

The Politics of Pure Experience: Individual and State in *An Inquiry into the Good*

Richard STONE*

Abstract

In this contribution, I shall attempt to clearly work out the political implications of Nishida Kitarō's theory of pure experience in *An Inquiry into the Good*. This effort comes in response to the multitude of vastly different claims about the political meaning and dangers of Nishida's early philosophy. Is it an implicit foundation for Japanese nationalism and the seeds of the controversial political philosophy he would work out later? Or is it a subtle attempt to critique the nationalist philosophy and educational policies surrounding Nishida while he was writing in the Meiji era? Or, perhaps most obviously, is this work unconnected with any and all political matters (including those that Nishida would face later on in his life)? In this paper, I shall argue that, although there is good reason to endorse any of these claims, ultimately a balanced assessment will find that Nishida's early philosophy was indeed apolitical in nature, and that attempts to claim the contrary inevitably either go beyond textual evidence or miss key elements of his thought. Yet, as I shall further argue, being apolitical hardly means that Nishida's work has no political consequences. Instead, for better or worse, the defining characteristic of Nishida's early political philosophy is its capacity to allow readers to transcend such political issues.

Politika čiste izkušnje: posameznik in država v *Raziskavah o dobrem*

Izvleček

V prispevku bom skušal jasno opredeliti politične posledice teorije čistega izkustva Nishide Kitarōja iz njegovega dela *Raziskave o dobrem*. Gre za odgovor na številne zelo različne trditve o političnem pomenu in nevarnostih Nishidove zgodnje filozofije. Je njegova filozofija implicitni temelj japonskega nacionalizma in seme kontroverzne politične filozofije, ki jo je pozneje oblikoval? Ali pa gre za prefinjen poskus kritike nacionalistične filozofije in izobraževalne politike, s katerima se je srečeval Nishida med svojim pisanjem v obdobju Meiji? Ali pa, kar je morda najbolj očitno, to delo ni povezano z nobenim političnim vprašanjem (vključno s tistimi, s katerimi se je Nishida soočil pozneje v svojem življenju)? V tem članku bom dokazoval, da čeprav obstaja dober razlog za podporo katerikoli od teh

Person-Centered Politics Eamonn O'Higgins, 2024-04-09 What accounts for the widespread disillusionment with politics *Person centered Politics* suggests that politics today through its structures processes and institutions tends to presuppose and to impose a certain caricature of the human person that inhibits and frustrates a real sense of personal participation in an authentic common good of politics and society In 12 chapters that touch on fundamental themes of political philosophy *Person centered Politics* proposes the social and transcendent dimensions of personal existence and their application to the renewal of politics today The themes explore the commonly accepted assumptions of politics today and how a renewed understanding of the person can invigorate political discourse and action In *Person centered Politics* the author is in continuous dialogue with some of the major contemporary philosophers and thinkers such as Eric Voegelin David Walsh Robert Sokolowski Vaclav Havel Pierre Manent Peter Simpson and Joseph Ratzinger Benedict XVI Detailed footnotes in each chapter provide reference to further sources of enlightenment and research *Person centered Politics* proposes an outline for a renewed vision of politics that is centered on the truth of human existence and not a politics that distorts and suffocates the human spirit because in the words of E Voegelin the right order of the soul through philosophy furnishes the standard for the right order of society and not the other way round
