Race, Class, and Power in the Alabama Coalfields, 1908-21 Brian Kelly, 2001 In this lucid and supremely readable study Brian Kelly challenges the prevailing notion that white workers were the main source of resistance to racial equality in the Jim Crow South Kelly explores the forces that brought the black and white miners of Birmingham Alabama together during the hard fought strikes of 1908 and 1920 He examines the systematic efforts by the region s powerful industrialists to foment racial divisions as a means of splitting the workforce preventing unionization and holding wages to the lowest levels in the country He also details the role played by Birmingham s small but influential black middle class whose espousal of industrial accommodation outraged black miners and revealed significant tensions within the African American community

Reform, Red Scare, and Ruin James Smallwood, 2008-03-06 Virginia Durr of Alabama was a major reformer whose public career spanned almost fifty years She fought against the Poll Tax and other restrictions of the franchise that stopped millions of whites and

blacks from voting a development favoring only the South's aristocracy. She became a leader of the Southern Conference on Human Welfare and the Southern Conference Education Fund. Most notably, she directed the National Committee to Abolish the Poll Tax. As well, she actively participated in the Civil Rights Movement by working with people like Martin Luther King Jr. and Mary McLeod Bethune. Because of her reform activism, Durr became a target of J. Edgar Hoover's FBI America's secret police and the House Committee on Un-American Activities. She along with her husband was hounded by reactionaries from 1938 through the early 1960s. In the United States in the modern era, suppression did not begin with President George Bush; rather, suppression began much earlier. Virginia Durr's career is a case in point. **Goldberger's War** Alan M.

Kraut, 2021-05-25 For fans of Guns, Germs, and Steel, Alan M. Kraut's *Goldberger's War* tells the story of one doctor's courageous journey to cure deadly diseases and epidemics. *Goldberger's War* chronicles one of the U.S. Public Health Service's most renowned heroes, an immigrant Jew who trained as a doctor at Bellevue, became a young recruit to the federal government's health service, and ended an American plague. He did so by defying conventional wisdom, experimenting on humans, and telling the South precisely what it didn't want to hear. Kraut shows how Dr. Goldberger's life became quite literally the stuff of legends. On the front lines of the major public health battles of the early 20th century, he fought the epidemics that were then routinely sweeping the nation: typhoid, yellow fever, and the measles. After successfully confronting and often contracting the infectious diseases of his day, in 1914 he was assigned the mystery of pellagra, a disease whose cause and cure had eluded the world for centuries and was then afflicting tens of thousands of Americans every year, particularly in the emerging New South. Engrossing story of an American medical hero. *The New England Journal of Medicine*. **A Treasure Chest of Hidden History** Rusty Glover, 2013-09-16 As a high school history teacher for the past 25 years, I have collected and read hundreds of books pertaining to my subjects taught. On the completion of each book, I would carefully take notes on the most interesting events, quotes, or interpretations that I felt would enhance instruction for my students. After filling numerous notepads of information on over 800 books, I contemplated a project of sharing my most interesting findings. The result of this twenty-plus year project is this book. This book is divided into 16 chapters based on the various topics presented. Some chapters contain a small amount of entries, such as Nicknames, Espionage, or Labor, while chapters on the Presidents or quotes will fill over thirty pages. The first chapter puts emphasis on the role my home state of Alabama has played on the national scene. One chapter is entitled Miscellaneous Odds and Ends due to the subject matter not fitting into any other classification. *Speaking of Alabama* Thomas E.
