Orthodoxy In Conversation:

Orthodoxy in Conversation Emmanuel Clapsis, 2000 Here is a coherent creative set of essays by a well established Orthodox theologian who dares to address many of the critical and controversial issues of the day The author is an Orthodox ecumenist who has taken seriously the ecumenical commitment of his church and attempts to do theology in conversation with other Christian traditions and theologies in the context of the ongoing theological deliberations of the World Council of Churches and more specifically of the Faith and Order commission He deals with a wide range of issues including the Orthodox church and the ecumenical movement naming God papal primacy politics and the Christian faith population consumption and the environment violence what the Spirit says to the churches the challenge of contextual theologies and the eucharist as missionary event

Orthodoxy in Conversation Emmanel Clapsis, 2000 **Theology, Science and Life** Carmody Grey, 2023-01-26 Offering a bold intervention in the ongoing debate about the relationship between theology and science *Theology Science and Life* proposes that the strong demarcation between the two spheres is unsustainable theology occurs within and not outside what we call science and science occurs within and not outside theology The book applies this in a penetrating way to the most topical contentious and philosophically charged science of late modernity biology Rejecting the easy dualism of expressions such as theology and science theology or science modern biology is examined so as to illuminate the nature of both In making this argument the book achieves two further things It is the first major English language reception and application of the thought of philosopher Hans Jonas in theology and it makes a decisive contribution to the unfolding reception of Radical Orthodoxy one of the most influential schools in contemporary Anglophone theology

The Christ who Embraces Jacob Joseph, 2024-10-28 Jacob Joseph s book *The Christ who Embraces An Orthodox Theology of Margins* explores the intersection of Orthodox Christian mission and caste dynamics among St Thomas Syrian Orthodox Christians in India It defines a liturgical touch or embrace in the context of untouchability where people identify as equal without discrimination reflecting the inseparable unity of Christ s transcendental divine and immanent human nature

Why Study Talmud in the Twenty-First Century? Paul Socken, 2009-10-29 The Talmud is the repository of thousands of years of Jewish wisdom It is a conglomerate of law legend and philosophy a blend of unique logic and shrewd pragmatism of history and science of anecdotes and humor Unfortunately its sometimes complex subject matter often seems irrelevant in today s world In this edited volume sixteen eminent North American and Israeli scholars from several schools of Jewish thought grapple with the text and tradition of Talmud talking personally about their own reasons for studying it Each of these scholars and teachers believes that Talmud is indispensable to any serious study of modern Judaism and so each essay challenges the reader to engage in his or her own individual journey of discovery The diverse feminist rabbinic educational and philosophical approaches in this collection are as varied as the contributors experiences Their essays are accessible personal accounts of their individual discovery of the Talmud reflecting the vitality and profundity of modern religious

