Politics Of Rhetoric Richard M Weaver And The Conservative Tradition:

The Politics of Rhetoric Bernard K. Duffy, Martin Jacobi, 1993-04-30 Richard M Weaver 1910-1963 was one of the leading rhetoricians of the 1950s whose philosophical and pedagogical writings helped revitalize interest in rhetoric. His rhetorical contributions are difficult to separate from his conservative stances on social and political issues and indeed he espoused the cultural role of rhetoric, conceiving of his intellectual task as one of reinventing a philosophical conservatism and employing rhetorical theory to oppose liberalism and modernism. Today his politics would be viewed as extreme by liberals, feminists, and civil libertarians; on the other hand, his theories laid the philosophical groundwork for contemporary American political conservatism and his argumentation on a number of social issues remains pertinent. This first full-length study of Weaver examines the relationship between his rhetorical theory and his cultural views, focusing on the rhetorical insights, for instance, his conception of language as sermonic, its function being to influence others to think and act according to the speaker's moral precepts and ideally to convey the abiding truth of a culture. Authors Duffy and Jacobi advance the idea that Weaver was at his best as an epideictic rhetor engaged in the celebration of abstract values and at his worst as a forensic rhetor pleading conservative causes with no more than the pretense of impartiality. Based largely on primary materials but with adroit application of previous criticism, this work will be valuable for a wide range of research specialties in rhetoric and public address.

The Vision of Richard Weaver Joseph A. Scotchie, Richard M Weaver was one of the founders of modern conservatism. He is an enduring intellectual figure of twentieth-century America. Weaver was dedicated to examining the dual nature of human beings and the quest for civilized communities in a corrupted age that believed in the religion of science and in the natural goodness of man. *The Vision of Richard Weaver* is the first collection of essays about this seminal thinker. Thirty years after his untimely death, Richard Weaver remains a heroic figure to many conservatives and traditionalists concerned about the state of American culture. Now a new generation of readers can understand the importance of this pioneer of thought. *The Vision of Richard Weaver* will be of significant value to political theorists, philosophers, and students of American civilization.

Encyclopedia of Rhetoric and Composition Theresa Enos, 2013-10-08 First Published in 1996 Routledge is an imprint of Taylor & Francis, an informal company.

Aristocratic Souls in Democratic Times Richard Avramenko, Ethan Alexander-Davey, 2018-05-07 Great statesmen and gentlemen, men of honor and rank, seem to be phenomena of a bygone Aristocratic era. Aristocracies, which emphasize rank and value difference, quality, beauty, rootedness, continuity, stand in direct contrast to democracies, which value equality, autonomy, novelty, standardization, quantity, utility, and mobility. Is there any place for aristocratic values and virtues in the modern democratic social and political order? This volume consists of essays by political theorists, historians, and literary theorists that explore this question in the works of aristocratic thinkers, both ancient and modern. The volume includes analyses of aristocratic virtues, interpretations of aristocratic assemblies and constitutions, both historic and contemporary, as well as critiques of liberal virtues and institutions. Essays on Tacitus, Hobbes, Burke,

Tocqueville Nietzsche as well as some lesser known figures such as Henri de Boulainvilliers John Randolph of Roanoke Louis de Bonald Konstantin Leontiev Jose Ortega y Gasset Richard Weaver and the Eighth Duke of Northumberland explore ways of preserving and adapting the salutary aspects of the aristocratic ethos to the needs of modern liberal societies **The**

Rebuke of History Paul V. Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published I'll Take My Stand The South and the Agrarian Tradition A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral traditionalism that has had a significant impact on the emerging conservative movement since World War II **Richard M. Weaver, 1910-1963** Fred Douglas Young, 1995 Young

accomplishes this by using Weaver's own writings on scholarship and by discussing his most representative and significant essays and books Ideas Have Consequences Language Is Sermonic and others Young also interviews the people who were closest to Weaver Russell Kirk Cleanth Brooks Clifford Amyx an artist and intellectual his sister Polly Weaver Beaton and Professor Wilma R Ebbitt a colleague and friend during Weaver's years at the University of Chicago Although many have associated Weaver with the Vanderbilt Agrarians and have stereotyped him as a conservative this work makes plain that Weaver cannot be seen simply and wholly in this light Many of the stands Weaver took such as opposing the registration of Communists during the McCarthy era set him apart from the conservative mainstream and made people of many different political persuasions respect his ideas **American Conservatism** Bruce Frohnen, Jeremy Beer, Nelson O.

