Politics Of The Lesser Evil Leadership Democracy And Jaruzelskis Poland

Anton Pelinka

Politics Of The Lesser Evil Leadership Democracy And Jaruzelskis Poland:

Politics of the Lesser Evil Anton Pelinka, 1999 According to Pelinka Jaruzelski's politics of democratization in Poland in the 1980s which led to the first free and competitive elections in a communist system illustrate personal leadership hampered by democracy Jaruzelski initiated the roundtable process that transformed Poland into a democracy yet this process ultimately ended with his abdication *Politics of the Lesser Evil* Anton Pelinka, 2018-04-17 In his pathbreaking book *Leadership* James MacGregor Burns defines a kind of leadership with an indistinguishable personal impact on society He calls this transformatory leadership and sees it as more than routine and calculable responses to demands In fact he argues the more stable a liberal democracy the less freedom of action for transformatory leadership Anton Pelinka uses a wellspring of historical fact to argue that politics always means having to choose between the lesser of two evils and that democracy reduces any possibility of personal leadership According to Pelinka Jaruzelski's politics of democratization in Poland in the 1980s which led to the first free and competitive elections in a communist system illustrate personal leadership hampered by democracy Jaruzelski initiated the roundtable process that transformed Poland into a democracy yet this process ultimately ended with his abdication Pelinka further emphasizes contradictions between transformatory leadership and democracy by comparing the leadership styles of Hitler Stalin and Mao He describes collaboration resistance and tensions between domestic and international leadership using the American examples of Presidents Wilson Roosevelt Kennedy Johnson and Nixon and the European examples of Petain and Churchill Pelinka then turns to the tragic fate of the Judenrat under the Nazi regime to illustrate the lesser evil approach He closes with a discussion of moral leadership and how abstaining from office just as Gandhi and King did may be particularly suited to stable democracies Pelinka's unique use of rich empirical evidence from twentieth century history is this volume's hallmark He is critical of mainstream political theory and its neglect of deviant examples of democracies such as Switzerland Italy and Japan where there is traditionally much less emphasis placed on leadership Pelinka's noteworthy study will be essential reading for political scientists and theorists political philosophers and political sociologists with special interest in political ethics and contemporary historians *Political Leadership Between Democracy and Authoritarianism* Jerzy J. Wiatr, 2022-01-17 In diesem Buch wird die Theorie der politischen Führung die ein noch wenig erforschtes Feld der Politikwissenschaft ist beleuchtet Sie ist verwandt mit dem philosophischen Streit um Determinismus versus Aktivismus und hilft den Grundkonflikt des 21. Jahrhunderts zwischen liberaler Demokratie und neuem Autoritarismus zu verstehen Das Buch befasst sich mit Max Webers Typologie politischer Herrschaft und seinem Konzept der Verantwortungsethik welche der Schlüssel zur Theorie der Führung sind Der Autor zeigt auf dass der unvollendete Wettstreit zwischen Demokratie und neuem Autoritarismus im 21. Jahrhundert die Bedeutung von Führung in alten und neuen Demokratien sowie in den neoautoritären Regimen bestärkt und einen neuen Typus politischer Führungskraft fordert **Democracy Indian Style** Anton Pelinka, 2003 combines a study of the rise and fall of Bose with a

