Polycarp John The Harris Fragments And Their Challenge To The Literary Traditions:

Polycarp & John Frederick W. Weidmann, 1999 This work is concerned with text on Polycarp of Smyrna and his association with the apostle John The Harris Fragments text raises questions about martyrdom and apostolicity the earliest history of Christians at Ephesus and Smyrna and the legacies of Polycarp and John among early Christians **From the Lost Teaching of Polycarp** Charles Evan Hill, 2006 This book significantly expands our understanding of the life and work of Polycarp of Smyrna Part One establishes that the anonymous apostolic presbyter whose oral teaching is cited intermittently by Irenaeus in Against Heresies 4 27 1 through 4 32 1 is in fact Polycarp The fragments of teaching preserved by Irenaeus shed valuable light upon his relationship with Polycarp establishing that Irenaeus contact with his teacher was neither fleeting nor shallow They also reveal Polycarp s important role in opposing the early effects of the Marcionite movement and gain a valuable perspective on Polycarp s Old Testament hermeneutic in the face of ecclesiastical controversy Part Two considers the many links which would tie Polycarp to the work known as Ad Diognetum Charles E Hill proposes that the work is not a treatise but the transcript of an oral address A new proposal is made for the identity of Diognetus the addressee based upon archaeological evidence of an aristocratic Smyrnaean family of the second century **The Cambridge Companion to the Apostolic Fathers** Michael F. Bird, Scott Harrower, 2021-06-17 The Cambridge Companion to the Apostolic Fathers offers an informative introduction to the extant body of Christian texts that existed beside and after the New Testament known to us as the apostolic fathers Featuring cutting edge research by leading scholars it explores how the early Church expanded and evolved over the course of the first and second centuries as evidenced by its textual history The volume includes thematic essays on imperial context the relationship between Christianity and Judaism the growth and diversification of the early church influences and intertextuality and female leaders in the early church The Companion contains ground breaking essays on the individual texts with specific attention given to debates of authorship authenticity dating and theological texture The Companion will serve as an essential resource for instructors and students of the first two centuries of Christianity *Polycarp and Paul* Kenneth Berding, 2015-12-22 This volume addresses the question of the Apostle Paul s literary and theological influences on Polycarp of Smyrna To this end the most detailed analysis in print of Polycarp s dependence on earlier literature both biblical and extra biblical is undertaken in the first part of the book This general analysis forms the basis for the study of three questions 1 Is Polycarp an imitator of Paul 2 Whom does Polycarp think is the author of the Pastoral Epistles 3 To what degree is Polycarp influenced by the theology of Paul This volume will be of particular interest to anyone studying the Apostolic Fathers the reception of Paul in the second century the concept of imitation and the authorship of the Pastoral Epistles *Polycarp's Epistle to the Philippians and the Martyrdom of Polycarp* Policarpo (santo, vescovo di Smirne), 2013-07-25 This commentary on Polycarp s Epistle to the Philippians and the Martyrdom of Polycarp includes extensive introductions the Greek or Latin texts facing English translations and substantial comments on

each passage The preliminary material investigates Polycarpian traditions and reconstructs an outline of his life The introductory studies for both Philippians and the Martyrdom discuss text and manuscript traditions date and place of composition historical setting literary genre and style unity and integrity purpose and themes theology and post composition influence The volume also explores communal self definition moral formation and the transmission of traditions including the use of documents now found in the New Testament The commentary proceeds passage by passage but also includes lengthy discussions of critical issues and key interpretive questions The investigations survey the current status of relevant scholarship and contain balanced discussions of controversial topics and scholarly debates **The Ways That Never**

Parted Adam H. Becker,Annette Yoshiko Reed, The first paperback edition of the hardcover published by Mohr Siebeck in 2003 Startling state of the art essays on Jewish Christian relations in antiquity Includes a new preface by the editors discussing scholarships since 2003 *The Early Martyr Narratives* Éric Rebillard,2020-11-27 From Eusebius of Caesarea who first compiled a collection of martyr narratives around 300 to Thierry Ruinart whose *Acta primorum martyrum sincera et selecta* was published in 1689 the selection and study of early hagiographic narratives has been founded on an assumption that there existed documents written at the time of martyrdom or very close to it As a result a search for authenticity has been and continues to be central even in the context of today s secular scholarship But as ric Rebillard contends the alternative approach to set aside entirely the question of the historical reliability of martyr narratives is not satisfactory either Instead he argues that martyr narratives should be consider as fluid living texts written anonymously and received by audiences not as precise historical reports but as versions of the story In other words the form these texts took between fact and fiction made it possible for audiences to readily accept the historicity of the martyr while at the same time not expect to hear or read a truthful account In *The Early Martyr Narratives* Rebillard considers only accounts of Christian martyrs supposed to have been executed before 260 and only those whose existence is attested in sources that can be dated to before 300 The resulting small corpus contains no texts in the form of legal protocols traditionally viewed as the earliest most official and authentic records nor does it include any that can be dated to a period during which persecution of Christians is known to have taken place Rather than deduce from this that they are forgeries written for the sake of polemic or apologetic Rebillard demonstrates how the literariness of the narratives creates a fictional complicity that challenges and complicates any claims of these narratives to be truthful Irenaeus of Lyons John Behr,2013-07-25 A full contextual study of Irenaeus of Lyons the first great theologian of the Christian tradition John Behr sets Irenaeus both within his own context of the second century and our own contemporary context The Identity of John the Evangelist Dean Furlong,2020-01-23 This book examines the various Johannine narratives found in writings in the period from Papias early second century to Eusebius early fourth century Dean Furlong argues that the first major revision of the Johannine narrative was the identification of John the Evangelist with John the Apostle the son of Zebedee at the beginning of the third century This in turn initiated a

process of reinterpretation as the previously separate narratives of the two figures were variously spun into new configurations during the third and fourth centuries This process culminated with Eusebius's synthesis of the Johannine traditions which came to form the basis of what is considered the traditional Johannine story Furlong concludes that in the earliest narrative found in Papias John the Evangelist was identified not with the Apostle but with another disciple of Jesus known as John the Elder

