Ives's works are arranged alphabetically by title within genres. Whenever possible, each entry includes the main title and any other titles the composer may have used, the forces required, the duration, headings of movements, publication history, citation of the first known performance and first recording, the derivation of the work, listing music on which it may be modeled or from which it may borrow material, the principal literature treating the piece, and commentary on these and other matters. The catalogue also provides musical incipits for all Ives's extant works, seven appendixes covering his work lists, Quality Photo lists, his songbooks, a chronology of his life, recordings made by Ives and his private publications and commercial publishers, three concordances, and four extensive indexes: addresses, names, titles, and musical borrowings. *Three duos concertants for two violins, op. 57* Charles Bériot, 1909
