Bremmer, 2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays

special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher's description **Hidden Gospels** Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity **The Nanteos Grail** John Matthews, Ian Pegler, Fred Stedman-Jones, 2022-03-15 Did seven monks carry The Grail from Glastonbury Abbey at the time of the Dissolution of the Monasteries in 1539 to the Cistercian Abbey of Strata Florida in Mid Wales The mystery of the Nanteos Cup and its healing powers has fascinated and intrigued for 300 years **The Cambridge Companion to the Arthurian Legend** Elizabeth Archibald, Ad Putter, 2009-09-10 Covers the evolution of the legend over time and analyses the major themes that have emerged **William and the Lost Spirit** Gwen de Bonneval, 2014-08-01 William knows his father is dead Everyone knows it everyone except William's sister who hears him calling to her Despite William's warnings she disappears in the night to find their father To rescue his sister William must travel through dangerous forests swarming with bandits But human foes are the least of his problems His quest will take him beyond the world he knows and into far off lands where monsters are real the dead can speak and lies become truths With an enchanted goat as his guide William follows a strange path that may lead to his sister and perhaps his father as well *Recovering the Ancient Magic* Max Freedom Long, 2013-04-18 *Recovering the Ancient Magic* presents the results of an 18 year long study of Huna magic detailing examples of fire walking spiritualism levitation mind reading instant healing and changes in physical material Max Freedom Long spent 14 years in Hawaii studying the secrets of the kahunas of magic His attempts to discover the secrets behind magical ability are detailed in this volume containing his collected data and assimilated theories Long examines the various examples of ancient magic that he witnessed and presents profuse philosophical thoughts This volume features chapters on many elements of ancient magic including Fire walking Ghosts Hypnosis mind reading and telepathy Crystal gazing Voodoo Incantation rituals Materialisation and levitation First published in 1936 *Recovering the Ancient Magic* was the first book on

Religion, Magic, and Science in Early Modern Europe and America Allison P.
