

The background of the cover is a painting of a desolate, arid landscape. It features rolling hills and valleys with sparse, dry vegetation. In the lower center, a small figure of a person is visible, possibly working in the field. The overall color palette is dominated by earthy tones like browns, tans, and muted greens, with a pale blue sky at the top.

Xavier Herbert's, Poor Fellow My Country Debra K. Stockall, 1979      **Poor Fellow My Country** Xavier

Herbert, 2014-10-01 Poor Fellow My Country is an Australian classic perhaps THE Australian classic The Times Literary Supplement From Australia's oldest publisher comes the longest Australian novel ever published The winner of the 1975 Miles Franklin Award is now back in print with a new introduction by Russell McDougall In Poor Fellow My Country Xavier Herbert returns to the region made his own in Capricornia Northern Australia Ranging over a period of some six years the story is set during the late 1930s and early 1940s but it is not so much a tale of this period as Herbert's analysis and indictment of the steps by which we came to the Australia of today Herbert parallels an intimate personal narrative with a tale of approaching war and the disconnect between modern Australia and its first inhabitants With enduring portraits of a large cast of local and international characters Herbert paints a scene of racial familial and political disparity He lays bare the paradoxes of this wild land both old and wise young and flawed Winner of the Miles Franklin award on first publication in 1975 Poor Fellow My Country is masterful storytelling an epic in the truest sense This is the decisive story of how Australia threw away her chance of becoming a true commonwealth and it is undoubtedly Herbert's supreme contribution to

Australian literature Will we ever reach the dream of Australia Felix the happy south land      *Xavier Herbert's Capricornia and Poor Fellow My Country* John McLaren, 1981      *Semantics, Culture, and Cognition* Anna Wierzbicka, 1992-10-22 Not everything that can be said in one language can be said in another The lexicons of different languages seem to suggest different conceptual universes Investigating cultures from a universal language independent perspective this book rejects analytical tools derived from the English language and Anglo culture and proposes instead a natural semantic metalanguage formulated in English words but based on lexical universals The outcome of two and a half decades of research the metalanguage is made up of universal semantic primitives in terms of which all meanings including the most culture specific ones can be described and compared in a precise and illuminating way Integrating insights from linguistics cultural anthropology and cognitive psychology and written in simple non technical language *Semantics Culture and Cognition* is accessible not only to scholars and students but also to the general reader interested in semantics and the relationship between language and culture

popular imagination      All Honourable Men Rob Stevens, 2014-02-13 This book charts my fall from a nearly solidly established place in life to nothing and less The progress of the author's life downhill closely parallels the decline of the West overall and for the same reasons thus creating of this work a parable for the decline of our society civilisation and culture to the rock bottom it is today A timely book that all should read      Outside the Box Pietro Barbara, 2018-05-08 Buckle up This is a refreshing exciting challenging fun ride Under the license of outside the box thinking the writer has given believable practical alternative answers to most of Australia's current challenges The overriding intention is to promote outside the box thinking so provoking discussion and debate indeed any reaction that might facilitate our journey to the next level Beginning with the creation of a respectful republic a new flag a sensitive inclusive constitution and a renewed political system Addressing the taxation dilemma and offering universal fair retirement and healthcare Solving the energy water and climate change challenges and making a proud place for our First Nation people Advocating an Australia coming of age on the world stage putting Australia first in the eyes of all Then encouraging universal outside the box thinking by touching on other fundamental often contentious issues No subject is Taboo Outside the Box      Bad History and the Logics of Blockbuster Cinema P. McGee, 2012-01-02 McGee studies historical representation in commodified popular cinema as expressions of historical truths that more authentic histories usually miss and argues for the political and social significance of mass culture through the interpretation of four recent big budget movies Titanic Gangs of New York Australia and Inglourious Basterds

