Lost In Wonder Rediscovering The Spiritual Art Of Attentiveness:

Lost in Wonder Esther De Waal, 2014-07-30 Combining monastic Celtic and desert traditions this title offers a practical guide to finding God through the everyday circumstances of life Seemingly small insignificant things then become windows through which the light of Christ can shine *The Oxford Handbook of Anglican Studies* Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world Boundless Innocence in Thomas Traherne's Poetic Theology Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall Boundless Innocence in Thomas Traherne's Poetic Theology traces innocence through Traherne's works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry *Were all Men Wise and Innocent* Recovering and reinterpreting a key but increasingly neglected theme in Traherne's poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology The Transfiguration of Christ and Creation John Gatta, 2011-01-01 The biblical story of Jesus Transfiguration on a high mountain bristles with meanings germane to present day concerns and spiritual longings Together with its later artistic representations this episode from the synoptic gospels seizes the imagination as an icon of mystical hope beauty and possibility What might such an iconic episode long honored liturgically in the Eastern church disclose not only about Jesus but also about the prospect of seeing our human nature transformed And as interpreted by Christian tradition since the

patristic era what might it tell us about the worth of envisioning not just a conservation or preservation of natural resources but a transfiguration of all creation and about how this feast of beauty could re energize current discussions of Christianity's relation to environmental attitudes and policy Such questions are addressed in this book through an original blend of personal reflection with commentary on relevant theological and scriptural texts literary works music and art **Disturbed by Mind and Spirit** Gavin Knight, Joanna Knight, 2009-06-09 Offers a unique exploration of how mental health in a parish setting can be addressed via the dual perspectives of pastoral theology and clinical psychology **Does God Love the Coronavirus?** Stephen Bevens, Clemens Sedmak, 2021-10-14 This book is a correspondence between two theologians and friends during the COVID 19 pandemic in 2020 21 In it the authors reflect on the nature of God the efficacy of prayer the value of experience the nature of theology itself the importance of Christian hope and many other topics The style is familiar and light rich and full of wisdom *Garden of the Soul* Mark Mah, 2014-03-13 The stories of Jesus placed in the context of the familiar and factual are filled with metaphors that audiences can understand and appreciate Metaphors not only inform and persuade but also fire up readers imaginations and get them involved as participants Humans are primed to think and feel metaphorically and so *Garden of the Soul* aims to metaphorically explore five landscapes that feature prominently in the Bible Each metaphorical landscape throws light on an aspect of spiritual life The bountiful garden speaks of growth the flowing river calls for unceasing prayer the raging sea mirrors the turbulence of a journey of faith the barren desert transforms by emptying life's clutter and the high mountain challenges readers to scale its peak to glimpse a transcendent vision of God This book will inform enrich and challenge readers spiritual lives throughout their journey from garden to mountain *The Sense of the Call* Marva J. Dawn, 2006-02-21 In *Keeping the Sabbath Wholly* Dawn introduced the vital Sabbath aspects of resting ceasing feasting and embracing Now she expands these into a way of life for serving God and the Kingdom every single day of the week Practical Life **Living on the Border** Esther De Waal, 2014-07-31 Esther de Waal draws on the ancient traditions of Celtic and monastic spirituality to explore thresholds between people between cultures between the human and the divine Ancient spiritual wisdom teaches that thresholds are sacred places and Esther encourages readers to become more receptive to their surroundings and to learn to pause reflect and meet God at the places of encounter and change in our lives Seeking Life Esther de Waal, 2017-11-27 In *Seeking Life* The Baptismal Invitation of the Rule of St Benedict renowned author Esther de Waal returns to the Rule of Saint Benedict the inspiration for *Seeking God* her classic book published twenty five years ago Here she focuses on the prologue to the Rule and shows how it contains the clues we need to both understand and live by the vows made at our baptism Baptism is so fundamental to our Christian identity that many congregations renew their baptismal promises each year on Easter Yet how well do we understand the spirit and depth of those vows How much do they shape our daily lives Parts of the Rule of Saint Benedict are believed to be based on addresses given to those about to be or who had recently been baptized they are a practical guide to choosing the

