Second Sight Notes On Some Movies 1965 1970:

Second Sight; Notes on Some Movies, 1965-1970 Richard Schickel, 1972 The celebrated film critic's reviews of major motion pictures during this era are presented together with his comments on trends and changes in the industry **Second Sight** Adam Mars-Jones, 2019-10-15 The film review can be a little work of art not just a consumer guide as is manifest in this collection by one of the United Kingdom's foremost doyennes of the contemporary silver screen Covering more than thirty years of film releases celebrated critic Adam Mars Jones guides us through the most entertaining most appalling and most fantastic films of his viewing lifetime interweaving his original film reviews with new insights and reflections Mars Jones answers the questions that no other critic has even bothered to ask What is Twister really about How many Steven Spielbergs are there Spoiler he counts thirteen How many of them are worth anything Who had the greatest slow burn career in the movies Clue he taught Montgomery Clift how to roll a cigarette And which science fiction film features the most haunting use of slime Funny combative and revealing **Second Sight** is a celebration of the artform that maintains the strongest hold on the modern imagination **A Certain Tendency of the Hollywood Cinema, 1930-1980** Robert B. Ray, 2020-07-21 Robert B Ray examines the ideology of the most enduringly popular cinema in the world the Hollywood movie Aided by 364 frame enlargements he describes the development of that historically overdetermined form giving close readings of five typical instances Casablanca It's a Wonderful Life The Man Who Shot Liberty Valance The Godfather and Taxi Driver Like the heroes of these movies American filmmaking has avoided commitment in both plot and technique Instead of choosing left or right avant garde or tradition American cinema tries to have it both ways Although Hollywood's commercial success has led the world audience to equate the American cinema with film itself Hollywood filmmaking is a particular strategy designed to respond to specific historical situations As an art restricted in theoretical scope but rich in individual variations the American cinema poses the most interesting question of popular culture Do dissident forms have any chance of remaining free of a mass medium seeking to co-opt them **Screen Writings: Partial views of a total art, classic to contemporary** Bert Cardullo, 2010 Screen Writings Genres Classics and Aesthetics offers close readings of genre films and acknowledged film classics in an attempt to explore both the aesthetics of genre and the definition of classic as well as the changing perception of so-called classic movies over time *The Complete History of American Film Criticism* Jerry Roberts, 2010-02-19 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their

backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century s most significant art form **Film Study** Frank Manchel,1990-10 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities Voyages of Discovery Barry Keith Grant,2023-05-16 Frederick Wiseman is America s foremost chronicler of public institutions His films have focused on city state and local governments hospitals asylums creative organizations and museums schools libraries and more In recent years Wiseman s work has reached a new level of popularity with films such as In Jackson Heights 2015 Monrovia Indiana 2018 and City Hall 2020 all earning widespread acclaim Voyages of Discovery is the definitive account of Wiseman s career offering a comprehensive analysis of the work of the leading documentary filmmaker in the United States In this updated edition Barry Keith Grant adds new material exploring the documentarian s works since the 1990s discussing every film in Wiseman s remarkable sixty year career He examines the core concerns running across Wiseman s work from the early films which focus on documenting institutional failure through an expanding interest in cultural institutions and ideology to a blossoming embrace of democracy in later films He pays particular attention to Wiseman s strategies for involving and implicating the spectator in the institutional processes the films document Grant also places Wiseman within the history of the documentary and other traditions of American art and considers the relationship between documentary film and authorship Voyages of Discovery is an important book for anyone interested in Wiseman s work or how documentary film can reveal the fabric of our shared civic life **Five Films by Frederick Wiseman** Barry Keith Grant,2006-03-13 Publisher description **In Search of Cinema** Bert Cardullo,2004 In Search of Cinema chronicles the vitality of international film art in the last two decades At a time when the movie review has degenerated into mere publicity for Hollywood pictures and film scholarship has become entangled in its own pseudo scientific discourse Bert Cardullo reclaims the territory of a certain type of film critic somewhere between a reviewer journalist and a scholar theorist With elegance clarity and rigour he offers close readings of individual films to show how moviemakers use the resources of the medium to pursue complex significant human goals The essays collected here reflect the spectacular rise of Iranian cinema in recent years as well as the strong contributions of contemporary filmmakers from countries such as Belgium Canada China Israel Lebanon Scotland and Spain But In Search of Cinema does not neglect the best recent films from major film producing nations like the United States France and Italy and includes retrospective pieces on the careers of Ingmar Bergman and Woody Allen as well as several essays on the interrelationship between film form or film genres and drama and the novel the two forms from which the cinema continues to draw a wealth of its material

Monaco, 2003-06 This book covers the 1960s as part of the definitive history of American cinema from its emergence in the 1800s to the present day **Transfigurations** Asbjørn Grønstad, 2008 In many senses viewers have cut their teeth on the violence in American cinema from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes to the 1970s masterpieces of Martin Scorsese Sam Peckinpah and Francis Ford Coppola to our present day undertakings in imagining global annihilations through terrorism war and alien grudges Transfigurations brings our cultural obsession with film violence into a renewed dialogue with contemporary theory Grønstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically Transfigurations thus alters both our methodology of reading violence in films and the meanings we assign to them depicting violence not as a self-contained incident but as a convoluted network of our own cultural ideologies and beliefs **World Authors, 1980-1985** Vineta Colby, 1991