The Apostolic Fathers and Paul Todd D. Still, David E. Wilhite, 2016-12-01 Building on the work of Tertullian and Paul this volume continues a series of specially commissioned studies by leading voices in New Testament Early Christianity and Patristics studies to consider how Paul was read interpreted and received by the Church Fathers In this volume the use of Paul's writings is examined within the work of the Apostolic Fathers Issue of influence reception theology and history are examined to show how Paul's work influenced the developing theology of the early Church The literary style of Paul's output is also examined The contributors to the volume represent leading lights in the study of the Apostolic Fathers as well as respected names from the field of New Testament studies

Visions of God and Ideas on Deification in Patristic Thought Mark Edwards, Elena Ene D-Vasilescu, 2016-10-26 This volume illustrates the complexity and variety of early Christian thought on the subject of the image of God as a theological concept and the difficulties that arise even in the interpretation of particular authors who gave a cardinal place to the image of God in their expositions of Christian doctrine The first part illustrates both the presence and the absence of the image of God in the earliest Christian literature the second examines various studies in deification both implicit and explicit the third explores the relation between iconography and the theological notion of the image

The Gospel of John : 2 Volumes Craig S. Keener, 2010-03-01 Keener's commentary explores the Jewish and Greco Roman settings of John more deeply than previous works paying special attention to social historical and rhetorical features of the Gospel It cites about 4 000 different secondary sources and uses over 20 000 references from ancient literature

The Fate of the Apostles Sean McDowell, 2016-03-09 The Book of Martyrs by John Foxe written in the 16th century has long been the go to source for studying the lives and martyrdom of the apostles Whilst other scholars have written individual treatments on the more prominent apostles such as Peter Paul John and James there is little published information on the other apostles In *The Fate of the Apostles* Sean McDowell offers a comprehensive reasoned historical analysis of the fate of the twelve disciples of Jesus along with the apostles Paul and James McDowell assesses the evidence for each apostle's martyrdom as well as determining its significance to the reliability of their testimony The question of the fate of the apostles also gets to the heart of the reliability of the kerygma did the apostles really believe Jesus appeared to them after his death or did they fabricate the entire story How reliable are the resurrection accounts The willingness of the apostles to die for their faith is a popular argument in resurrection studies and McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies Church History and apologetics

The John also called Mark Dean Furlong, 2020-05-27 In this study Dean Furlong examines the reception of

John Mark in Christian tradition discussing his identifications with both Mark the Evangelist and Mark the founder of the Alexandrian Church and positing that some ancient writers identified John Mark with John the Evangelist *Dictionary of Theologians* Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologiansi lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionaryis bibliographies The unprecedented thoroughness of Hill s compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers **To Cast the First Stone** Jennifer Knust, Tommy Wasserman, 2018-11-13 The story of the woman taken in adultery features a dramatic confrontation between Jesus and the Pharisees over whether the adulteress should be stoned as the law commands In response Jesus famously states Let him who is without sin be the first to throw a stone at her To Cast the First Stone traces the history of this provocative story from its first appearance to its enduring presence today Likely added to the Gospel of John in the third century the passage is often held up by modern critics as an example of textual corruption by early Christian scribes and editors yet a judgment of corruption obscures the warm embrace the story actually received Jennifer Knust and Tommy Wasserman trace the story s incorporation into Gospel books liturgical practices storytelling and art overturning the mistaken perception that it was either peripheral or suppressed even in the Greek East The authors also explore the story s many different meanings Taken as an illustration of the expansiveness of Christ s mercy the purported superiority of Christians over Jews the necessity of penance and more this vivid episode has invited any number of creative receptions This history reveals as much about the changing priorities of audiences scribes editors and scholars as it does about an original text of John To Cast the First Stone calls attention to significant shifts in Christian book cultures and the enduring impact of oral tradition on the preservation and destabilization of scripture **The Askesis of Abjection** Barbara Ellen Logan, 2002 They Went Out from Us Daniel R. Streett, 2011-01-27 By means of careful historical work and exegesis Streett argues that the secession mentioned in 1 John did not have to do with a later complex Christological issue such as docetism Cerinthianism or a devaluation of the historical life death of Jesus but rather concerned the foundational belief in the Messiahship of Jesus a tenet the secessionists had renounced in order to return to the Jewish synagogue He critiques the common maximalistic mirror reading approach to the letter as misguided and contends that the letter is primarily pastoral

meant to comfort and reassure the community rather than to argue against the secessionists Streett's main contributions are his detailed examination of the ancient historical evidence especially the Patristic evidence for the Johannine opponents and his in depth and innovative exegesis of the key opponent passages 1 Jn 2 18 27 4 1 6 5 6 12 2 Jn 4 11 **Cambridge**