Jeffrey, 2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement

itself the encyclopedia's more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism. This long-awaited volume is not to be missed. *Contemporary Perspectives on Rhetoric* Sonja K. Foss, Karen A. Foss, Robert Trapp, 2014-04-04 The anniversary edition marks thirty years of offering an indispensable review and analysis of thinkers who have exerted a profound influence on contemporary rhetorical theory. I. A. Richards, Ernesto Grassi, Chaim Perelman and Lucie Olbrechts-Tyteca, Stephen Toulmin, Richard Weaver, Kenneth Burke, Jürgen Habermas, bell hooks, Jean Baudrillard, and Michel Foucault. The brief biographical sketches locate the theorists in time and place, showing how life experiences influenced perspectives on rhetorical thought. The concise explanations of complex concepts are clear, engaging, insightful, and highly accessible, serving as an excellent primer for reading the major works of these scholars. The critical commentary is carefully chosen to highlight implications and to place the theories within a broader rhetorical context. Each chapter ends with a complete bibliography of works by the theorists. **Loathing Lincoln** John McKee Barr, 2014-04-07 While most Americans count Abraham Lincoln among the most beloved and admired former presidents, a dedicated minority has long viewed him not only as the worst president in the country's history but also as a criminal who defied the Constitution and advanced federal power and the idea of racial equality. In *Loathing Lincoln*, historian John McKee Barr surveys the broad array of criticisms about Abraham Lincoln that emerged when he stepped onto the national stage, expanded during the Civil War, and continued to evolve after his death and into the present. The first panoramic study of Lincoln's critics, Barr's work offers an analysis of Lincoln in historical memory and an examination of how his critics on both the right and left have frequently reflected the anxiety and discontent Americans felt about their lives. From northern abolitionists troubled by the slow pace of emancipation to Confederates who condemned him as a black Republican and despot to Americans who blamed him for the civil rights movement to more recently libertarians who accuse him of trampling the Constitution and creating the modern welfare state, Lincoln's detractors have always been a vocal minority but not one without influence. By meticulously exploring the most significant arguments against Lincoln, Barr traces the rise of the president's most strident critics and links most of them to a distinct right-wing or neo-Confederate political agenda. According to Barr, their hostility to a more egalitarian America and opposition to any use of federal power to bring about such goals led them to portray Lincoln as an imperialistic president who grossly overstepped the bounds of his office. In contrast, liberals criticized him for not doing enough to bring about emancipation or ensure lasting racial equality. Lincoln's conservative and libertarian foes, however, constituted the vast majority of his detractors. More recently, Lincoln's most vociferous critics have adamantly opposed Barack Obama and his policies, many of them referencing Lincoln in their attacks on the current president. In examining these individuals and groups, Barr's study provides a deeper understanding of American political life and the nation itself. *Upstream* Alfred S. Regnery, 2008-02-12 Alfred S. Regnery, the publisher of *The American Spectator*, has been a part of the American conservative movement since childhood when his father founded *The*

Henry Regnery Company which subsequently became Regnery Publishing the preeminent conservative publishing house that among other notable achievements published William F Buckley's first book *God and Man* at Yale. Including many uniquely personal anecdotes and stories Regnery himself now boldly chronicles the development of the conservative movement from 1945 to the present. The outpouring of grief at the funeral of Ronald Reagan in 2004 and the acknowledgment that Reagan has come to be considered one of the greatest presidents of the twentieth century is Regnery's opening for a fascinating insider story. Beginning at the start of the twentieth century he shows how in the years prior to and just post World War II expanding government power at home and the expanding Communist empire abroad inspired conservatives to band together to fight these threats. The founding of the *National Review*, the drive to nominate Barry Goldwater first as vice president and later as president, the apparent defeat of the conservative movement at the hands of Lyndon Johnson and the triumphant rise of Ronald Reagan from the ashes are all chronicled in vivid prose that shows a uniquely intimate knowledge of the key figures. Regnery shares his views on the opposition that formed in response to Earl Warren's Supreme Court rulings, the role of faith both Roman Catholic and Evangelical in the renewed vigor of conservatism and the contributing role of American businessmen who attempted to oppose big government. *Upstream* ultimately gives perspective to how the most vibrant political and cultural force of our time has influenced American culture, politics, economics, foreign policy and all institutions and sectors of American life.