study of the roots of Indian democracy The treatment of Bose focuses on his ideology foreign policy relations with Nazi Germany and Japan and the myths surrounding his death the book will interest biographers and students of Indian history and politics Choice Expertly translated into English Democracy Indian Style knowledgeably explores the workings of the modern East Indian political system by focusing upon the life of one man Subhas Chandra Bose and his profound impact upon India s governmental system The Bookwatch As a nation India is very old It had deep roots in its pre colonial history but it is also a product of Western style democracy which has shaped and even created the nation Democracy Indian Style focuses on the Indian factors underlying its successful democracy by describing and analyzing the life of Subhas Chandra Bose who competed with Nehru for the role of Gandhi s heir and his impact on India before and after Independence The book is balanced between chapters that explain Bose s life and career and those that describe and analyze the Indian political system It explains India s stable democracy as a mixture of British and American patterns Westminster parliamentary rule plus federalism and a specific set of power sharing arrangements among religions linguistic groups and castes India fulfills all the criteria the traditional understanding of pluralistic democracy implies Basic freedoms are guaranteed despite the temptation during Indira Gandhi s emergency rule to follow the path of authoritarian development Precisely because India after Pakistan s separation did not become Hindustan but stayed on track as a secular pluralistic democracy it became the most prominent challenge to the traditional wisdom of comparative politics Democracy Indian Style gives one answer to the Indian enigma of how democracy succeeds by describing the working of the Indian constitution the weaknesses of the party system and the specifics of Indian elections The focus on Bose provides the second explanation The author describes Bose s rise to the leadership of the Indian National Congress in the 1930s his attempt to combine an economic leftist outlook with an extremely pragmatic foreign policy his failure to get serious help from Nazi Germany his success with the Japanese war lords and his tragic end in August 1945 Democracy Indian Style is a timely exploration of the roots of Indian democracy and will be of interest to political scientists historians and students of India Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Among his recent publications are Austria Out of the Shadow of the Past Politics of the Lesser Evil Leadership Democracy and Jaruzelski s Poland Transaction and The Haider Phenomenon in Austria edited with Ruth Wodak Transaction Encyclopedia of Modern Dictators Frank J. Coppa,2006 Original Scholarly Monograph **Strategies for Combating Right-Wing Extremism in Europe** Bertelsmann Stiftung,2010-07-30 Right wing extremism is a phenomenon that can be found throughout Europe All democratic societies are threatened by racist anti pluralistic and authoritarian ideas Even though the so called radical right differs in character and ideology in the various European countries it strives to restrict civic and human rights as well as to change the constitutional structures that are based on the principles of democracy and liberty Individual European countries deal with this challenge differently The various policy approaches found in these countries are a good source for developing improved

practices for fighting rightwing extremism in Germany and worldwide With this publication the Bertelsmann Stiftung presents an overview of the radical right in Austria Belgium Denmark France Germany Great Britain Hungary Italy the Netherlands Sweden and Switzerland It also includes the most successful strategies against right wing extremism found in these countries The main focus of this publication is the actions pursued by the governments political parties and actors of the civil society Judicial provisions are highlighted as well as the implementation of laws special action programs the effectiveness of prosecution of right wing crimes cooperation of parties institutional responsibilities cooperation of authorities with NGOs and civil commitment against right wing extremism

Leadership and Transformative Ambition in International Relations Mark A Menaldo, 2013-10-31 Providing a critique of international relations theory and a critical examination of how leaders with transformative ambition change domestic and international politics this book will appeal to leadership politics and international relations academic

Demokratie Andrei S. Markovits, Sieglinde K. Rosenberger, 2001

Managing a Multilevel Foreign Policy Paolo Foradori, Paolo Rosa, Riccardo Scartezzini, 2007-01-01 Managing a Multilevel Foreign Policy is a helpful resource for enhancing current understanding of the European Union as an emerging actor in the global system It introduces and examines the latest developments in the fields of EU foreign security and defense policies providing a complete overview of the ways in which the EU has grown as a global actor with a significant impact on international affairs

A Global Security Triangle Valeria Bello, Belachew Gebrewold, 2009-10-16 This book considers the interactions between Africa Asia and Europe analysing the short and long term strategies various states have adopted to external relations The urgency attached to the agenda of international terrorism and human and drugs trafficking has forced the European Union into new cooperation with Africa and Asia These inter regional relations have taken on new dimensions in the context of contemporary international politics framed by new security challenges and new competitive forces particularly from Asia This book provides both conceptual and empirical arguments to offer an innovative perspective on the EU as a global actor It demonstrates how these three regions interact politically and economically to address global challenges as well as global opportunities and thus provides an assessment of the multilateralism which the EU clearly stated in its Security Strategy paper Addressing a broad range of topical issues the book features chapters on European Security European Migration Policy African Union and its peace and security policy Terrorism and international security China and its fast growing global role India the biggest democracy in the world and the impact of the Asian economic growth on the global economy Further it compares the different backgrounds forms and priorities of regional integrations A Global Security Triangle will be of interest to all scholars of European politics security studies African and Asian studies and International Relations

