Cartographic Fictions Karen Lynnea Piper, 2002 Maps are stories as much about us as about the landscape They reveal changing perceptions of the natural world as well as conflicts over the acquisition of territories Cartographic Fictions looks at maps in relation to journals correspondence advertisements and novels by authors such as Joseph Conrad and Michael Ondaatje In her innovative study Karen Piper follows the history of cartography through three stages the establishment of the prime meridian the development of aerial photography and the emergence of satellite and computer mapping Piper follows the cartographer's impulse to leave the ground as the desire to escape the racialized or gendered subject With the distance that the aerial view provided maps could then be produced objectively that is devoid of problematic native interference Piper attempts to bring back the dialogue of the native informant demonstrating how maps have historically constructed or betrayed anxieties about race The book also attempts to bring back key areas of contact to the map between explorer native and masculine feminine definitions of space *The Lost Oases* Ahmed Mohammed Hassanein, 1925 *Blue Eclipse Book Ii* Patrick Joseph, 2020-11-12 A poetic story rhyme that is a compilation of scripted youthful times Within these pages is a shard from a greater story that chronicles the legacy of characters meant for the entertainment each individually purposed for a grand design And as the wheels of fate turn each character will play their part unable to understand the greater role they partake in within the great theatrics of the world play Each figure within this are pulled from historical sources past and present with subtle liberties to flesh out the true nature of their character So as disparate destined paths cross into the other and intersect the fiery ambition they possess will become their sword while the purity of their immortal soul will become their shield individually designed to protect a sincere dream while defending their outer shell from being torn away from this mortal coil And as each soul delves beyond the grip of the unfamiliar of their opening acts a threshold would demand to be crossed as they individually with warm hearts and open minds yearn for meaning as they individually await a glimpse of their true purpose escaping the confines of ephemeral restraints to push to a space that exists beyond sight *Lily and the Hidden Magical World* Robin Wickens, 2024-04-13 In Lily and the Hidden Magical World embark on an enchanting journey into a world where whimsy and wonder collide Follow young Lily as she stumbles upon a secret realm brimming with magic and mystery As she unravels the secrets of this hidden world she discovers her own extraordinary powers and a destiny she never imagined Filled with heartwarming friendships daring adventures and spellbinding discoveries these captivating children's stories are sure to ignite the imaginations of readers young and old alike Enter a world where the ordinary becomes extraordinary and where the power of belief can work wonders *Sand* Michael Welland, 2009-01-15 From individual grains to desert dunes from the bottom of the sea to the landscapes of Mars and from billions of years in the past to the future this is the extraordinary story of one of nature's humblest most powerful and most ubiquitous materials Told by a geologist with a novelist's sense of language and narrative Sand examines the science sand forensics the physics of

granular materials sedimentology paleontology and archaeology planetary exploration and at the same time explores the rich human context of sand Interwoven with tales of artists mathematicians explorers and even a vampire the story of sand is an epic of environmental construction and destruction an adventure in staggering scales of time and distance yet a tale that encompasses the ordinary and everyday Sand in fact is all around us it has made possible our computers buildings and windows toothpaste cosmetics and paper and it has played dramatic roles in human history commerce and imagination In this luminous kinetic revelatory account we do indeed find the world in a grain of sand
