*The Secrets We Keep* Roland Betancourt, 2024-08-06 An intriguing look at secrecy during the Byzantine Empire and the role of the art historian in seeking truth Secrecy has played a role throughout human history and continues to capture the popular imagination Some of the most seductive aspects of the Byzantine Empire such as the relics of the imperial palace and the military uses of Greek fire have been shrouded in mystery for centuries This book provides a brief history of secrecy in Byzantium and examines the role of the art historian in uncovering the truth demonstrating how visual evidence can not only reveal new findings but also purposely conceal answers Art historians face many challenges in their search for hidden knowledge including accessing accounts preserved in fragmentary glimpses and reconciling how practices of speculation and reconstruction result in different and sometimes contradictory understandings With pressing urgency this book asks scholars to consider their role in articulating the stories of marginalized people particularly for queer and trans history At the core of these investigations is the quest to discover how clandestine knowledge

was transmitted and how relationships were strengthened by collective secret keeping as well as how concealment is used as a strategy for exercising power With insights into the religious imperial military and cultural uses of secrecy this book offers an intriguing look at the ways secrecy manifested itself during the Byzantine Empire and the implications it has for the issues we face today      *Captain Marvel: Carol Danvers Declassified* Kelli Fitzpatrick,2025-03-04 Millions of comic book fans know

Manda** Jake Lawrence, 2024-07-31 Late into the night the crew of a small fishing trawler off the coast of Australia is keeping busy by telling stories of the sea Little do they know they're moments away from happening upon a mysterious shipwreck and the fearsome sea dragon Manda going toe to toe with Godzilla in the middle of the most brutal ocean brawl any sailor has ever seen Can this small crew make it back to shore safely in the midst of this all-out kaiju battle Join Jake Lawrence Teen Dog A Nice Long Walk on a thrilling adventure on the high seas to find out      **The Art of Status** Jelena Subotic, Professor of Political Science Jelena Subotic, 2025-10-09 An illuminating exploration of the relationship between the restitution of looted art global status and the international construction of national cultural heritage Why is art restitution a matter of politics How does the artwork displayed in national museums reflect the international status of the state that owns it Why do some states agree to return looted art and others resist National art collections have long been a way for states to compete with each other for status prestige and cultural worth in international society In many former imperial nations however these collections include art looted during imperial expansions and colonial occupations While this was once a sign of high international standing the markers of such status particularly in the context of art have since significantly changed A new international legal and normative architecture governing art provenance developed after World War II and became institutionalized in the 1990s and 2000s Since then there have been national and global social movements demanding the return of looted art This shift has established not only that looting is wrong but more importantly that restitution is morally right As a result of this reframing of what it means to own art an artifact's historical provenance has become a core element of its value and the search for provenance and demands for restitution a direct threat to state status The same objects that granted states high international status now threaten to provoke status decline In *The Art of Status* Jelena Subotic examines this relationship between the restitution of looted art and international status with a focus on the Parthenon Elgin Marbles the Benin Bronzes and a collection of paintings looted during the Holocaust that are now housed at the Serbian National Museum Subotic tells the story of these artworks how they were looted how they ended up on display in national museums and how the art restitution disputes have unfolded While these cases are different in terms of their historical context of looting and ownership claims the movements for their restitution and resistance to it illustrate the larger questions of how national cultural heritage is internationally constructed and how it serves states' desire for international status and prestige An in-depth and nuanced account of art restitution disputes *The Art of Status* illuminates the shifting political significance of art on the international stage from ownership to restitution      **Lizard's Tale** Weng Wai Chan, 2019-07-02 A heart-racing middle-grade adventure mystery set on the streets of Singapore against the backdrop of World War II exploring issues of belonging race and diversity      *Conspiracy* Charlotte Greig, Mike Rothschild, 2020-10-09 Who killed JFK What happened to Malaysian Airways plane MH370 the flight that disappeared Who poisoned ex-KGB man Alexander Litvinenko with