Historical Dictionary of the Cold War Joseph Smith, Simon Davis, 2017-03-15 Cold war was a term coined in 1945 by left leaning British writer George Orwell to predict how powers made unconquerable by having nuclear weapons would conduct future relations It was popularized in 1947 by American journalist Walter Lippmann amid mounting tensions

between the erstwhile World War II Allies the capitalist democracies the United States of America and Britain versus the Soviet Union a communist dictatorship As the grand alliance of the Big Three they had defeated Nazi Germany its satellites and Japan in World War II but became rivals who split the world into an American led Western bloc and Soviet led Eastern bloc Both were secured from direct attack by arraying ever greater nuclear and conventional forces against the other while seeking global supremacy by other means The 45 year Cold War lasted until the Soviet Union collapsed between 1989 and 1991 This second edition of Historical Dictionary of the Cold War contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies This book is an excellent resource for students researchers and anyone wanting to know more about this crucial period in history

The Haider Phenomenon in Austria Ruth Wodak, Anton Pelinka, Austria does not often make political headlines It has at least twice in recent years in 1986 when the Waldheim Affair was debated worldwide and in 1999 when the Austrian Freedom Party FPÖ under Jörg Haider received 27 percent of the vote in national elections Established by former Nazis for former Nazis the FPÖ entered the mainstream of Austrian politics when it became part of a coalition government This volume explores whether its rise is a uniquely Austrian phenomenon or corresponds to broader social and political changes in Europe Parallels to Haider's party can be found in other European countries Its anti immigration agenda and rhetoric are similar to those of the French FN the Belgian Vlaams Bloc and the Italian Lega Nord And its anti European Union posture is similar to the sentiments of the anti Maastricht wing of the British conservative party However European reaction to the FPÖ's rise derives not only from its policies but its linkage to past suspicions that the Austrians have not learned the lessons of history as had the Germans The FPÖ's success strengthened that impression In response 14 European Union governments downgraded their bilateral relations with the Austrian government to a purely technical level Although the sanctions were lifted in September 2000 the spotlight is still very much on Austria and concern about the FPÖ remains high This important volume contains eleven chapters by internationally prominent scholars from a broad spectrum of the social sciences Its cross disciplinary approach provides perspective on the Haider phenomenon its rhetoric and its impact on daily life in Austria It also analyzes the influence of right wing populism on politics culture and society and its implications in Austria as well as elsewhere in Europe The Haider Phenomenon will be of interest to historians political scientists those in European studies and scholars in contemporary political extremism Ruth Wodak is professor of applied linguistics and discourse analysis at the University of Vienna and director of the research center Discourse Politics Identity at the Austrian Academy of Sciences Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research Vienna

Current Contents Institute for Scientific Information (Philadelphia), 2000 [The Cold War](#) Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World

War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

Books
In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *Handbook of Prejudice*, *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 1998

Dimensions of Globalization Louis Ferleger, Jay R. Mandle, 2000-07 Since 1889 The American Academy of Political and Social Science has served as a forum for the free exchange of ideas among the well informed and intellectually curious In this era of specialization few scholarly periodicals cover the scope of societies and politics like The ANNALS Each volume is guest edited by outstanding scholars and experts in the topics studied and presents more than 200 pages of timely in depth research on a significant topic of concern <http://ann.sagepub.com>

Central European Ways to Democracy András Bozóki, 2003 *Historical Dictionary of Poland* George Sanford, 2003 Poland has had an exceptionally turbulent thousand year history marked by extremes of national greatness and decline including partition and foreign occupation Currently undergoing another dramatic transformation Poland has been building a democratic and market system since the fall of communism The largest and most important nation in Eastern Europe outside the ex Soviet Union is now returning to the European mainstream from which she was for long periods isolated politically and economically although not culturally Although Poland has been widely popularized in journalistic clichés in recent years because of Solidarity the Polish Pope and the like there is still much to be learned about the particular individuals and specific factors which have shaped her history in the past and which are molding her present development The dictionary strikes a judicious balance in covering past and contemporary figures as well as Poland's richly textured political social and cultural dimensions The Dictionary has more than four hundred entries and a most comprehensive and up to date bibliography It provides a stimulating and knowledgeable introduction for students scholars and librarians as well as a helpful overview guide for tourists and for those involved in teaching business politics journalism and public service
