Going Beyond the Jesus Story Douglas Lockhart, 2011-09-16 Who am I Why am I Where am I headed and where have I been These are just some of the questions that concern the author of Going Beyond the Jesus Story a book that ranges freely across complex and intriguing subject areas such as the nature of religious belief contemplative and meditative experience lucid dreaming the role of feeling in our appreciation of reality the inherently spiritual nature of asking questions and our need to go beyond not only the Jesus story as it has come down to us but also the ingrained notion that self is an ongoing uninterrupted experience of the conscious mind that can be taken for granted Directing our attention to the nature of attention itself we are introduced step by carefully constructed step to the idea that consciousness is not what we have assumed it to be or conscious awareness quite as conscious as we like to think it is Delving into history theology and philosophy in an attempt to reach an integrated understanding of the religious and secular problems we face as human beings the author examines ideas that confront and challenge on just about every level ideas that carry us towards an appreciation of what it means to presence the self to the self as an experience in its own right At this point theory gives way to experiment to methodology to a knowing or seeing that makes this book a unique contribution to the study of human sentience and its evolved and evolving structures

Lost Christianity Jacob Needleman, 1980 [The Secret History of the World and How to Get Out Alive](#) Laura Knight-Jadczyk, 2005 Previously published as *Ancient Science* Secret History contains 150 pages of new material The Secret History of The World and How To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction Laura Knight Jadczyk wife of internationally known theoretical physicist Arkadiusz Jadczyk an expert in hyperdimensional physics draws on science and mysticism to pierce the veil of reality With sparkling humour and wisdom she picks up where Fulcanelli left off sharing over thirty years of research to reveal for the first time The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike Conspiracies have existed since the time of Cain and Abel Facts of history have been altered to support the illusion The question today is whether a sufficient number of people will see through the deceptions thus creating a counter force for positive change the gold of humanity during the upcoming times of Macro Cosmic Quantum Shift Laura argues convincingly based on the revelations of the deepest of esoteric secrets that the present is a time of potential transition an extraordinary

opportunity for individual and collective renewal a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science art and spirituality The Secret History of the World allows us to redefine our interpretation of the universe history and culture and to thereby navigate a path through this darkness In this way Laura Knight Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms With over 800 pages of fascinating reading The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race With painstakingly researched facts and figures the author overturns long held conventional ideas on religion philosophy Grail legends science and alchemy presenting a cohesive narrative pointing to the existence of an ancient techno spirituality of the Golden Age which included a mastery of space and time the Holy Grail the Philosopher s Stone the True Process of Ascension Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations a culture so advanced that none of the trappings of civilization as we know it were needed explaining why there is no evidence of civilization as we know it left to testify to its existence The author s consummate synthesis reveals the Message in a Bottle reserved for humanity including the Cosmology and Mysticism of mankind Before the Fall when as the ancient texts tell us man walked and talked with the gods Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind or at least a portion of mankind has the opportunity to regain his standing as The Child of the King in the Golden Age If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world then surely The Secret History of the World and How to Get Out Alive is it

The Sermon on the Mount, the Twelve Steps, and the Royal Road Daniel Hazelwood,2018-04-13 In The Sermon on the Mount the Twelve Steps and the Royal Road Dan Hazelwood presents a unique blend of early church Christianity and the twelve step recovering program that explains how the Christian experience changed over the last four hundred years and how the twelve step process reconnects a spiritually seeking person to a deeper Christ experience that many mainstream churches cannot duplicate In preparation for this journey into studying the sermon he takes the reader on a historical church odyssey and highlights significant philosophical church and secular events that not only affected Christian thought but also were significant in altering how current Christians view Christ He also demonstrates why early Christians viewed Christ differently By providing this background he prepares the reader to study the sermon in a manner the early church did while simultaneously demonstrating why the twelve steps represent a reconnection to an almost lost and forgotten Christ experience Complementing this journey is an exhaustive examination of biblical Greek so that the reader may gain a deeper understanding of the sermon in its original majestic splendor This challenging and thought provoking book unlocks the deeper meanings of many biblical passages and greatly enhances a spiritual seekers walk

