*Possessing Polynesians* Maile Renee Arvin, 2019-11-08. From their earliest encounters with Indigenous Pacific Islanders, white Europeans and Americans asserted an identification with the racial origins of Polynesians, declaring them to be racially almost white and speculating that they were of Mediterranean or Aryan descent. In *Possessing Polynesians*, Maile Arvin analyzes this racializing history within the context of settler colonialism across Polynesia, especially in Hawai'i. Arvin argues that a logic of possession through whiteness animates settler colonialism, by which both Polynesia, the place, and Polynesians, the people, become exotic, feminized belongings of whiteness. Seeing whiteness as indigenous to Polynesia provided white settlers with the justification needed to claim Polynesian lands and resources. Understood as possessions, Polynesians were and continue to be denied the privileges of whiteness. Yet Polynesians have long contested these classifications, claims, and cultural representations, and Arvin shows how their resistance to and refusal of white settler logic have regenerated Indigenous forms of recognition.

Handbook of Polynesian Mythology Robert D. Craig, 2004-10-25. An accessible, concise reference source on Polynesia's complex mythology, product of a culture little known outside its home. Encounters with the West introduced Polynesian mythology to the world and sealed its fate as a casualty of colonialism. But for centuries before the Europeans came, that mythology was as vast as the triangle of ocean in which it flourished, as diverse as the people it served, and as complex as the mythologies of Greece and Rome. Students, researchers, and enthusiasts can follow vivid retellings of stories of creation, death, and great voyages, tracking variations from island to island. They can use the book's reference section for information on major deities, heroes, elves, fairies, and recurring themes, as well as the mythic implications of everything from dogs and volcanoes to the hula. Easter Island and tattooing, invented in the South Pacific and popularized by returning sailors.

The Explorers of the Pacific Geoffrey Malcolm Badger, 1996. A thoroughly researched historical account of the hazards and adventures explorers faced while sailing the Pacific Ocean.