**Fights of My Life** Greg Combet, Mark Davis, 2014-08-01 Greg Combet has been central to some of the biggest public struggles of our time on the waterfront the collapse of an airline compensation for asbestos victims the campaign against unfair workplace laws and then climate change From an idyllic childhood on the Minchinbury estate in the western suburbs of Sydney Combet's world changed dramatically with the early death of his wine maker father The shy child was uprooted to the suburbs and an uncertain future A scholarship allowed him to study engineering and saw him appreciate first hand the role of unions in the workplace He rose to lead the Australian trade union movement and become a senior minister in the Rudd and Gillard Labor governments Along the way he has battled his own struggles with political ideology the impact of work on families and the loneliness of the parliamentary life His story is not just a personal memoir it is an insight into how power works in Australia who holds it how it is used and the ruthless ways in which it is snatched The Fights of My Life is the story of a man who faces up to the power structures of politics big business and the media His latest target is the labour movement arguing that the Labor Party and the trade unions must democratise to engage the next generation of activists to fight the good fight to achieve a more fair and just Australia      *The Reception of Northrop Frye*, 2021-08-31 The widespread opinion is that Northrop Frye's influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton's 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles

translations dissertations and theses and reviews in order to demonstrate that the attention Frye's work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye's reception in front of us such as Hayden White's theory of emplotments applied to historical writing and Byron Almén's theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton's rhetorical question is a very large and growing number the growth being not incremental but exponential

*Writers Directory NA NA, 2016-03-05* *Fear and Temptation* Terry Goldie, 1993 Goldie skillfully reveals the ambivalence of white writers to indigenous culture through an examination of the stereotyping involved in the creation of the image of the Other The treacherous redskin and the Indian maiden embodiments of violence and sex also evoke emotional signs of fear and temptation of white repulsion from and attraction to the indigene and the land Goldie suggests that white culture deeply attracted to the impossible idea of becoming indigenous either rejects native land claims and denies recognition of the original indigenes or incorporates these claims into white assertions of native status After comparing the works of Canadian author Rudy Wiebe and Australian author Patrick White Goldie concludes by linking the results of his literary analysis to wider cultural concerns particularly land rights He shows that literary views of natives both positive and negative emphasize the same characteristics and he suggests that escape from this limited vision may open the door to solving the problems of native sovereignty

**The Australia First Movement** Barbara Winter, 2005 Australia First is a good slogan that has been adopted by several quite different political ideologies This book deals with the movement that developed slowly from about 1936 and came to an inglorious end in 1942 It grew out of the Victorian Socialist Party and the Rationalist Association At first it attracted literary figures such as Xavier Herbert Eleanor Dark Miles Franklin When it became heavily political among its members were former communists and a Nazi Party member some worked for the Labor Party some for the United Australia Party later the Liberal Party One was a paid agent of the Japanese Some were connected with Theosophy some with Odinism and in Victoria most were Irish Catholics with links to Archbishop Mannix and Sein Fein Among their close friends were John Curtin Dr Evatt Arthur Calwell Jack Beasley Robert Menzies Percy Spender Archie Cameron Several had contacts with Oswald Mosley's British Union of Fascists and with the Imperial League of Fascists and National Socialists One had met Hitler and corresponded with General Ludendorff Two composed and circulated anonymous subversive pamphlets Others imported Nazi propaganda one even during the war through the German Consulate General in New York At its core was a coterie of elderly men with too much time too much money and little common sense Inky Stephensen was the public face of the AFM and was responsible for the crude and vulgar style of its monthly magazine the Publicist But behind it all was Billy Miles a cynical arrogant manipulator who turned it into a vehicle for anti-Semitic propaganda He who wrote What is the solution to the Jewish question There can be none

while a Jew lives Its downfall was precipitated less by its fascist and Nazi tendencies than by its close association with the Japanese In the end the internment of AFM adherents was used by both Labor and Liberal politicians as a stick with which to beat each other until the wrongs and rights of the affair became buried under political abuse
