Relapse Into Bondage:

A Biblical Cognitive Relapse Prevention Support Group Robert Vann, 2019-08-23 ASBPM has designed a biblically strategic participant guide which assists individuals in taking an in depth individualized view of what they need to do to prevent them from returning to sowing to the flesh relapsing. It also helps each individual to recognize their particular needs spiritual, emotional and mental by identifying their strongholds, infirmities, set up behaviors and cravings, enabling them to select practical biblical solutions to address those needs. It addresses every major area of sowing to the flesh relapse prevention that individuals in restoration from the effects of alcohol and other drugs encounter. The participant guide is extremely comprehensive and provides biblical insight into key principles necessary for relapse prevention. The Biblical Cognitive Relapse Prevention Support Group is a highly interactive, open ended group based on five phases of development. Each phase is designed to address a critical area in relapse prevention. The participant guide is designed to promote a biblical view of relapse prevention, fellowship with God, and for group participants to develop an understanding and faith in their identity in Christ, character development and insight into overcoming the effects of addiction. Group members are required to complete exercises, self checks, action steps and self ratings at the end of each phase that are shared within the group. Fellowship with God is emphasized throughout the group process. ASBPM has also developed a group facilitators training kit consisting of a facilitator's guide and PowerPoint presentation. The facilitator's guide is a strategic tool for instructing group facilitation in a small group setting. It is designed to provide pastors, chaplains and ministry leaders with an effective training tool and biblical insight for equipping ministry volunteers working with individuals being restored from addiction to drugs, alcohol.

The Paramarthasara or Epitome of the Highest Truth is perhaps the earliest work on Advaita Vedanta in existence. Attributed to Adi Sesa, the primeval serpent or at least to his incarnation Patanjali, it gives in a mere 85 verses, employing ancient Samkhya terminology, a succinct statement of the highest truths taught in non dual Vedanta. Its teachings have many parallels to those found in Gaudapada's famous Mandukya karika. This edition includes the original Sanskrit text. Added to this edition is the later Kashmiri Saiva work of the same name written by Abhinavagupta, which is based on Adi Sesa's earlier work.
