

A LOSS FOR WORDS

THE STORY OF
DEAFNESS IN A FAMILY

"A deeply moving, often humorous, and beautiful account of what
it means to be the hearing child of profoundly deaf parents. . . .

[An] extraordinary personal account." —OLIVER SACKS

A painting of a child with red hair, wearing a light-colored dress, sitting on a stone ledge or wall. The child is looking down. The background shows a landscape with dark, silhouetted trees and a sky with a gradient of colors from blue to orange, suggesting sunset or sunrise. The overall mood is contemplative and somber.

Recovering Bodies G. Thomas Couser,1997-11-01 This is a provocative look at writing by and about people with illness or disability in particular HIV AIDS breast cancer deafness and paralysis who challenge the stigmas attached to their conditions by telling their lives in their own ways and on their own terms Discussing memoirs diaries collaborative narratives photo documentaries essays and other forms of life writing G Thomas Couser shows that these books are not primarily records of medical conditions they are a means for individuals to recover their bodies or those of loved ones from marginalization and impersonal medical discourse Responding to the recent growth of illness and disability narratives in the United States such works as Juliet Wittman s Breast Cancer Journal John Hockenberry s Moving Violations Paul Monette s Borrowed Time An AIDS Memoir and Lou Ann Walker s A Loss for Words The Story of Deafness in a Family Couser addresses questions of both poetics and politics He examines why and under what circumstances individuals choose to write about illness or disability what role plot plays in such narratives how and whether closure is achieved who assumes the prerogative of narration which conditions are most often represented and which literary conventions lend themselves to representing particular conditions By tracing the development of new subgenres of personal narrative in our time this book explores how explicit consideration of illness and disability has enriched the repertoire of life writing In addition Couser s discussion of medical discourse joins the current debate about whether the biomedical model is entirely conducive to humane care for ill and disabled people With its sympathetic critique of the testimony of those most affected by these conditions Recovering Bodies contributes to an understanding of the relations among bodily dysfunction cultural conventions and identity in contemporary America

Stutter Marc Shell,2009-06-30 In a book that explores the phenomenon of stuttering from its practical and physical aspects to its historical profile to its existential implications Shell who has himself struggled with stuttering all his life plumbs the depths of this murky region between will and flesh intention and expression idea and word Looking into the difficulties encountered by people who stutter as do fifty million world wide Shell shows that stutterers share a kinship with many other speakers both impeded and fluent This book takes us back to a time when stuttering was believed to be diagnosis induced

then on to the complex mix of physical and psychological causes that were later discovered Ranging from cartoon characters like Porky Pig to cultural icons like Marilyn Monroe from Moses to Hamlet Shell reveals how stuttering in literature plays a role in the formation of tone narrative progression and character From publisher description **Between Worlds** Cheryl G. Najarian,2013-10-14 The purpose of this book is to illustrate the struggles of Deaf women as they negotiate their family educational and work lives This study demonstrates how these women resist and overcome the various obstacles that are put before them as well as how they work to negotiate their identities as Deaf women in the Deaf community hearing world and the places in between The scope of the book traces these women s lives in these three major sectors of their lives and provides a discussion of the implications for other linguistic minorities **Signing** Elaine Costello, Ph.D.,2009-12-30 American Sign Language is a wonderful silent language of hands face and body that is rich with nuance emotion and grace Bantam is proud to present the newly revised *Signing How To Speak With Your Hands* a comprehensive and easy to use guide that has long been the invaluable and definitive guide for families friends and professionals who need to communicate effectively with deaf children and adults Now this expanded edition with redesigned interiors and updated material includes even more signs large upper torso illustrations clearly show formation and movement of the hands and their relation to the face and body All the beautifully illustrated signs are accompanied by precise easy to follow instructions on how to form them This complete guide includes chapters on common phrases the alphabet foods and eating health recreation and the newest chapter covering technology politics education and music The Time of Your Life Eugenie G. Wheeler,2005-04 Based on Eugenie Wheeler s experiences philosophy reading listening and sense of humor this best of collection of columns deals with both the ups and downs of aging and includes topics on health recreation grandparenting and relationships Tired of stereotypes and myths on aging Wheeler has devoted her career to helping the elderly avoid the pitfalls of depression and isolation and rather find a satisfying life style in the later stages of life **Human Behavior in the Social Environment** Caryl B. Germain,Martin Bloom,1999 It also takes into account the expected and unexpected stresses challenges and life tasks that can influence development within social environments BOOK JACKET *Disability Bioethics* Jackie Leach Scully,2008-08-15 Jackie Leach Scully argues that bioethics cannot avoid the task of considering the moral meaning of disability in humans beyond simply regulating reproductive choices or new areas of biomedical research By focusing on the experiential and empirical reality of impairment and drawing on recent work in disability studies Scully brings new attention to complex ethical questions surrounding disability Impairment is variously considered as a set of social relations and practices as experienced embodiment and as an emancipatory movement as well as a biomedical phenomenon In this way disability is joined to the general late twentieth century trend of attending to difference as a significant and central axis of subjectivity and social life
