Regimes of Language Paul V. their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of Current Issues in Language Planning Social Class and Education Lois Weis,Nadine Dolby,2012 Social Class and Education Global Perspectives is the first empirically grounded volume to explore the intersections of class social structure opportunity and education on a truly global scale Fifteen essays from contributors representing the US Europe China Latin America and other regions offer an unparalleled examination of how social class differences are made and experienced through schooling By underscoring the consequences of our new global reality this volume takes seriously the transnational migration of commerce capital and peoples and the ramifications of such for education and social structure Moving beyond national confines internationally recognized scholars Lois Weis and Nadine Dolby offer a set of emblematic essays that break new theoretical and empirical ground on the ways class is produced and maintained through education around the world **Encyclopedia of Sex and Gender** Carol R. Ember,Melvin Ember,2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender gender differences gender roles relationships between the genders and sexuality The encyclopedia is divided into two volumes Topics and Cultures The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students researchers and teachers interested in gender studies and cross cultural variation in sex and gender It deserves a place in the library of every university and every social science and health department Contents Glossary Cultural Conceptions of Gender Gender Roles Status and Institutions Sexuality and Male Female Interaction Sex and Gender in the World s Cultures Culture Name Index Subject Index **Language and Political Subjectivity** Miki Makihara,Juan L.
