Palumbo,2016-04-27 A prolific author Isaac Asimov is most admired for his science fiction including his collection of short stories I Robot and his Robot Empire and Foundation series novels While each of these narratives takes place in a different fictional universe Asimov asserted at the end of his career that he had with his last Robot and Foundation novels unified them into one coherent metaseries This reference work identifies and describes all of the characters locales artifacts concepts and institutions in Asimov s metaseries Mimicking the style of The Encyclopedia Galactica the fictional compendium of all human knowledge that features prominently in the Foundation series this encyclopedia is an invaluable companion to Asimov s science fiction oeuvre Green Politics is Eutopian Paul Gilk,2009-02-26 There have been various thinkers who have attempted to explain the Earth altering even ecocidal features in modern life Jacques Ellul for instance a French intellectual became famous for his exposition of technique But technique does not adequately address the institutional context out of which technique itself arises In these essays Paul Gilk stands on the shoulders of two American scholars in particular One is world historian Lewis Mumford whose work spans fifty years of scholarship The other is classics professor Norman O Brown who brought his erudition into a systematic study of Freud From these intellectuals especially Gilk concludes that the accelerating ecocidal characteristics of globalisation are inherent manifestations of perfectionist utopian predatory institutions endemic to civilisation Our great difficulty in arriving at or accepting this conclusion is that civilisation contains no negatives it is strictly a positive construct We are therefore incapable of thinking critically about it A corrective is slowly emerging from Green intellectuals Green politics says Gilk is not utopian but eutopian It is not aimed at perfectionist

immortality but rather at earthly wholeness Yet the ethical message of Green politics confronts a society saturated with utopian mythology The question is to what extent and at what speed ecological and cultural breakdown will dissolve civilised utopian certitudes and provide the requisite openings for the growth of Green eutopian culture **The Masked Kid Goes West** Dan Neiser,2020-06-01 Graduating from high school the Masked Kid narrowly escapes a mob of angry classmates blaming him for making their annuals late He becomes a budding young college scientist with good intentions but terrorizes his fellow students with experiments gone wrong He goes on to become a Secret Agent in his own mind horrifying dates with a car that cuts out intermittently on dark highways Later fantasizing that he is the Caped Crusader he applies Roommate Revenge to defend his Boy Wonder roommate against a heartless ex girlfriend Nobody is safe the Masked Kid is on the loose again and will soon be heading West **The British National Bibliography** Arthur James Wells,2000 **Starcombing** David Langford,2009-05-01 Starcombing contains eighty five newly collected pieces of David Langford s witty commentary on
