**Francis Frascina**

## **Pollock And After Critical Debate:**

**Pollock and After** Francis Frascina, 2000 This revised edition features ten new articles and is fully updated to take account of new critical approaches to post war American art     Pollock and After Jackson Pollock, 1985     **Abstract Expressionism** Joan M. Marter, 2007 A collection of essays that discuss abstract expressionist art     **The Routledge Companion to Marxisms in Art History** Tijen Tunali, Brian Winkenweder, 2025-03-31 This companion is an essential contribution to the study of historical materialism in general and the social history of art in particular Each chapter in the collection focuses on a key figure concept or historical epoch Increasingly scholars adopt an array of Marxist methods intertwined with a host of other theoretical practices particularly the historiography of key issues regarding hegemony ideology and identity Ideological issues of connoisseurship patronage and analyses of the artwork as a form of labor and leisure are essential to the practice of Marxisms in art history This collection spotlights a plurality of Marxian theories in which the ideas of such figures as Walter Benjamin Guy Debord and T J Clark are debated and developed through analyses of the socio historical conditions that impact how art is produced circulated and received This ultimately underscores that the historical contextualization of artworks and their markets within a class based society is crucial for writing socially engaged art history This book will be of interest to scholars working in art history visual studies visual sociology communication studies and the sociology of art     Art, Politics and Dissent Francis Frascina, 1999 Art Politics and Dissent provides a counter history to conventional accounts of American art Close historical examinations of particular events in Los Angeles and New York in the 1960s are interwoven with discussion of the location of these events normally marginalized or overlooked in the history of cultural politics in the United States during the postwar period     Photography and Doubt Sabine T. Kriebel, Andrés Zervigón, 2016-11-25 Recent decades have seen photography's privileged relationship to the real come under question Spurred by the postmodern critique of photography in the 1980s and the rise of digital technologies soon thereafter scholars have been asking who and what built this understanding of the medium in the first place Photography and Doubt reflects on this interest in photography's referential power by discussing it in rigorously historical terms How was the understanding of photographic realism cultivated in the first place What do cases of staged and manipulated photography reveal about that realism's hold on audiences across the medium's history Have doubts about photography's testimonial power stimulated as much knowledge as its realism Edited by Sabine T Kriebel and Andrés Mario Zervigón Photography and Doubt is the first multi authored collection specifically designed to explore these questions Its 13 original essays illustrated with 73 color images explore cases when the link between the photographic image and its referent was placed under stress and when photography was as attuned to its myth making capabilities as to its claims to authenticity Photography and Doubt will serve as a valuable resource for students and scholars in art history visual and media studies philosophy and the history of science and technology     *Reading between Designs* Piers D. Britton, Simon J.

Barker,2010-01-01 From the alien worlds of Star Trek to the realistic operating room of ER the design of sets and costumes contributes not only to the look and mood of television shows but even more importantly to the creation of memorable characters Yet until now this crucial aspect of television creativity has received little critical attention despite the ongoing interest in production design within the closely allied discipline of film studies In this book Piers Britton and Simon Barker offer a first analytical study of scenic and costume design for television drama series They focus on three enduringly popular series of the 1960s The Avengers The Prisoner and Doctor Who and discuss such topics as the sartorial image of Steed in The Avengers the juxtaposition of picturesque and fascistic architecture in The Prisoner and the evolution of the high tech interior of Doctor Who s TARDIS Interviews with the series original designers and reproductions of their original drawings complement the authors analysis which sheds new light on a variety of issues from the discourse of fashion to that of the heritage industry notions of Pop and retro and the cultural preoccupation with realism and virtual reality **Art and**

**Design in 1960s New York** Amanda Gluibizzi,2021-02-26 Art and Design in 1960s New York explores the mutual influence between fine art and graphic design in New York City during the long decade of the 1960s Beginning with advertising s creative revolution and its relationship to pop artists the book traces design and art s developing interest in responses to civic problems such as the proliferation of billboards navigation through the city s streets and subways and issues of deteriorating infrastructure The strategies exploited by these artists and designers resulted in similar approaches to visual imagery and shared techniques for thinking about and responding to the city in which they lived **Jewish Identities in**

**American Feminist Art** Lisa E. Bloom,2013-09-05 Featuring sixty seven illustrations and providing an important reckoning and visualization of the previously hidden Jewish ghosts within US art Jewish Identities in American Feminist Art addresses the veiled role of Jewishness in the understanding of feminist art in the United States From New York city to Southern California Lisa E Bloom situates the art practices of Jewish feminist artists from the 1970s to the present in relation to wider cultural and historical issues Key themes are examined in depth through the work of contemporary Jewish artists including Eleanor Antin Judy Chicago Deborah Kass Rhonda Lieberman Martha Rosler and many others Crucial in any study of art visual studies women s studies and cultural studies this is a new and lively exploration into a vital component of US art

