## Lord Raingo:

**Lord Raingo** Arnold Bennett, 1968 This novel is based upon the experiences and dealings of Arnold Bennett's friend Lord Beaverbrook during the First World War. Sam Raingo seemingly has it all: money, a wife, a mistress, and the good life. However, his health is failing, and he is becoming bored. He develops a need to achieve something more, and the ambition is fulfilled along with the gaining of a peerage when the Government asks him to head up a propaganda department with the aim of keeping up civilian morale during the conflict. Bennett manages to take the reader deeply into Raingo's mind in describing the inevitable anxieties and attempted reconciliation of public and private emotions and stances. At the same time, a gripping story unfolds as would be expected from a semi-biographical work of his brilliant and controversial subject. Modernism, Modernity, and Arnold Bennett

Robert Squillace, 1997 This book delineates the unique role of Arnold Bennett in the transformation of the British novel from the aesthetic, psychological, and sociopolitical assumptions of modernity to those of modernism. Early in his career, Bennett believed that the rejection of inherited traditions and authorities that was promulgated by such champions of modernity as Darwin, Marx, and even Herbert Spencer would culminate in an assertion of personal autonomy. Bennett eventually assimilated the modernist critique of modernity which discovered, with the help of Freud and the First World War, an intractable human irrationality that expressed itself in the most apparently reasonable schemes for human improvement.

**War and the Cultural Construction of Identities in Britain**, 2021-12-28 The British have been involved in numerous wars since the Middle Ages. Many, if not all, of these wars have been reconstructed in historical accounts in the media and in the arts, and have thus kept the nation's cultural memory of its wars alive. Wars have influenced the cultural construction and reconstruction not only of national identities in Britain; personal, communal, gender, and ethnic identities have also been established, shaped, reinterpreted, and questioned in times of war, and through its representations. Coming from Literary, Film, and Cultural Studies, History, and Art History, the contributions in this multidisciplinary volume explore how different cultural communities in the British Isles have envisaged war and its significance for various aspects of identity formation from the Middle Ages through to the 20th century. , 1926 The Great War of Words

Peter Buitenhuis, 2011-11-01 I wouldn't have had one of you stay at home though I had a dozen sons. That is, if it is the noble war they all say it is. Surely they wouldn't deceive mothers. J. M. Barrie. In September 1914, twenty-five of Britain's most distinguished authors met under the chairmanship of C. F. G. Masterman, head of the war propaganda bureau, to discuss how they could assist the Allied effort. They included such prominent figures as H. G. Wells, Arnold Bennett, John Galsworthy, John Masefield, John Buchan, Edith Wharton, and Henry James. In The Great War of Words, Peter Buitenhuis tells the hitherto unknown story of the secret collaboration between leading writers and the government. He examines the propaganda books and articles they wrote, and also the work of those opposed to the war, such as G. B. Shaw and Bertrand Russell. The official line was that the urbane French and the decent British had to defend civilization against the

savagery of the invading Huns However after the war many writers became deeply embittered about the Allied propaganda machine and their role in it There was a growing conviction that too many lies had been told and that in propagating Allied myths they had sacrificed the all important detachment of the writer Buitenhuis chronicles both the disillusionment of the former propagandists and the reaction against their elders by younger writers many of whom had served in the trenches The consequences for post war literature were profound the prestige and power of authorship dwindled significantly while the old rhetoric based on a widely held consensus collapsed and was replaced by lean ironic and often understated modes of writing

Heroes and happy endings Christine Grandy,2016-05-16 This is a highly anticipated examination of the popular film and fiction consumed by Britons in the 1920s and 1930s Departing from a prevailing emphasis on popular culture as escapist Christine Grandy offers a fresh perspective by noting the enduring importance of class and gender divisions in the narratives read and watched by the working and middle classes between the wars This compelling study ties contemporary concerns about ex soldiers profiteers and working and voting women to the heroes villains and love interests that dominated a range of films and novels Heroes and happy endings further considers the state s role in shaping the content of popular narratives through censorship An important and highly readable work for scholars and students interested in cultural and social history as well as media and film studies this book is sure to shift our understanding of the role of mass culture in the 1920s and 1930s
