THE DARK SIDE OF LEADERSHIP Dr Tessie Herbst, 2014 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been exclusively studied by leadership researchers to date the influence of spiritual forces in personality disorders which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions This book provides solid information and new insights for anyone seeking to understand the dark side of leadership

Another Christ Andrew Mayes,2014-10-16 Growth in Christlikeness is a goal for all Christians and especially for those in leadership But the images of Christ that have become the institutional norm refer to a model of pastoral ministry that seems to allow no scope for innovation or eccentricity In this riveting book Andrew Mayes explores how the first century setting of Jesus reveals his identity as builder hermit rebel mystic reveller jester iconoclast revealer and enigma liberator traveller and mentor brother and trail blazer The aim of *Another Christ* is to encourage us to see how these images can inform the practice and spirituality of leadership today and to this end each chapter ends with a set of penetrating questions and ideas for further reading

A Hope-Filled Journey Under His Sky Bruce George Alder,2016-10-27 This book is a very personal reflection on the life of Belinda BJ Alder a young missionary whose life was cut short through cancer Her father Bruce a Christian pastor and educator explores the influences that shaped BJ into an effective missionary who impacted many people around the world BJ s own reflections of her journey of life and faith through the battle with cancer are shared through excerpts from her own daily journal While the emotions expressed are raw there is a celebration of life and grace in the midst of tragedy In this authentic and intellectually honest reflection the focus is on serving in the midst of suffering How does one make sense of unanticipated and devastating circumstances that came the way of BJ and her family How does one lean into suffering and allow that response to make a significant impact How does a pastoral family deal with the faith questions that inevitably come as a result of this journey of suffering These are some of the questions explored through the retelling of specific events in the life of BJ Alder and her family

Corruption in South Africa's liberal democratic context F. P. Kruger,Ben J. de Klerk,Gert Breed,H.J.C. Pieterse,J.M. Vorster,Rudy A. Denton,Friedrich Wilhelm De Wet,2016-12-31 This collected work written primarily by practical theologians reflects on the phenomenon of corruption in the liberal democracy of post apartheid South Africa Liberal democracy has considerable salience in the contemporary world Not only is it the form that many of the world s most powerful and influential nations approve of but it is a political system that has been tried and used by many developing countries South Africa is described as predominantly Christian and in such a context corruption should not be expected However it is strongly prevalent and undermines the values of both democracy and Christianity Not only does corruption promote a general lack of trust in institutions and leadership but it stimulates a perpetual culture of corruption that invades all spheres of life The book suggests strategies for redressing the current culture of corruption Although the chapters represent different perspectives the shared objective is to emphasise that corruption is unethical as well as to describe and explain why it is taking place and how the situation should appear The explanation focuses on the

negative consequence of corruption it does not respect human dignity or the otherness of others it exacerbates poverty it weakens religious values and norms and it is not conducive to social cohesion in the country The authors also share the theological premise that God is present in this world In the kingdom of God believers are encouraged to participate in the clean up process which includes combating the phenomenon of corruption *Thy Kingdom Connected (ēmerision: Emergent Village resources for communities of faith)* Dwight J. Friesen,2009-11-01 Networks are everywhere From our roads to our relationships from our food supply to our power grids networks are an integral part of how we live Similarly our churches denominations and even the kingdom of God are networks Knowing how networks function and how to work with rather than against them has enormous implications for how we do ministry In *Thy Kingdom Connected* Dwight J Friesen brings the complex theories of networking to church leaders in easy to understand practical ways Rather than bemoaning the modern disintegration of things like authority and structure Friesen inspires hope for a more connective vision of life with God He shows those involved in ministry how they can maximize already existing connections between people in order to spread the Gospel get people plugged in at their churches and grow together as disciples **A Study of Current Leadership Styles in the North African Church** Farida Saïdi,2013-10-14 Indigenous church leadership is a new phenomenon in North Africa Until recently non Muslim background believers were the only leaders of churches in this region With the current growth of national churches there are increasingly more leaders from a Muslim background leading to a diverse range of leadership styles This publication a first of its kind to specifically explore church leadership in North Africa investigates common values beliefs and cultures among church leaders Using four identified leadership styles the author further expands by looking at the impact they have on congregations society and the future development of church leaders in the region **The Mentoring Church** Phil A. Newton,2020-01-06 Ministry Book of the Year The Gospel Coalition 2017 Book Awards The critical missing element in Christian mentoring today the congregation Bringing up future leaders isn t just the job of the pastor but of the whole congregation This is an urgently needed book in churches today R Albert Mohler Jr president of The Southern Baptist Theological Seminary Young emerging leaders of the church many of whom have gone through leadership training and traditional mentorship programs still too often find themselves unprepared for the realities of ministry Many leave the ministry altogether overwhelmed Phil Newton reveals a critical gap single source mentorship is incomplete Mentoring must involve the congregation not just senior pastors in order to bring forth mature resilient leaders prepared for all that ministry entails The solid practical solutions in *The Mentoring Church* offer churches of any size both the vision for mentoring future leaders and a workable template to follow With insightful consideration of theological historical and contemporary training models for pastor church partnerships Newton is a reliable guide to developing a church culture that equips fully prepared leaders *The Power of Mentoring* Martin Sanders,2009-05-15 *The Power of Mentoring* is a groundbreaking guide for mentoring the next generation of Christian leaders With its variety of practical insightful

mentoring models ThePower of Mentoring provides motivation for mentoring involvement new approaches and skill building exercises and implementation strategies This ideal resource includes key thoughts questions for reflection action plans a Life Plan for self evaluation accountability questions and additional suggested resources **Ecclesial Leadership as**

Friendship Chloe Lynch,2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

dangers of demonizing others are all handled with depth and originality supported by Scripture contemporary conflict theory and a rich tapestry of examples drawn from Richard s extensive professional experience in both secular and faith based contexts Charlene A Berquist Ph D Emeritus Professor and Former Director Center for Dispute Resolution Missouri State University Co Founder Communication and Conflict Management Associates CCMA Doing God's Business R. Paul Stevens,2006-08-10 Stevens explores the potential of business as both a location for practicing everyday spiritual disciplines and a source of creativity and deeper relationship with God This volume should encourage and challenge businesspersons in all segments of the marketplace to more faithfully integrate their faith and work lives **Mission Partnership in Creative Tension** Samuel Cueva,2015-04-14 Samuel Cueva has refined his concept of partnership in mission by advocating the use of reciprocal contextual collaboration in this important contribution to scholarly reflection on contemporary missiology Referencing historical theological and functional aspects of how mission has been carried out as well as analyzing its impact on the evangelical movement the author identifies that mission always develops with positive and negative tensions Emphasizing an understanding of current missions which include traditional networking and emergent models and how they can be combined interconnected and interchanged the author proposes a fresh model that ensures the suitability for every mission context