The QUARTERLY JOURNAL of SPEECH, 1994 [The Conservative Intellectual Movement in America Since 1945](#) George H. Nash, 2023-03-28

First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field. This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born.

A Paleoconservative Anthology Paul Gottfried, 2023-02-15

This anthology provides detailed examinations of the major themes and perspectives of the paleoconservatives as political thinkers and activists. A long forgotten and persistently disregarded group within the American Right but their ideas show a remarkable staying power. Paleoconservatives as this anthology undertakes to show have been among the most original and insightful representatives of the Right over the last thirty years but because of internal quarrels and their conspicuous defiance of the conservative establishment they have become isolated voices. Almost everything about the paleoconservatives should be of interest to historians of political movements including the process by which they became a marginalized force on the intellectual right and their periodic attempts to build bridges across the political spectrum.

[Classical Cynicism](#) Luis Navia, 1996-10-11

More than a school of philosophy with a defined set of beliefs and convictions classical Cynicism represents an unconventional sect of philosophers and a way of life. This is a complete account of classical Cynicism from its beginnings in the Socratic circle to its extinction in late Roman times. In this thoroughly documented study Navia explores various issues related to the sources of information about the Cynics, the

development of Cynicism and the principal representatives of classical Cynicism Exploring the relationship between classical Cynicism and cynicism as understood in its ordinary modern sense the author argues that despite their common designation they represent significantly different philosophical attitudes This book explicates the main ideas associated with classical Cynicism and argues that its shortcomings notwithstanding classical Cynicism furnishes us with a wealthy source of philosophical enlightenment Individual chapters are devoted to Antisthenes Diogenes and Crates the three principal classical Cynics Attention is given to the development and application of certain fundamental Cynic ideas and to the transformation of these ideas throughout the eight centuries during which Cynicism was an influential philosophical movement The book provides abundant references to primary and secondary sources and includes a bibliography of over five hundred entries

Conservatism Edmund Fawcett, 2022-04-05 Conservatism focuses on an exemplary core of France Britain Germany and the United States It describes the parties politicians and thinkers of the right bringing out strengths and weaknesses in conservative thought Provided by publisher

Russell Kirk and the Age of Ideology W. Wesley McDonald, 2004 Russell Kirk author of *The Conservative Mind* and *A Program for Conservatives* has been regarded as one of the foremost figures of the post World War II revival in conservative thought While numerous commentators on contemporary political thought have acknowledged his considerable influence on the substance and direction of American conservatism no analysis of his social and political writing has dealt extensively with the philosophical foundations of his work In this provocative study W Wesley McDonald examines those foundations and demonstrates their impact on the conservative intellectual movement that emerged in the 1950s and 1960s Kirk played a pivotal role in drawing conservatism away from the laissez faire principles of libertarianism and toward those of a traditional community grounded in a renewed appreciation of man's social and spiritual nature and the moral prerequisites of genuine liberty In a humane social order a community of spirit is fostered in which generations are bound together According to Kirk this link is achieved through moral and social norms that transcend the particularities of time and place and because they form the basis of genuine civilized existence can only be neglected at great peril These norms reflected in religious dogmas traditions humane letters social habit and custom and prescriptive institutions create the sources of the true community that is the final end of politics Although this study does not challenge Kirk's debts to a predominantly Catholic and Anglo Catholic tradition of natural law its focus is on his appeal to historical experience as the test of sound institutions This aspect of his thought was essential to Kirk's understanding of moral cultural and aesthetic norms and can be seen in his responses to American humanists Paul Elmer More and Irving Babbitt and to English and American romantic literature *Russell Kirk and the Age of Ideology* is particularly relevant because of the growing interest in Kirk's legacy and the current debate over the meaning of conservatism McDonald addresses both of those developments in the context of examining Kirk's thought attempting to correct some of the inadequacies contained in earlier studies that assess Kirk as a political thinker This book will serve as a significant contribution to the commentary