Barnett Newman and Heideggerian Philosophy Claude Cernuschi,2012-03-22 This book investigates the writings and works of the American Abstract Expressionist artist Barnett Newman in light of ideas articulated by one of Germany s most important and influential philosophers Martin Heidegger At the intersection of art history and philosophy an int **Ideology and Rhetoric** Bożenna Chylińska,2009-01-14 The discovery of America and its further development into a modern state and a nation are the clear instance of how ideology and rhetoric are entwined and how they can encompass widely disparate viewpoints The essays collected in this book address the topical issues of modern American Studies cultural difference and otherness gender race and ethnicity class and power They represent new texts and contexts approached through the revision

reevaluation and reconfiguration of canons thus accommodating the expectations of the heterodox audience Femininity reconsidered an ideology of passing away in contemporary world of technical development race captured within the framework of identity and gender the rhetoric of blackness approached through racial exploitation American conquest ideology revealed in a mission of Manifest Destiny the 20th century assimilation rhetoric in the relations between Native Americans and the US federal government the conservative ideology and apologetic rhetoric of the Antebellum South the critique of the 21st century American legal system the evolution of the presidential rhetoric which today addresses a large heterogeneous audience all these topics impose a transnational interpretation of American culture which developed as a result of the cross cultural transformation of European culture cultures moulded on American soil to finally become a unique reformulation of the very idea of America itself

*Writing Back to Modern Art* Jonathan Harris, 2005-10-09 Here for the first time is a full length study of the critical modernisms of the three leading art writers of the second half of the twentieth century which helps us build a better understanding of the development of modern art writing and its relation to the post modern in art and society since the 1970s Focusing on canonical modern artists such as Manet Cezanne Picasso and Pollock this book provides an important understanding of writing and criticism in modern art for all students and scholars of art theory and art history Mainstay issues discussed include aesthetic evaluation subjectivity and meaning in art and art writing Jonathan Harris examines key discourses and identifies points of significant overlap as well as sharp disjunction between the critics Developing the notions of good and bad complexity in modernist criticism *Writing Back to Modern Art* creates ways for us to think outside of these discourses of value and meaning and helps us to look at the place that art writing holds in the latter twentieth century and beyond

**Consuming Surrealism in American Culture** Sandra Zalman, 2017-07-05 *Consuming Surrealism in American Culture* Dissident Modernism argues that Surrealism worked as a powerful agitator to disrupt dominant ideas of modern art in the United States Unlike standard accounts that focus on Surrealism in the U S during the 1940s as a point of departure for the ascendance of the New York School this study contends that Surrealism has been integral to the development of American visual culture over the course of the twentieth century Through analysis of Surrealism in both the museum and the marketplace Sandra Zalman tackles Surrealism s multi faceted circulation as both elite and popular Zalman shows how the American encounter with Surrealism was shaped by Alfred Barr William Rubin and Rosalind Krauss as these influential curators mobilized Surrealism to compose to concretize or to unseat narratives of modern art in the 1930s 1960s and 1980s alongside Surrealism s intersection with advertising Magic Realism Pop and the rise of contemporary photography As a popular avant garde Surrealism openly resisted art historical classification forcing the supposedly distinct spheres of modernism and mass culture into conversation and challenging theories of modern art in which it did not fit in large part because of its continued relevance to contemporary American culture

**A Companion to Modern Art** Pam Meecham, 2018-02-13 *A Companion to Modern Art* presents a series of original essays by international and