thought and experience **Natural Law & the Secular Mythos** Gregory Morgan, 2025-02-20 This book argues that natural law when construed as an epistemological and trans cultural lingua franca adjudged capable of legitimating the rational intelligibility and universal applicability of specific Christian moral principles within contemporary secular discourse has failed Through a detailed analysis of the contributions of three prominent natural law theorists who are located within a shared philosophical theological tradition namely John Finnis Jean Porter and John Milbank the text illuminates the extent to which this failure is as much intramural as it is extramural Morgan explores how new horizons open up for natural law if the theological unsaid s are allowed to surface and the disremembering power of the secular mythos is overcome The final chapter s of the book addresses one such horizon that the theoretical fulcrum of the natural law lies not in its perceptual self evidence or in its immanent secularity but rather in its subtle provision of an immanent eschatology **Rethinking the Space for Religion** Catharina Raudvere, Krzysztof Stala, Trine Stauning Willert, 2015-01-01 A broad discussion about how history and religion contribute to identity politics in contemporary Europe this book provides case studies exemplifying how public intellectuals and academics have taken an active part in the construction of recent and traditional pasts Instead of repeating the simplistic explanation as a return of religion this volume focuses on public platforms and agents and their use of religion as a political and cultural argument Filled with previously unpublished data gathered from texts interviews field observations artifacts and material culture this record challenges stereotypical images of East and Southeast Europe **The Post-Evangelical** Dave Tomlinson, 2014-07-17 Ground breaking and hugely controversial on first publication in 1995 this classic text pre empted the emerging church movement questioning whether the certainties of evangelical orthodoxy could survive in a postmodern world **Talking Doctrine** Richard J. Mouw, Robert L. Millet, 2015-07-09 A group of Mormon and evangelical scholars undertook a remarkable journey over fifteen years to discuss differences and investigate possible common ground in their beliefs With both candor and generosity these essays reflect the thoughtful respectful and nuanced engagements on some of the most controversial topics that have inflamed passions in the past **Ethical Living Through Conversation** Immanuel Spaar, 2025-10-07 Neo Confucians a broad category of Chinese philosophers who followed the ethical thinking of Confucius 551 479 BC and Mencius c 372 289 BC recorded their conversations and sayings in writing believing that what they had studied and discussed with students and friends would benefit future generations Discourse records yulu were stylized yet authoritative collections of such conversations During the Ming dynasty 1368 1644 these records were widely read and Luo Rufang 1515 1588 emerged as an engaging philosopher who emphasized verbal exchange and used conversations and lectures to convey nuanced interpretations of Neo Confucian philosophy For Luo dialogue was not merely a teaching tool but a philosophical method for cultivating and transmitting ideas of ethical living *To Change the World* James Davison Hunter, 2010-04-14 Christians from every tradition have long desired to change the world for the better a desire with roots in biblical and theological reasoning Unquestionably Christians today are no less well intentioned

and no less motivated to do good than in times past But even taking their aspirations and intentions at face value argues James Hunter the implicit social theory that guides so much of their efforts is deeply flawed In *To Change the World* he offers three essays connected and sequential but distinct arguing that Christians should finally give up the goal of trying to change the world and the triumphalist attitude that tends to go along with that idea Talking Financial Inclusion in Liberalised India M. S. Sriram,2017-10-04 This book presents a set of conversations with five former Governors of Reserve Bank of India from 1992 onwards on the topic of financial inclusion Two key aspects are introduced in the conversations with each Governor the initiatives that were undertaken during their tenure and their responses to some of the current issues Further they examine the reasons and justifications for significant decisions and measures that were undertaken or withheld The discussion captures the evolution and approach of the central bank in addressing a variety of questions pertaining to financial inclusion The volume is an important contribution to the study of India s continuous but not entirely successful efforts in increasing the reach of its formal financial sector It reconstructs how the policy approach to inclusive banking has progressed and resisted commercial and market imperatives to safeguard the deprived and dispossessed sections of society With its wide ranging blend of conversations documentation research and commentary coupled with its engaging style the book will interest students and researchers in the areas of development banking macroeconomics public administration and governance as well as academics analysts policymakers think tanks journalists media and those concerned with the Indian economic policy *Women and Ordination in the Orthodox Church* Gabrielle Thomas,Elena Narinskaya,2020-07-10 Contributing Authors Fr John Behr Dr Spyridoula Athanasopoulou Kypriou Dr Dionysios Skliris Fr Andrew Louth Dr Mary Cunningham Met Kallistos Ware Rev Dr Sarah Hinlicky Wilson Dr Kyriaki Karidoyanes FitzGerald Dr Carrie Frederick Frost Dr Paul Ladouceur Luis Josu Sal s This book a collaborative international initiative involving academic theologians and practitioners invites the reader into a conversation about the ordination of women in the Orthodox Church It explores questions relating to the significance of being human Eve s curse sexed bodies the place of Mary the nature of priesthood the role of the deacon and the task of being a priest in the twenty first century The reflections move across three main areas of discussion issues of theological anthropology particular questions pertaining to the priesthood and the diaconate and contemporary practices In each area the implications for ordaining women in the Orthodox Church today are explored Conversations John Apocalypse,2014-02-10 Nine polemic conversations on varying topics The aim of this work is to provoke thought to entice and challenge the reader to question themselves and their beliefs Each conversation was carefully written to demonstrate both arguments clearly and fairly in hopes of leading the reader to make their own conclusion Conversation nine is written by Mark Ramzy on the subject of the schism which occurred between the Eastern Orthodox and Oriental Orthodox Christians This book is not for the faint of heart as neither writer pulls any punches in demonstrating truth in this uniquely socratic method Conversations with Scripture Cynthia Kittredge,2007-10-01 A scholarly evaluation of the

