Second French Empire:

Court Life of the Second French Empire, 1852-1870 Ernest Alfred Vizetelly, 1908 *Documents on the Second French Empire, 1852-1870* Roger Price, 2015-07-20 In December 1851 Louis Napoleon Bonaparte seized power in a coup d'état believing he was destined to rule France and restore her to her former glory He was committed to the modernisation of France through significant infrastructure investment and urban renewal Although he felt pressured to make concessions to liberal clerical and republican opposition from 1860 he remained determined to retain substantial power over foreign and defence policy This would prove to be his undoing In 1870 the Empire created by a military coup ended with a catastrophic military defeat dramatically changing the balance of power in Europe Documents on the Second French Empire presents students with a range of primary sources covering the political social and economic history of the era The documents in each chapter are contextualised by an introduction from the author and are grouped by theme making them easy to navigate and analyse

Louis Napoleon and the Second Empire J. M. Thompson, 2017-07-11 An excellent one volume portrait of Napoleon III and the short lived second French Empire which was brought to ruins by the 1870 Franco Prussian war ONCE again J M Thompson has given us a colorful arresting and interpretative account of a period of French history this time of the Second Empire In this instance as in previous works the author makes the biography of a man Louis Napoleon the vehicle for a history of a period thereby infusing the warmth of a very human personality throughout the history of a complex and fateful era Thus we follow the life of a man who followed his star of fate from youthful refugee to insurrectionist prisoner president emperor economic reformer arbiter of a continent prisoner of war and alas to refugee again until death Nothing of the romance the contrasts the shaded significances is lost by the author's telling Those who have read his French Revolution and Napoleon Bonaparte cannot fail to discern and appreciate the same trenchant pen and deft brush which restore life and odor to a much told tale of the past While Mr Thompson does not attempt to conceal the faults and mistakes of the man in the main he joins with some current revisionists in understanding not justifying the crime of December 2nd and crediting Napoleon III with constructive policies at home and abroad and exonerating him of the major responsibility for the outbreak of the war of 1870 The author rightly blames Bismarck and French public opinion of all classes for pushing Louis Napoleon into the war p 272 rather than just a small war party and the empress Lynn M Case *Napoleon III and the Second Empire* Samuel M. Osgood, 1973 Louis Napoleon Bonaparte 20 April 1808 9 January 1873 was the first President of the French Republic and as Napoleon III the ruler of the Second French Empire He was the nephew and heir of Napoleon I Elected President by popular vote in 1848 he initiated a coup d'état in 1851 before ascending the throne as Napoleon III on 2 December 1852 the forty eighth anniversary of Napoleon I's coronation He ruled as Emperor of the French until 4 September 1870 He holds the distinction of being both the first titular president and the last monarch of France Wikipedia

The Establishment of the Second French Empire (1852) Herbert Andrew Wehrly,1938 **A Traditionalist History of the Great War, Book II** Alexander Wolfheze,2021-01-27 This book analyzes the world of 1914 by combining the approaches of traditionalist hermeneutics and 20th century geopolitics The juxtaposition of these two frameworks incorporated in the principles of Sacred Geography and Sea Power allows for a Traditionalist perspective on the choices facing the Ten Great Powers on the eve of the Great War The book s multifaceted approach follows the iconoclastic

culture critique method of the Traditional School that was developed by Ren Gu non Frithjof Schuon and Julius Evola it shows the pre war world as essentially different from the post war world Thus the Ten Great Power protagonists of the Great War may be understood on their own terms rather than through a backward projection of politically correct values on the existentially different human life world of 1914 Dislodging the historical materialist progress premise that underpins contemporary academic historiography this book reasserts the highest claim of the Art of History meta narrative meaning

The Background of Our Present Civilization James Harvey Robinson,Charles Austin Beard,1929 **Specific Performance in German, French and Dutch Law in the Nineteenth Century** Janwillem Oosterhuis,2011-04-06 The current French German and Dutch Law of Contract each offer a remedy of specific performance to creditors suffering from breach of contract This book analyses the alterations to this remedy during the nineteenth century on the substantive procedural and enforcement levels Fascinatingly there is a link between changes to the remedy and the development of early human rights and the mass industrialisation of society The latter had the effect of actually converging the national remedies of specific performance in the examined systems damages and rescission became more accessible as remedies at the cost of specific performance The book demonstrates the interdependency between law and society and provides vital background information to the harmonisation of a controversial concept in the European Law of Obligations Studies in the History of