Mother of the Lamb Matthew J. Milliner, 2022-10-04 Mother of the Lamb tells the remarkable story of a Byzantine image that emerged from the losing side of the Crusades Called the Virgin of the Passion in the East and Our Lady of Perpetual Help in the West the icon has expanded beyond its Byzantine origins to become one of the most pervasive images of our time It boasts multiple major shrines on nearly every continent and is reflected in every epoch of art history since its origin even making an appearance at the Olympics in 2012 Matthew Milliner first chronicles the story of the icon's creation and emergence in the immediate aftermath of the Third Crusade whereupon the icon became a surprising emblem of defeat its own fame expanding in inverse proportion to Christendom's political contraction Originally born as a Christian response to the Christian violence of the Crusades it marked the moment when Mary's ministry of suffering love truly began Having traced the icon's origin and ubiquity Milliner teases out the painting's theological depth and continues the story of the icon's evolution and significance from its origins to the present day As the story of the icon moves well beyond Byzantine art history both temporally and thematically it engages religion politics contemporary art and feminist concerns at once Always though the icon exemplifies dignity in suffering a lesson that through this image Byzantium bequeathed to the wider world Encapsulating eleven centuries of development of the mourning Mary in Byzantium the Virgin of the Passion emerges as a commendable icon of humility a perennial watchword signaling the perils of imagined political glory The Virgin of the Passion

emblemizing political humility the powerful agency of women and the value of inter Christian and extra Christian concord is an exemplary Marian image for the fledgling twenty first century The Secret Code of the King James Bible Abdullahi Mubarak,2012-12-07 This book I believe for the first time reveals knowledge that has been buried in the Bible under a secret code There have been many attempts to uncover this code and all previous attempts have contributed in a positive way to this writing The book is my personal contribution to improvement of mankind through the acknowledgment of the truth and the defeat of falsehood I am not though writing this with rose colored glasses There will always be those who hate the Truth for personal worldly gains those who take comfort in falsehood those who would follow blindly what their ancestors believed true or false those who worship at the altar of their base desires and those who benefit from evil in the world The ultimate victory of Truth over falsehood is with God Almighty and I wish that the reader is guided to the Truth This book is also a way to thank God Almighty for guiding me away from falsehood and this book is for others like me **Where Faith Meets**

Michel Notredame or Nostradamus 1503-1566 was a French physician, astrologer, and prophet whose books of visionary four line verses have intrigued and beguiled readers for hundreds of years. Now with this fun and easy guide everyone can finally get a handle on Nostradamus and his Centuries of prophecies which many people believe to have predicted the French Revolution, the rise of Hitler, the Kennedy assassination, and 9/11 among other events. The book covers Nostradamus's life and beliefs, his use of cryptic language and anagrams, interpretations of his work that link it to specific historical incidents, and critics who are skeptical of his prophecies. It also explores the implications of his work on the past, present, and future, and much more. **Holy Attention** Frances Ward, Richard Sudworth, 2019-08-30 With the growing renewed attention to the art of preaching, this timely collection from the influential Littlemore Group of theologians explores the role of this vital ministry in today's Church. Experienced contributors from a wide range of backgrounds—Catholic, evangelical, and liberal—weave together theology, anecdote, and reflection on practice as they share their passion for preaching. Each one is noted for their attentiveness to the poetry of the spoken word in preaching and the practical challenges and pitfalls of this central activity of public worship. Chapters include: The Joy and Terror of Preaching, The Power of Language, Localizing the Gospel, Attentiveness to the Word, The Sermon as Sacrament, Genres of Preaching. Contributors include Rachel Mann, Paula Gooder, Donna Lazenby, Sr., Judith SLG, Edmund Newey, Anderson Jeremiah, and Joel Love. When Soul Appears Al McGee, 2022-03-02 After a painful confrontation with a Senior Pastor, his associate the Rev. Al McGee dealt with it by exclaiming the unsayable: "I don't believe." And thus began a wrestling match with the Divine. Al was struggling with God, Arguing with God, Contending with God, and found that instead of a lightning strike, he was given the grace of deeper understanding. Like the Old Testament character Jacob who wrestled all night with God to wake up with a new identity, Al too entered a realm of greater possibilities. By having it out with God, he realized God more deeply. He experienced a felt shift into a surprising inner cohesion of body, mind, and soul. For Al, the protest, the raised fist against heaven, was the catalyst for what he calls the appearance of soul. Marked by depth, variety, and a wealth of voices, When Soul Appears will challenge readers to look at their beliefs and to ponder whether these are inspiring or restricting. **The Practice of Technology** Alan R. Drengson, 1995-01-01 Asks why current practices of technology negatively impact humans and the earth and how we can gain a holistic understanding so technology practices can be changed to support the environment.
