Smelser, 2009-03-05 The Odyssey Experience puts forward the view that a journey as encapsulated by the journey of Odysseus provides a fundamental and archetypal human experience and develops a theory of this experience through personal experiences and a wide range of salient phenomena There is a vast literature inspired by The Odyssey but the way that Smelser approaches the subject is entirely unique Yiannis Gabriel University of London Smelser draws together studies of an astonishing range of diverse topics and subsumes them under a single coherent powerful overarching concept the odyssey experience I believe his book will lead to the establishment of an entirely new field of study in the social and behavioral sciences that will open up new and promising lines of theory and research that until now have not been possible Robert Scott Associate Director emeritus Center for Advanced Study in the Behavioral Sciences **Commemorating Canada** Cecilia Morgan, **Holy Matrimony!** Hadleigh, Boze, 2012-12-11 DIV In Hollywood marriage is like an oil change Most celebrities are due for another one every three months The E channel actually breaks into their regular programming to tell us Benjamin Bratt just got married or Angelina Jolie and Billy Bob Thornton are getting divorced We are a nation obsessed with celebrity relationships break ups make ups and shake ups From better halves to bitter halves Holy Matrimony is the first book of its kind A collection of more than 1 000 quotes by showbiz personalities including some of today s celebrities it is categorized by theme dating compatibility romance marriage husbands and wives divorce remarriage and yes even some enduring marriages although quantity is not always quality as author Boze Hadleigh points out Entertaining and enlightening Holy Matrimony will raise eyebrows and maybe hopes and definitely tickle the funny bone Because marriage is much too important to take very seriously div **Sherlock Holmes Never Dies** Craig Stephen Copland, 2015-08-20 Return to Baker Street where the worlds most famous detective encounters six new cases that require his expert touch Londons super sleuth Sherlock Holmes sets out with long suffering Watson as the detectives of Scotland Yard are stumped yet again Blood coats the street of Victorian England but no evidence is clear and no suspect cleared of guilt As to be expected evil genius the Napoleon of Crime Professor Moriarty soon reappears The great detective must thwart his diabolical machinations but even Holmes is practically brought to his knees by shocking new discoveries only he can understand Despite Moriarty s conniving Sherlock will use the science of deduction to unravel mysteries of theft abduction political intrigue and murder Female characters take much deserved center stage in these updated stories no longer willing to play the part of hapless victim or jealous wife Meanwhile Holmes and Watson traipse the globe in search of justice No guilty party is safe no matter the distance from the all knowing eye of the worlds best detective and his daring sidekick **American Travel and Empire** Susan P. Castillo, David Seed, 2009 In this volume leading scholars examine the interfaces between narratives of travel and empire Including both writing about America by visitors and the travel writing of Americans abroad this collection explores the ways in which descriptions of the landscapes and peoples of colonized areas shaped our perceptions as well as other issues related to the American empire

such as the transmission of images and metaphor between colony and metropolis the portrayal of cultures as primitive or wild the cultural and economic hegemony underlying American and European travel writing and the deployment of cultural encounters to reinforce sovereign cultural practices *Before the Big Bang* Gian Francesco Giudice, 2024-11-08 A theoretical physicist returns by train from a conference his eyes fixed on a paper on quantum cosmology Suddenly a little girl's voice interrupts his musings What are you reading It's the story of the universe If it tells the whole story of the universe does it say anything about me Starting from this question this book explores our current understanding of the Big Bang the primordial event that gave rise to the special mixture of space time and matter that we call the universe It is a journey through cosmic history pushing the limits of human knowledge winding its way through general relativity curved spaces quantum mechanics and the multiverse Giudice succeeds in uniting science and the history of thought tracing the debate that animated the physics community when faced with the hypothesis and then the confirmation of the Big Bang This book recounts the great discoveries in cosmology and leads us to the frontiers of current scientific research It is a fascinating and thought provoking parable that addresses complex concepts with the fluidity of storytelling and allows us to better understand the universe around us A fascinating enchanting narrative A fairy tale that tells a true story spanning 13.8 billion years Exciting from the first to the last page Fabiola Gianotti CERN Director General In this beautiful book of exemplary clarity Giudice guides us by the hand through the history and mysteries of the Big Bang Giorgio Parisi 2021 Nobel Prize in Physics Winfield Scott and the Profession of Arms Allan Peskin, 2003 Winfield Scott 1786-1866 was arguably the premier soldier of his era responsible for the professionalization of the US Army during his long career Allan Peskin's biography presents research which supports the view of General Scott as a forward looking managerial officer Shadow of a Doubt Diane Negra, 2021-04-15 *Shadow of a Doubt* 1943 was British born Alfred Hitchcock's sixth American film and the one that he at various times identified as his favourite and his best It seems likely that one of the reasons he liked *Shadow* so much is that it is an extraordinarily well ordered narrative system a meticulous cause and effect chain that melds its various scenes and sequences together to form a unified narrative that is highly effective in building suspense and cultivating identification with characters This scrupulously organized film operates as a masterclass on principles of narrative design while generating resonant commentary on the nature of family life This book redresses the deficit of sustained critical attention paid to *Shadow* even in the large corpus of Hitchcock scholarship Analysing the film's narrative system issues of genre authorship social history homesickness and family values Diane Negra shows how the film's impeccable narrative structure is wedded to radical ideological content linking the film's terrors to the punishing effects of looking beyond conventional family and gender roles This book understands *Shadow* as an unconventionally female centred Hitchcock text and a milestone film that marks the director's emergent engagement with the pathologies of violence in American life and opens a window into the placement of femininity in World War II consensus culture and more broadly into the politics of mid century gender and

family life Canadian Folk Peter Unwin,2013-09-07 A collection of lives and stories that provides a fascinating look at the eminent and no so eminent characters who came before us and left their colourful mark on Canada s history **Karen**