fourth Gospel and Johannine community For contemporary Christians Johns Gospel is a paradox On the one hand it stresses boundaries No one comes to the Father except through me But on the other hand it s all about community I have no longer called you servant but friends Conversations with Scripture The Gospel of John encourages readers to draw out the tensions between these two perspectives for an open inclusive reading of this difficult Gospel and to find in it reaching meaning for their lives With a study guide that includes thoughtful challenging questions for reflection and discussion this is an ideal resource for individual and parish study Respectful LGBT Conversations Harold Heie,2018-05-14 In stark contrast to the shrill and nasty interactions among many Christians regarding contentious LGBT issues this book models a redemptive mode of engagement by featuring respectful conversations among deeply committed Christians who hold to diverging traditional and non traditional views The foundational values guiding these conversations are the quest for truth giving the gift of love to all brothers and sisters in Christ and modeling Christian unity Emerging from these conversations are practical steps for a way forward that include creating safe spaces for ongoing conversation and practicing courageous Christian leadership Based on case studies for a Christian university and two Christian churches this book provides helpful advice for navigating conflict within churches Christian denominations and Christian educational institutions Theological Metaphysics Ray C. Robles,2023-11-16 Insofar as Christian theology aims to make truthful claims about the nature of reality it is necessarily involved in the enterprise of metaphysics Pentecostals precisely as Christians are thus obliged to participate Through this study it becomes evident that pentecostals aim to participate in the metaphysical discipline in the same way they theologize that is informed by the norms practices and speech acts that constitute their spirituality This book aims to construct a Christian metaphysics that is at once attuned to pentecostal spirituality theology and informed by the classical tradition of Christian metaphysics Ultimately this work offers a constructive and critical engagement with pentecostal spirituality and with pentecostal theology via the larger ecumenical creedal and dogmatic metaphysical tradition Thus this book is explicitly and intentionally limited to understand metaphysics in conversation with the historical Christian tradition and to understand a pentecostal vision of it *Oliver Wendell Holmes and the Culture of Conversation* Peter Gibian,2001-08-30 Peter Gibian explores the key role played by Oliver Wendell Holmes in what was known as America s Age of Conversation He was both a model and an analyst of the dynamic conversational form which became central to many areas of mid nineteenth century life Holmes multivoiced writings can serve as a key to open up the closed interiors of Victorian America whether in saloons or salons parlours or clubs hotels or boarding houses schoolrooms or doctors offices Combining social intellectual medical legal and literary history with close textual analysis and setting Holmes in dialogue with Emerson Hawthorne Melville Fuller Alcott and finally with his son Justice Oliver Wendell Holmes Junior Gibian radically redefines the context for our understanding of the major literary works of the American Renaissance The Case for Biblical Christianity Edward J. Carnell,2007-10-01 The Case For Biblical Christianity in which the full range and development of Carnell s mind is revealed gives the Christian

community ready access to many of Carnell's finest articles. They have been selected and edited by Ronald M. Nash and in this collection as in all of Carnell's writings will be found thoughtful stimulating and often thought provoking essays on a variety of topics all of contemporary interest. *Catalogue of the Free Public Library of Lynn, Mass.