interdisciplinary authors who offer a comprehensive overview of the origins and evolution of artistic works movements approaches influences and legacies of Modern Art Presents a contemporary debate and dialogue rather than a seamless consensus on Modern Art Aims for reader accessibility by highlighting a plurality of approaches and voices in the field Presents Modern Art s foundational philosophic ideas and practices as well as the complexities of key artists such as Cezanne and Picasso and those who straddled the modern and contemporary Looks at the historical reception of Modern Art in addition to the latest insights of art historians curators and critics to artists educators and more *Russian Realisms* Molly Brunson, 2016-09-10 One fall evening in 1880 Russian painter Ilya Repin welcomed an unexpected visitor to his home Lev Tolstoy The renowned realists talked for hours and Tolstoy turned his critical eye to the sketches in Repin s studio Tolstoy s criticisms would later prompt Repin to reflect on the question of creative expression and conclude that the path to artistic truth is relative dependent on the mode and medium of representation In this original study Molly Brunson traces many such paths that converged to form the tradition of nineteenth century Russian realism a tradition that spanned almost half a century from the youthful projects of the Natural School and the critical realism of the age of reform to the mature masterpieces of Tolstoy Fyodor Dostoevsky and the paintings of the Wanderers Repin chief among them By examining the classics of the tradition Brunson explores the emergence of multiple realisms from the gaps disruptions and doubts that accompany the self conscious project of representing reality These manifestations of realism are united not by how they look or what they describe but by their shared awareness of the fraught yet critical task of representation By tracing the engagement of literature and painting with aesthetic debates on the sister arts Brunson argues for a conceptualization of realism that transcends artistic media *Russian Realisms* integrates the lesser known tradition of Russian painting with the familiar masterpieces of Russia s great novelists highlighting both the common ground in their struggles for artistic realism and their cultural autonomy and legitimacy This erudite study will appeal to scholars interested in Russian literature and art comparative literature art history and nineteenth century realist movements **The English Theatrical Avant-Garde**

**1900-1925** Simon Shepherd, 2022-12-30 *The English Theatrical Avant Garde 1900 1925* unearths an extensive range of hitherto forgotten or ignored theatre practices In doing so it reveals some of the well known figures of the early twentieth century English theatre in a strikingly new light It fluently describes an intensity of innovation and experiment that together made the Edwardian theatre rather more radical and rather more queer than we ve ever thought Where the majority of writing on the early twentieth century theatrical avant garde is concerned with European movements and experiments English activity of the period is often seen as parochial and conservative mainly realism and issues based drama This book presents a new model of how avant gardes might work a model based not on masculine individualism but on communal inclusion In describing this fascinating material the author introduces us to many new figures and shows familiar ones in different ways there s Florence Farr independent woman Bob Trevelyan radical pacifist and music drama pioneer Granville

Barker doing fairy plays while de dramatising drama Laurence Housman socialist homosexual scripting St Francis and the oddly modern J M Barrie Together they made theatre practices rich in their diversity but consistent in their attempt to be new producing a theatrical avant garde unlike any other This is a vital and indispensable new study for scholars and students of early twentieth century theatre in England and beyond

**The Returns of Alwin Nikolaïs** Claudia Gitelman, Randy Martin, 2007-06-04 Long overdue reflections on a visionary choreographer

Aesthetics After Modernism Diarmuid Costello, 2024 Aesthetics after Modernism argues for the ongoing relevance of aesthetics to art after modernism In it I show that even what are typically taken to be the hardest of hard cases engage us in recognisably aesthetic ways and as such remain amenable to aesthetic analysis Why if that is true do so many art theorists critics and sometimes even artists appear to think otherwise I trace the artworld's rejection of aesthetic theory to Clement Greenberg's success in co-opting the discourse of aesthetics notably Kant's aesthetics to underwrite his own formalism about modernist art Not only has this led to Kant being tarred with the brush of Greenbergian formalism it has also led critics and theorists of later art to miss the resources of the aesthetic tradition perhaps especially Kant for capturing what is distinctive about our cognitive relation to the kinds of art that interest them There is a tendency simply to assume that Kant's aesthetics cannot speak to the more conceptual aspects of our interactions with art I trace the legacy of Greenberg's modernism and formalism for later art criticism and theory before offering an interpretation of Kant's theory of art that seeks to show otherwise I take Conceptual Art as my test case here is a form of art that often claims to forgo sensible properties altogether But if Kant's aesthetics can accommodate to our cognitive relation to art with no sensible features relevant to its appreciation as art then it should in principle withstand the challenge of any form of art

**Mediumism** René Vincente Arcilla, 2011-01-02 Mediumism considers what the modernist movement in the arts could mean for us today It examines how artists and critics particularly in the visual arts responded to the growth of industries of distraction since the nineteenth century by creating new kinds of artworks that stress their mediums Ren V Arcilla draws out the metaphysical and ethical implications of the work of critics Clement Greenberg T J Clark and Michael Fried from a perspective rooted in existentialism He finds in the resulting moral orientation a way to understand the distinctive purpose of liberal education and its political resistance to consumerism Eschewing terminology that would be familiar to only one set of specialists the book aims to be accessible to a general audience as well as to readers interested in modernist art cultural politics existentialist philosophy and the philosophical principles of liberal education

**Television After TV** Lynn Spigel, Jan Olsson, 2004-11-30 A critical reassessment of television and television studies in the age of new media

## **Pollock And After Critical Debate** Book Review: Unveiling the Magic of Language
