Key Issues in Bioethics Ralph Levinson, Michael Reiss, 2003-12-16 Young people are increasingly being exposed to the huge and complex ethical dilemmas involved in issues such as genetic modification animal rights and cloning and they are bringing their views into the classroom But how can teachers be sure they are sufficiently well informed to help their pupils make sense of the diverse and emotive arguments surrounding these issues This book holds the answer Written by leading ethicists scientists and technologists it offers a balanced and jargon free guide to such highly debated topics as cloning in vitro fertilisation genetic screening and genetic engineering farm animal welfare the use of animals in medical experiments Written specifically for the non specialist teacher or lecturer this book offers suggestions on how to approach the teaching of bioethics and provides useful sources of further information It may also be of interest to undergraduates on science courses

Understanding Health Inequalities Graham, Hilary, 2009-08-01 Understanding Health Inequalities second edition provides an accessible and engaging exploration of why the opportunity to live a long and healthy life remains profoundly unequal

Understanding 'race' and ethnicity Craig, Gary, Atkin, Karl, 2012-02-22 Many welfare states are now struggling to deal with the issues and tensions raised by the growth of minority ethnic populations and increasing ethnic diversity The fact that most societies in the developed world are now multicultural raises many challenges for policy and for the delivery of welfare services which most states have yet to address retreating into forms of institutional racism to deny minorities the services they need Using the UK as an exemplary case study this much needed book combines historical and theoretical approaches to the issue of race and ethnicity within welfare provision including an examination of how minorities experience welfare in a range of service settings The book inspires new ways of approaching welfare and social policy in anticipation of a society that is equal inclusive fair and just for all and will make essential reading for students researchers practitioners and policy makers

Primary Healthcare and South Asian Populations Shahid Ali, Karl Atkin, 2018-08-15 The UK has the fastest growing rate of obesity in Europe with one in five adults classified as being obese The increasing incidence of obese and overweight children is of equal concern where the rates mirror those of adults This is a practical guide for GPs practice and community nurses and other health professionals in primary care Illustrated with case scenarios

examples of good practice and practice protocols it describes how to incorporate clinical governance with best practice in preventing and managing obesity and overweight problems The book provides templates for personal practice and professional development plans that can be used as part of GPs revalidation portfolios Reflective exercises at the end of each chapter help to identify learning and service needs and useful data are included on the National Obesity Forum Guidelines together with sources of information and relevant websites Topics include effective interventions motivation and influence adult and child diets myths and co existing medical conditions What we desperately need is a reliable evidence based workshop manual for managing obesity This book fits the bill Ruth Chambers and Gill Wakley have long track records for highlighting important issues in general practice In this book they team up with experts in obesity producing a book which I suspect will develop well thumbed pages in a short space of time Ian Banks in the Foreword

Medical Disorders in Pregnancy S. Elizabeth Robson, Jason Waugh, 2013-02-04 Praise for the 1st edition This book is a must have for any midwife particularly those working in the community clinics and in high risk areas This book is an extremely useful reference tool MIDIRS Midwifery Digest The important facts are laid out concisely primarily focusing on management using evidence based guidelines for best midwifery practice RCGP Journal Medical Disorders in Pregnancy A Guide for Midwives 2nd edition clearly outlines existing and pre existing conditions which women can experience during pregnancy This comprehensive and practical handbook identifies issues for pre conception care defines the condition explores possible complications outlines recommended treatment and emphasizes specific midwifery care This fully revised and updated edition of Medical Disorders in Pregnancy A Guide for Midwives builds on the success of the first edition by covering more subjects It includes physiology more illustrations and algorithms and its accessible reference style text enables information to be quickly and easily found Special Features A practical guide on medical disorders written specifically for midwives Jointly written by medical and midwifery experts in the field Accessible reference style format makes information easy and quick to find Emphasis on inter professional working

Marginalized Reproduction Lorraine Culley, Nicky Hudson, Floor van Rooij, 2012-05-16 Worldwide over 75 million people are involuntarily childless a devastating experience for many with significant consequences for the social and psychological well being of women in particular Despite greater levels of infertility and strong cultural meanings attached to having children little attention has been paid politically or academically to the needs of minority ethnic women and men This groundbreaking volume is the first to highlight the ways in which diverse ethnic cultural and religious identities impact upon understandings of technological solutions for infertility and associated treatment experiences within Western societies It offers a corrective to the dominance of the narratives of hegemonic groups in infertility research The collection begins with a discussion of fertility prevalence and access to treatment for minorities in the West and considers some of the key methodological challenges for social research on ethnicity and infertility Drawing on primary research from the US the UK Eire Germany the Netherlands and Australia the book then turns the spotlight onto the ways in which minority

status and cultural and religious mores might impact on the experience of infertility and assisted reproductive technologies It argues that more equitable access to culturally competent assisted conception services should be an essential component of a transformatory politics of infertility

