Region And Empire Panjab In The Seventeenth Century:

Region and Empire Chetan Singh, 1991 Region and Empire examines Panjab's remarkably stratified society in the seventeenth century. The extension of agriculture for instance encouraged the settling of pastoral tribes which had long roamed the inhospitable fringes of the Panjab landscape. Growing social ferment disturbed the customary stability of society and eventually led to political conflict in the region. *Islamic Societies to the Nineteenth Century* Ira M.

Lapidus, 2012-10-22 First published in 1988 Ira Lapidus A History of Islamic Societies has become a classic in the field enlightening students, scholars and others with a thirst for knowledge about one of the world's great civilizations. This book based on fully revised and updated parts one and two of this monumental work describes the transformations of Islamic societies from their beginning in the seventh century through their diffusion across the globe into the challenges of the nineteenth century. The story focuses on the organization of families and tribes, religious groups and states showing how they were transformed by their interactions with other religious and political communities. The book concludes with the European commercial and imperial interventions that initiated a new set of transformations in the Islamic world and the onset of the modern era. Organized in narrative sections for the history of each major region with innovative analytic summary

introductions and conclusions this book is a unique endeavour. Music in Colonial Punjab Radha Kapuria, 2023 This book offers the first social history of music in undivided Punjab 1800-1947 unearthing new evidence to argue for the power of female performers and the primacy of classical music for a region conventionally understood as a centre of folk music alone.

Medieval Panjab in Transition Surinder Singh, 2022-06-08 This book reconstructs the historical transition in the undivided Panjab during the sixteenth and seventeenth centuries. It shows that the assertion of Mughal and Afghan suzerainty faced sustained resistance from local elements particularly the autonomous tribes and hill chieftdoms. In central plains Dulla Bhatti mobilized the toilers of his ancestral domain and leading a relentless fight against the Mughal oppression became an abiding symbol of resistance in the collective memory. The multicultural legacy of Panjab evolved through diverse strands of spirituality. The jogis wedded to monastic discipline, supernatural abilities and land grants gained acceptance through their exertions for social betterment. The Sabiri and Qadiri silsilas channelized mystical urges towards the technique of prime recitation. The popular verses of Shah Husain, Baba Lal and Sultan Bahu proposed a loving relation with God. The legendary lovers perishing in the struggles against patriarchal forces promoted a merger of dissent with spirituality. In the city of Lahore the material pursuits and cultural life were visible in a mosaic of descriptions including episodes of social tension. The book understands the upliftment of depressed castes as a defining feature of Sikhism. It places egalitarian concern of the Sikh Gurus alongside the anti-caste protests of Namdev, Kabir and Ravidas. Owing to scriptural authority and congregational equality the members of depressed castes attained a numerical majority in the Sikh warrior bands that shook the foundations of the Mughal state. The work relies on evidence from the Persian chronicles, Mughal newsletters, Sufi writings, Sikh literature

world of settled farming While focusing on Punjab India this pathbreaking analysis offers a broad argument about the workings of colonial power the fantasy of imperialism it says is to make the universe afresh Such radical change Neeladri Bhattacharya shows is as much conceptual as material Agrarian colonization was a process of creating spaces that conformed to the demands of colonial rule It entailed establishing a regime of categories tenancies tenures properties habitations and a framework of laws that made the change possible Agrarian colonization was in this sense a deep conquest Colonialism the book suggests has the power to revisualize and reorder social relations and bonds of community It alters the world radically even when it seeks to preserve elements of the old The changes it brings about are simultaneously cultural discursive legal linguistic spatial social and economic Moving from intent to action concepts to practices legal enactments to court battles official discourses to folklore this book explores the conflicted and dialogic nature of a transformative process By analyzing this great conquest and the often silent ways in which it unfolds the book asks every historian to rethink the practice of writing agrarian history and reflect on the larger issues of doing history **The Indian Frontier** Jos

Gommans, 2017-12-22 This omnibus brings together some old and some recent works by Jos Gommans on the warhorse and its impact on medieval and early modern state formation in South Asia These studies are based on Gommans observation that Indian empires always had to deal with a highly dynamic inner frontier between semi arid wilderness and settled agriculture Such inner frontiers could only be bridged by the ongoing movements of Turkish Afghan Rajput and other warbands Like the most spectacular examples of the Delhi Sultanate and the Mughal Empires they all based their power on the exploitation of the most lethal weapon of that time the warhorse In discussing the breeding and trading of horses and their role in medieval and early modern South Asian warfare Gommans also makes some thought provoking comparisons with Europe and the Middle East Since the Indian frontier is part of the much larger Eurasian Arid Zone that links the Indian subcontinent to West Central and East Asia the final essay explores the connected and entangled history of the Turko Mongolian warband in the Ottoman and Timurid Empires Russia and China **The Materiality of the Past** Anne Murphy, 2012-11-29 Anne Murphy

imaginaries centered in place and object The life of the object today and in the past she suggests provides unique insight into the formation of the Sikh community and the crucial role representations play in it **'Criminal' Tribes of Punjab** Birinder Pal Singh,2012-04-27 One of the important projects launched by the British government in the late 19th century was the preparation of a detailed census of the demographic profile of the Indian population across the country Unable to understand the cultural pluralism that characterizes Indian unity in variety the census was riddled with problems of definition and categories This book is a comprehensive ethnographic account of seven tribes in Punjab classified as criminal by the British administration in order to make some sense of their alleged criminality Bauria Bazigar Banjara Bangala Barad Gandhila Nat and Sansi The problem of definition of tribe and the issue of criminality are discussed critically More importantly the book shows that contrary to the claims of the Punjab government these ex criminal tribes still exist and constitute the poorest of the poor in an otherwise prosperous state It also addresses to a significant current development of various Denotified Tribes Associations in Punjab and other states as well that have already started raking their long pending demand of Scheduled Tribe status It is suggested that if their demands are not suitably addressed to they may take recourse to the Gujjar way of resolving conflict as in Rajasthan As tribes the world over are slowly facing extinction this important book will serve to archive the ethnographies of these ex criminal tribes An unusual feature of the book is the voices of a few of the elderly in these tribes whose reminiscences about their traditions beliefs and practices have been documented The book will be valuable for those in the fields of sociology anthropology social history tribal and ethnic studies cultural and folk studies