on this fascinating figure Liberalism Versus Conservatism François B. Gérard,2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author *C.S. Lewis and a Problem of Evil* Jerry Root,2010-08-27 C S Lewis was concerned about an aspect of the problem of evil he called subjectivism the tendency of one's perspective to move towards self referentialism and utilitarianism In *C S Lewis and a Problem of Evil* Jerry Root provides a holistic reading of Lewis by walking the reader through all of Lewis's published work as he argues Lewis's case against subjectivism Furthermore the book reveals that Lewis consistently employed fiction to make his case as virtually all of his villains are portrayed as subjectivists Lewis's warnings are prophetic this book is not merely an exposition of Lewis it is also a timely investigation into the problem of evil **The Black Intellectual Tradition** Derrick P. Alridge,Cornelius L. Bynum,James B. Stewart,2021-08-03 Considering the development and ongoing influence of Black thought From 1900 to the present people of African descent living in the United States have drawn on homegrown and diasporic minds to create a Black intellectual tradition engaged with ideas on race racial oppression and the world This volume presents essays on the diverse thought behind the fight for racial justice as developed by African American artists and intellectuals performers and protest activists institutions and organizations and educators and religious leaders By including both women's and men's perspectives from the U S and the Diaspora the essays explore the full landscape of the Black intellectual tradition Throughout contributors engage with important ideas ranging from the consideration of gender within the tradition to intellectual products generated outside the intelligentsia to the ongoing relationship between thought and concrete effort in the quest for liberation Expansive in scope and interdisciplinary in practice *The Black Intellectual Tradition* delves into the ideas that animated a people's striving for full participation in American life Contributors Derrick P Alridge Keisha N Blain Cornelius L Bynum Jeffrey Lamar Coleman Pero Gaglo Dagbovie Stephanie Y Evans Aaron David Gresson III Claudrena N Harold Leonard Harris Maurice J Hobson La TaSha B Levy Layli Maparyan Zebulon V Miletsky R Baxter Miller Edward Onaci Venetria K Patton James B Stewart and Nikki M Taylor **The Will of a People** Richard W Leeman,Bernard K Duffy,2012-02-21 Normal0falsefalsefalseEN USX NONEX NONE Drawing upon nearly two hundred years of recorded African American oratory *The Will of a People A Critical Anthology of Great African American Speeches* edited by Richard W Leeman and Bernard K Duffy brings together in one unique volume some of this tradition's most noteworthy speeches each paired with an astute

introduction designed to highlight its most significant elements Arranged chronologically from Maria Miller Stewart's 1832 speech *Why Sit Ye Here and Die* to President Barack Obama's 2009 inaugural address these orations are tied to many of the key themes and events of American history as well as the many issues and developments in American race relations These themes events and issues include the changing roles of women Native American relations American manifest destiny abolitionism the industrial revolution Jim Crow lynching World War I and American self determination the rise of the New Deal and government social programs the Civil Rights Movement and desegregation the Vietnam War Nixon and Watergate gay and lesbian rights immigration and the rise of a mediated culture Leeman and Duffy have carefully selected the most eloquent and relevant speeches by African Americans including those by Sojourner Truth Frederick Douglass Frances Ellen Watkins Harper Ida B Wells Barnett Booker T Washington Mary Church Terrell W E B Du Bois Marcus Garvey Martin Luther King Jr Malcolm X Stokely Carmichael Barbara Jordan Jesse Jackson and Marian Wright Edelman many of which have never received significant scholarly attention *The Will of a People* is the first book to pair the full texts of the most important African American orations with substantial introductory essays intended to guide the reader's understanding of the speaker the speech its rhetorical interpretation and the historical context in which it occurred Broadly representative of the African American experience as well as what it means to be American this valuable collection will serve as an essential guide to the African American oratory tradition

Politics Of Rhetoric Richard M Weaver And The Conservative Tradition: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Politics Of Rhetoric Richard M Weaver And The Conservative Tradition : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Politics Of Rhetoric Richard M Weaver And The Conservative Tradition : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