Pain in Childbearing and its Control Rosemary Mander, 2010-12-07 Focusing on the mother's experience of pain and her contribution to its control this accessible text covers the background to historical and scientific understanding of pain and considers methods of researching and measuring pain Now in its 2nd edition *Pain in Childbearing and its Control* explores pregnancy labour and puerperal pain along with fetal and neonatal pain As well as approaching the topic in considerable depth the word pain is interpreted broadly Throughout the text research based theoretical approaches to pain and pain control are presented within the context of care The possibility of caring interventions being iatrogenic or aggravating the woman's pain lends this book a perceptively political orientation *Pain in Childbearing and its Control* will be invaluable to midwives and a wide range of care providers who seek to assist the woman in coping with her experience of childbearing and any associated pain

Dreams From My Mother Dame Elizabeth Anionwu, 2021-09-16 What a page turner of a book Dame Elizabeth uncovers the layers of her life from a childhood defined by secrets to discovering the identity of her father to her political awakening and her journey to becoming a Black health radical She uses her bellyful of anger to great effect highlighting the ethnic health inequalities exposed by sickle cell disease right through to Covid 19 More than anything her great sense of empathy and fun shine out from the page I loved it DUA LIPA

Dreams From My Mother is a beautiful memoir detailing an extraordinary life Dame Elizabeth Anionwu is an incredible role model for nurses and for everyone CHRISTIE WATSON author of *The Language of Kindness A Nurse's Story* What a woman What a book LEMN SISSAY OBE author of *My Name Is Why It's 1947* and a sheltered Catholic girl is studying Classics at Newnham College Cambridge She is the first one in her family to go to university and then she discovers that she's pregnant The father is also a student at Cambridge studying law And he is black Despite pressure to give up her baby for adoption the young mother has big dreams for her child's future Her daughter Elizabeth overcomes a background of shame stigma and discrimination to become one of the UK's greatest ever nurses and the first ever sickle cell nurse specialist Recently named a BBC 100 Women of the Year 2020 and awarded a Damehood Dame Elizabeth Anionwu has continued her work throughout her retirement and recently brought to the nation's attention how Covid 19 has had a devastating effect on Black and Asian communities *Dreams From My Mother* is an inspiring story about childhood race identity family friendship hope and what makes us who we are Ultimately it is an incredibly moving story of a mother and a daughter separated by society but united in the dreams they shared for her future Previously published as *Mixed Blessings From A Cambridge Union* this is a revised and updated edition This is a powerful and compelling story of dual heritage how an Irish girl became a Nigerian woman and how discovering a true and total sense of identity brought acceptance peace and joy This story will inspire many people who have Irish and African and other roots and should be read by all who are interested in the history and culture of those lands

It is a unique and deeply personal account of the triumph of character spirit and endeavour in the face of much adversity and considerable bigotry beautifully written with a complete absence of bitterness I felt in equal measure humbled and privileged to read it I never cry but the concluding reflection on the mother and daughter relationship made me cry unashamedly

Contagious Communities Roberta Bivins, 2015-09-24 It was only a coincidence that the NHS and the Empire Windrush a ship carrying 492 migrants from Britain s West Indian colonies arrived together On 22 June 1948 as the ship s passengers disembarked frantic preparations were already underway for 5 July the Appointed Day when the nation s new National Health Service would first open its doors The relationship between immigration and the NHS rapidly attained and has enduringly retained notable political and cultural significance Both the Appointed Day and the post war arrival of colonial and Commonwealth immigrants heralded transformative change Together they reshaped daily life in Britain and notions of Britishness alike Yet the reciprocal impacts of post war immigration and medicine in post war Britain have yet to be explored Contagious Communities casts new light on a period which is beginning to attract significant historical interest Roberta Bivins draws attention to the importance but also

the limitations of medical knowledge approaches and professionals in mediating post war British responses to race ethnicity and the emergence of new and distinctive ethnic communities By presenting a wealth of newly available or previously ignored archival evidence she interrogates and re balances the political history of Britain s response to New Commonwealth immigration Contagious Communities uses a set of linked case studies to map the persistence of race in British culture and medicine alike the limits of belonging in a multi ethnic welfare state and the emergence of new and resolutely unimagined communities of patients researchers clinicians policy makers and citizens within the medical state and its global contact zones