Blixen's Existentialism Lars Kaaber,2023-10-11 This book investigates the writings of Karen Blixen Isak Dinesen from an existentialist angle Although it has not been subject to much study Blixen s writing elegantly and subtly integrates the ideas of Kierkegaard Nietzsche and Sartre in a way that makes the philosophers more accessible to a wider audience However Blixen also offers her own ideas of the fundamental problem in existentialism how to arrive at an authentic identity through free individual choices or as Nietzsche put it how to become who you are On the whole Blixen s authorship can be seen as an existential study of the 20th century and the ways by which Western culture came to be what it is now In agreement with Nietzsche s statement that all philosophy is an involuntary autobiography this book also contains accounts of the lives of the three philosophers chiefly involved in this study Irish Postmodernisms and Popular Culture Wanda Balzano,2007-05-16

This collection explores popular culture in Ireland and Ireland in popular culture from Fanfic to Orange Parades from boybands to the Blessed Virgin Mary from celebrity tourism to the Gaelic Athletic Association The essays examine local and global Irishness focusing on how gender sexuality and race shape Irish postmodernity *Sex Panic Rhetorics, Queer Interventions* Ian Barnard,2020-04-07 Winner of the 2021 Conference on College Composition and Communication Lavender Rhetorics Award for Excellence in Queer Scholarship Analyzes the rhetoric of contemporary sex panics to expose how homophobia heterosexism and transphobia define public political and scholarly preoccupations with sexuality and gender In *Sex Panic Rhetorics Queer Interventions* Ian Barnard makes the counter intuitive argument that contemporary sex panics are undergirded by queerphobia even when the panics in question don t appear to have much to do with queerness Barnard presents six case studies that treat a wide range of sex panic rhetorics around child molesters sex trafficking transgenderism incest queer kids and pedagogy to demonstrate this argument By using examples from academic scholarship political discourse and popular culture including the Kevin Spacey scandal and the award winning film *Moonlight* Barnard shows how homophobia and transphobia continue to pervade contemporary Western culture Barnard is concerned not so much with looking at the overt homophobia and transphobia that are the more obvious objects of antihomophobic and antitransphobic critique The author s focus rather is on excavating the significant traces of these panics in a neoliberal culture that has supposedly demonstrated its civility by its embrace of diversity renunciation of its homophobic past and attentiveness to the transgender revolution that has swept popular media and political culture in the United States and elsewhere During a time of increasing conservative backlashes against advancing LGBTQ rights and human rights discourses in general this book shows why it is important to attend to the liberal covers for sex panics that are not too far removed from their rhetorically conservative cousins *Slippery Pastimes* Joan Nicks,Jeannette Sloniowski,2009-10-21 Sixteen essays written by specialists from many fields grapple with the problem of a popular culture that is not very popular but is seen by most as vital to the

body politic whether endangered by globalization or capable of politically progressive messages for its audiences Slippery Pastimes covers a variety of topics Canadian popular music from rock n roll to country hip hop to pop Celtic television advertising tourism sport and even postage stamps As co editors Nicks and Sloniowski have taken an open view of the Canadian Popular and contributors have approached their topics from a variety of perspectives including cultural studies women s studies film studies sociology and communication studies The essays are accessibly written for undergraduate students and interested general readers The Niagara Companion Linda L. Revie, 2010-11-22 What is it about Niagara Falls that fascinates people What draws them to it Is it love obsession or fear In The Niagara Companion Linda Revie searches for an answer to these questions by examining the paintings and writings about the Falls from the late seventeenth century when the first Europeans discovered Niagara to the early twentieth century Linda Revie s study considers how three centuries of representations are shaped by the earliest encounters with the waterfall and notes shifts in the construction of landscape features and in human figures both Native and European in the long history of fine art depictions Travel narratives both literary and scientific also come under her scrutiny and reveal how these chronicles were influenced by previous pictures coming out of Niagara particularly some of the first from the seventeenth century In all of these portraits and texts she notes a common pattern of response from the observers moving from anticipation to disappointment to a kind of recovery But in the end there is fear Even long after Niagara had become a tourist mecca it was often drawn as a primordial wilderness a place where civilization vies with wildness artifice with nature fear with control the natural with the mastered Throughout this history of images and narratives as humans struggle to control nature the notion of wildness prevails Those who want a deeper understanding of why Niagara Falls continues to fascinate us even today will find Linda Revie s book an excellent companion
