Shipping Forecast:

The Shipping Forecast Nic Compton, 2016-09-01 The rhythmic lullaby of North Utsire South Utsire has been lulling the nation's insomniacs to sleep for over 90 years. It has inspired songs, poetry and imaginations across the globe as well as providing a very real service for the nation's seafarers who might fall prey to storms and gales. It has inspired everyone from Seamus Heaney to Radiohead and from Radio 4 announcers to the writers of *Keeping Up Appearances*. In 1995 a plan to move the late night broadcast by just 12 minutes caused a national outcry and was ultimately scrapped. Published with Radio 4 and the Met Office *The Shipping Forecast* is the official miscellany for seafarers and armchair travellers alike. It features fascinating facts alongside lyrics from Seamus Heaney, Carol Ann Duffy, Radiohead and more. From the places themselves, how they got their names, what's happened there through the ages to the poems and parodies that it's inspired, this is a beautifully evocative tribute to one of Britain's and Radio 4's best-loved broadcasts.

***The Shipping Forecast* Meg**

Clothier, 2024-10-24 There's a sea lover in every Brit. *The Shipping Forecast* on Radio 4 has been keeping people in tune with the gloriously fickle British weather for a century and capturing our hearts and imaginations along the way. Celebrating a hundred years since the first broadcast, this book takes you to the heart of what the *Shipping Forecast* means to us as a nation. Each of the ten chapters brings you on a fascinating exploration of a different area of our British maritime history, from stormy weather up above to the seabed far below and from fishing boats and battleships to the songs and poems inspired by the forecast. This joyous book invites you to sail away into the enchanting world of the forecast and is the perfect companion for anyone curious about our great British skies and seas.

***And Now The Shipping Forecast* Peter**

Jefferson, 2024-03-28 Peter Jefferson presented *The Shipping Forecast* for over 40 years and his familiar voice continued to be heard reading quotations on BBC Radio 4's *Quote Unquote*. This book is both an affectionate memoir and a history of the science and BBC programming behind the forecast. Peter explains how it came out, who collects all the information and what it's like to read this bulletin. Even though the information in the forecast is now readily available in many formats, *The Shipping Forecast* is something of a must-listen for fans gathered over the decades. For reasons not quite understood, it has become a much-loved part of the British cultural landscape with an avid following of listeners who find its poetry is the perfect cure for insomnia. This book is perfect for those fans.

***The Shipping Forecast Puzzle Book* Alan**

Connor, 2020-11-05 Attention all *Shipping Forecast* fans! Set sail on a voyage unlike any other. Each day millions tune in to hear the *Shipping Forecast*'s unique cadence and poetry, words that turn our island landscape into something strange and magical. It's almost like a puzzle to be solved. *The Shipping Forecast Puzzle Book* tests your general knowledge and lateral thinking through a series of fiendish puzzles in which all the answers can be found on a map as place names on the coasts or in the seas. For example: An eagle's under this. What a Komodo Dragon really is. Near where someone was horribly cruel to 343 felines. And because your voyages trace the shapes of letters of the alphabet, that's just the beginning. With a foreword by