road that leads to life With her characteristic insight and wisdom Esther de Waal draws out enduring spiritual teaching on how to live when reborn of water and the spirit The Living Church ,2004 **Greening the Children of God** Chad Michael Rimmer,2021-01-01 Greening the Children of God uncovers the theological roots of the growing ethical imperative to reconnect children to their natural environment In their different traditions theologians environmental educators and psychologists all affirm that knowing their place in the natural environment helps a child develop an intersubjective ecological identity that nurtures virtues of mutuality and care During the Scientific Revolution this ethical harmony was threatened as science and moral theology began to adopt different epistemological methods something the Anglican priest and poet Thomas Traherne was all too aware of Traherne insisted that education should promote a child s attention to the moral dimensions woven into the tapestry of creation and professed that play wonder and a sensory relationship to diverse creatures play a pedagogical role in a child s moral formation Greening the Children of God establishes the contemporary significance of Traherne s moral theory in conversation with child psychologists educators philosophers and theologians who know that cultivating a place based relationship to the local ecology helps children perceive creation s deep mutuality and develop a moral identity in the image of a caring Creator **Happiness and Holiness** Denise Inge,2008-09-01 The 17th century writer Thomas Traherne is increasingly being recognised and studied as a theologian as well as a poet The discovery in 1997 announced by the author of this volume of five new prose works and a poetic work has given huge impetus to the study of Traherne in literature and theology This affordable concise introduction to Traherne s life and work concerns Traherne primarily as a theologian and places him in an historical and intellectual context he has thus far lacked It demonstrates his distinctive contribution to Anglican theology Consisting of a 10 000 word introductory essay and biography it is followed by extracts from Traherne s work under the following headings Creatures and Powers Holiness and Happiness Sin and Salvation Christian Liberty Advice on Ministry and Prayers **The Fully Alive Preacher** Mike Graves,2006-01-01 Mike Graves begins this book with the question If preaching is intended to enliven the church why is it killing so many ministers His answer Because preaching has become divorced from the vitality and diversity of the preacher s daily life He invites preachers to discover how preaching can be renewing rather than draining **Inside The School Of Charity** Trisha Day,2010-01-01 In 2003 Trisha Day spent three months living inside the enclosure of Our Lady of the Mississippi Abbey a community of twenty Cistercian nuns Although she had long been monastic associate she was startled by the unexpected challenges and insights that emerged as the weeks went by and began a process of profound reflection on her experience Now drawing on her journals and reflections and on her own experience as a professional woman wife daughter and mother she delves into the questions of how the centuries old wisdom of monastic life can challenge inspire and guide those living outside the monastery Organized around topics such as prayer community and the vows each of Day s reflections begins with memories of her monastic experience and then presents a perceptive and often humorous critique of the contrasting values

of our present culture For each topic she chronicles with honesty and humility her subsequent struggles to apply back home the alternative approaches learned from the sisters she lived with and offers a wealth of practical suggestions Filled with stories from her own life and fascinating details of daily life in the monastery her book is sure to strike a spark with all those seeking to live in a fully human and Christ centered way

To Pause at the Threshold Esther de Waal, 2004-07-01 A threshold is a sacred thing goes the traditional saying of ancient wisdom In some corners of the earth in some traditional cultures and in monastic life this is still remembered But in our fast paced modern world this wisdom is often lost on us It is important for us to remember the significance of the threshold While it is certainly true that thresholds mark the end of one thing and the beginning of another they also act as borders the places in between the points of transition These can be physical such as the geographical borders of a country others such as the spiritual border between the inner and outer world between ourselves and others are intangible In *To Pause at the Threshold* Esther de Waal looks at what it is like to live in actual border country the Welsh countryside with its slower rhythms and earth linked textures and explores the importance of opening up and being receptive to one's surroundings whatever they may be

Immersed in God and the World: Living Priestly Ministry Andy Lord, 2024-07-30 Fairacres Publications 213 In increasingly busy and diverse lives what might it mean to live as priests immersed in God and the world This book explores a personal experience of ordained priesthood shaped by the Jesus Prayer in the context of the Catholic charismatic and evangelical traditions It explores the contemplative disciplines of Presence and Attentiveness to the overflowing life of God in all things There is an invitation to all ordained or not to enter into a life stretched through the abundance of God While realistic about the challenges we face this book seeks to nurture hope in the God who is always at work in Christ by the Spirit
