse Secrets is a must reading This exceedingly interesting book will influence many future works about the subject and become a template of understanding and peace for all After they read it people who are interested in prophecy will never look at the Book of Revelation the same again Visit www.apocalypseinfo.com for more Unfolding God's Secrets Rev. Joseph C. Earls, 2019-09-16 This book captures in detail virtually all events written by John the Revelator on the Bible's last book of Revelation Intimidating most would say but in careful succinct detail analysis and interpretations of the scripture is laid out for all readers with simplicity and understanding You will not be disappointed when you decide to partake and indulge yourself into those seeming uninterpretable creatures and events as the apostle John's words are literally unfolded into easy to understand concepts within the reading Fascinating at length and you will not be able to put it down until you complete it Accept this as my challenge to you and see if it's true Enjoyable all the way through Thanks and may God Bless you with his speed through and through on your way to his assignment Be on the lookout for my next book Unfolding the Mystery of the Kingdom of God All the best

A Window to Secrets and Mysteries in the Bible B C Bridges, 2011-02-10 This book A Window To Secrets And Mysteries In The Bible is just what the title claims Other people may know about these things but if so I have never heard it expressed After reading this book you may read the Bible in a slightly different way That doesn't mean that the contents of this book tries to change the Bible in any way It does not try to add a single word to the Bible nor does it try to take a single word away from it In the book of Revelation in the last chapter God's word tells us of the terrible punishment that would befall any one trying to do that If you have already read the Bible you may feel like you want to read it again just to make sure that what you read is really what it said to you So get back in the Bible and maybe get surprised You could find other mysteries not in this book

Secrets of the Truth Gary Scrimminger, 2010-08-04 It does not matter who or

what you are As long as you are a normal thinking human being it is clear Unless we change something our future is shrouded in calamity Whether it be self destructionnuclear or otherwise religious apocalypse who knows maybe chemical bacterial viral or some natural disaster bound to annihilate earthwe are here now in this time and we have the capacity to impact change and affect the future as no other earthly being that we are aware of is capable of doing The window of opportunity is staring us in the face and we dont see it grasp it or realize it for we are too preoccupied with the current system of survival and control You do not have to acquire this book to discover its mission for the clue lies within all of us as to what we are to do about this condition We all want and desire change but each and every one of us feels disempowered disenfranchised and incapable of affecting the world around us That is so by design and intent And the answer to this condition lies within us and is brought to the fore by the many spiritual and religious belief systems we so dearly cling to but we do not practice it If you have now figured it out then bring your force into action because that is exactly what this book isa means to expose uncover and mobilize the forces within and around us And in so doing create a destiny closest aligned to what the Creator intended for all of us and our futures *The Genesis of Revelation* Aerik Vondenburg,2012-03-18

According to Jesus the primary underlying message of his teachings was hidden from those who were not ready to know the truth Mark 4 22 and Luke 19 42 This special knowledge is related to what is referred to in the Old Testament as the secret things of the Lord Deuteronomy 29 29 Until now the sacred secrets of the kingdom of God Luke 8 10 Matthew13 11 have never been made public to the world However clues left to us in the writings of the ancient Gnostic Christians as well as the Bible itself have made it possible to understand and reveal these incredible hidden matters for the first time in the modern era The result with shake the very foundations of Judeo Christianity What the ground breaking findings reveal is that almost everything that the world knows about the Bible were formulated by men who did not understand the true underlying history and teachings of God and Jesus What the findings reveal is that almost everything that the world knows about God Jesus and the Bible is wrong **The Psychology of Secrets** Anita E. Kelly,2012-12-06 On an MTV special aired in 2000 young interviewees were asked to confess the worse thing they were ever told during a romantic breakup One person tearfully responded that I suck in bed More recently an acquaintance of mine admitted to his new girlfriend that he has a mean streak She decided not to date him after that Another memorable and painful example of openness occurred years ago when I served as a member of a suicide intervention team I was called to a very disturbing scene in an upscale neighborhood to console a woman who was threaten ing to take her life on the lawn in front of her children Her husband had just confessed his long term affair to her that morning and she felt that her world was coming apart Fortunately she did not take her life but was left with the humiliation of haVing her neighbors know about her private troubles The question these examples bring to mind is Why do people so often reveal potentially stigmatizing personal information to others The reader probably has an intuitive answer to this question already It can seem like such a burden even torture to keep secrets from other people

Hiding such things as feelings of discontent from a boyfriend or girlfriend violations of the law from close friends and indiscretions from employers can be alienating People want others to know them therefore they often end up disclosing self incriminating information
