The Second Century Anthology of Verse Roberta A. Charlesworth, Dennis Lee, 1967 *Classical Chinese Literature: From antiquity to the Tang dynasty* John Minford, Joseph S. M. Lau, 2002 Contains English translations of Chinese writings drawn from throughout a period of four hundred years including poems drama fiction songs biographies and early works of philosophy and history arranged chronologically and by genre with introductory quotes and comments **How Scripture Interprets Scripture** Michael Graves, 2021-11-16 This book addresses a topic of vital concern to the church How does the ancient biblical text speak to us today Michael Graves an expert in ancient exegesis describes how Old Testament texts interpret earlier Old Testament traditions explores New Testament reception and explains how insights from this process translate into present day biblical interpretation Graves clearly explains and illustrates this approach with fulsome discussions of five themes that are addressed in various ways in the Bible personal responsibility sacrificial offerings insiders and outsiders marriage polygamy and divorce and the afterlife By attending to the way these topics are addressed throughout the entire biblical witness we become better interpreters and teachers who are more adept at discerning the Bible s teaching on these topics and others for our modern world **Cain and Abel in Syriac and Greek Writers (4th-6th Centuries)** Johannes Bartholdy Glenthøj, 1997 Catalogus Translationum Et Commentariorum Virginia Brown, Paul Oskar Kristeller, Ferdinand Edward Cranz, 1992 At head of title Union academique internationale *Bookrolls and Scribes in Oxyrhynchus* William Allen Johnson, 2004-01-01 Close analysis of formal and conventional features of the bookrolls not only provides detailed information on the bookroll industry but also in turn suggests some intriguing questions and provisional answers about the ways in which the use and function of the bookroll among ancient readers may differ from modern or medieval practice Non-Elegiac Latin Love Poetry of Late Antiquity Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid s death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the Pervigilium Veneris Ausonius Bissula Reposianus De concubitu Martis et Veneris and the Aegritudo Perdicae The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden

demands for the innovation of love poetry and d their allusive comments on the conservatism of this era Jewish and Christian Scripture as Artifact and Canon Craig A. Evans,H. Daniel Zacharias,2011-10-27 Jewish and Christian Scripture as Artifact and Canon constitutes a collection of studies that reflect and contribute to the growing scholarly interest in manuscripts as artifacts and witnesses to early stages in Jewish and Christian understanding of sacred scripture Scholars and textual critics have in recent years rightly recognized the contribution that ancient manuscripts make to our understanding of the development of canon in its broadest and most inclusive sense The studies included in this volume shed significant light on the most important questions touching the emergence of canon consciousness and written communication in the early centuries of the Christian church The concern here is not in recovering a theoretical original text or early recognized canon but in analysis of and appreciation for texts as they actually circulated and were preserved through time Some of the essays in this collection explore the interface between canon as theological concept on the one hand and canon as reflected in the physical artifactual evidence on the other Other essays explore what the artifacts tell us about life and belief in early communities of faith Still other studies investigate the visual dimension and artistic expressions of faith including theology and biblical interpretation communicated through the medium of art and icon in manuscripts The volume also includes scientific studies concerned with the physical properties of particular manuscripts These studies will stimulate new discussion in this important area of research and will point students and scholars in new directions for future work

Uncovering Jewish Creativity in Book III of the Sibylline Oracles Ashley Bacchi,2020-04-28 In Uncovering Jewish Creativity in Book III of the Sibylline oracles Ashley L Bacchi reclaims the importance of the Sibyl as a female voice of prophecy and reveals new layers of intertextual references that address political cultural and religious dialogue in second century Ptolemaic Egypt This investigation stands apart from prior examinations by reorienting the discussion around the desirability of the pseudonym to an issue of gender It questions the impact of identifying the author s message with a female prophetic figure and challenges the previous identification of paraphrased Greek oracles and their function within the text Verses previously seen as anomalous are transferred from the role of Greek subterfuge of Jewish identity to offering nuanced support of monotheistic themes **The Poem of Empedocles** Empedocles,Brad Inwood,2001-01-01 This revised edition of The Poem of Empedocles 1992 integrates substantial new material from a recently discovered papyrus containing evidence of over seventy lines or part lines of poetry of which more than fifty are both new and usable Ancient Apologetic Exegesis Stuart E Parsons,2015-07-30 Taking a radical new approach to second century theology Ancient Apologetic Exegesis examines the work of Saint Theophilus of Antioch with a full understanding of the man and his times The second century is often dismissed by theologians despite a near living memory of Jesus and his apostles from only a generation or two prior but Stuart E Parsons shows that a distinctive biblical exegesis was used by those second century apologists who challenged Greco Roman pagan religionists Current literature misunderstands second century exegetical approaches but by looking

behind anachronistic views of ancient genre literacy and rhetoric we can rediscover a forgotten form of early Christian exegesis

Faithful to the End Terry L. Wilder, J. Daryl Charles, Kendell H. A Book of Chinese Verse A.R. Davis, 1990-08-01 This slim volume is a memorial to a long friendship between two men brought together in Hong Kong by their common work and by their common love of Chinese poetry just 50 years ago **Journal of the Royal Asiatic Society of Great Britain and Ireland** Royal Asiatic Society of Great Britain and Ireland, 1915 [A Companion to Ovid](#) Peter E. Knox, 2012-12-26 [A Companion to Ovid](#) is a comprehensive overview of one of the most influential poets of classical antiquity Features more than 30 newly commissioned chapters by noted scholars writing in their areas of specialization Illuminates

Judah and Tamar (Genesis 38) in Ancient Jewish Exegesis Esther Menn, 2021-12-06. This exploration of Genesis 38 in three interpretive writings shows how new meanings emerge through encounters between the biblical text and later Jewish communities. A literary reading within the canon suggests that the story of Judah and Tamar points to the morally ambiguous origins of David's lineage. Ancient Jewish exegesis, however, challenges this understanding. The Testament of Judah interprets Genesis 38 as the story of a warrior king's tragic downfall. Targum Neofiti develops it to illustrate the concept of sanctification of the divine Name, and Genesis Rabbah portrays it as a series of providential events issuing in the royal and messianic lineage. Esther Marie Menn pioneers a fresh approach to the study of biblical interpretation by analyzing the relation between interpretative genre, altered plot structure, and cultural values.
