Secret History Of Procopius:

The Secret History Procopius, 2007-10-04 A trusted member of the Byzantine establishment Procopius was the Empire's official chronicler and his History of the Wars of Justinian proclaimed the strength and wisdom of the Emperor's reign. Yet all the while the dutiful scribe was working on a very different and dangerous history to be published only once its author was safely in his grave. The Secret History portrays the great lawgiver Justinian as a rampant king of corruption and tyranny, the Empress Theodora as a sorceress and whore, and the brilliant general Belisarius as the pliable dupe of his scheming wife Antonina. Magnificently hyperbolic and highly opinionated, The Secret History is a work of explosive energy depicting holy Byzantium as a hell of murder and misrule. *Procopius* James Allan Stewart Evans, 1972 The Secret History of the Court of Justinian Procopius, Procopius (The secret history of the court of Justinian) literally and completely tr. for the first time Procopius (of Caesarea.), 1896 Secret History of Procopius Procopius, 1961 *Procopius: the Secret History* Procopius, 1689 **The Secret History** Procopius, 2010 This translation also features useful supporting documents for teaching and a comprehensive and enlightening introduction that even experienced Byzantinists will want to read. **The Secret History of Procopius** Richard Atwater, 2021-12-24 The Secret History of Procopius Richard Atwater Procopius who lived from 500 to 565 C.E. was a Byzantine historian. His writings are a primary source about the reign of the Emperor Justinian. Writing in Greek Procopius was the last major ancient historian. The original title of this work was Anecdota which means things not given over. Withheld Procopius speculates that Justinian might have been something not even human, perhaps vampiric. He soberly quotes eyewitness accounts of Justinian shapeshifting into a shapeless mass of flesh and literally losing and retrieving his head. Justinian killing a trillion people. The text actually says A myriad, myriads of myriads. A myriad is the highest number in Greek, 10,000. That is 105,310,151,000,000,000,000 or 100 trillion. All of this is a bit sophistical, of course. What Procopius obviously means here is a ridiculous number. Secret History of Procopius Procopius, 1990 Procopius Secret History Procopius (of Caesarea.), 1961 The Secret History of Procopius Procopius, 1966 **The Secret History of the Court of Justinian** Procopius, 2006-11-01 Literally and completely translated from the Greek **Procopius Secret History**, 1966 **Secret History of Procopius** Procopius, 1927 **The Secret History** Procopius, 2024-01-13 New Large Print Edition comfortable and easily readable format. The Secret History by Procopius as translated by Richard Atwater immerses readers in the Byzantine Empire's clandestine intrigues, unveiling the political landscape during the 6th century under the rule of Emperor Justinian I, 527-565 AD. Against the backdrop of ambitious military endeavors, grand construction projects, and theological controversies, Procopius, an advisor to General Belisarius, provides a firsthand account of the intricacies within the imperial court. In contrast to Procopius' other works which laud the accomplishments of Emperor Justinian and his wife Theodora, The Secret History takes a critical turn, exposing the darker underbelly of this historical epoch. Atwater's translation skillfully preserves the nuances of Procopius' original text, offering

readers a penetrating view into the power struggles betrayals and hidden agendas that marred the Byzantine political landscape This narrative unfolds as a testimony to Procopius disillusionment and bitterness revealing scandals and corruption that shaped the destinies of key figures It serves as a rare and controversial window into the intricate dynamics of the Byzantine Empire exploring the complexities that defined the empire s trajectory during this pivotal period The Secret History stands as a captivating historical account inviting readers to grapple with the complexities and shadows that influenced the course of one of history s most intriguing civilizations

Procopius: Anecdota, or Secret history

Procopius,1969 **Procopius: The Anecdota or secret history** Procopius,1960 Procopius: The anecdota, or Secret history Procopius,1914 Procopius Procopius (Caesariensis.),1960 **Procopius - The Secret History of the Court of Justinian** Procopius,2015-04-09 Procopius of Caesarea was born in approximately 500 He is generally considered to be the last major historian of the ancient world His works have given us a unique and intimate account both of the Roman Military and its Emperor Justinian A native of Caesarea in Palaestina Prima little else is known of his early life and apart from assuming that he would have received a classical Greek Education the rest is deduction rather than based on known facts In 527 the first year of Eastern Roman Emperor Justinian I s reign he became the adessor legal adviser for Belisarius Justinian s chief military commander who was then starting out on what would become a brilliant military career initially in the East of the Empire After early successes Belisarius was defeated in 531 at the Battle of Callinicum and recalled to the Empire s heart in Constantinople Justinian was without doubt clever but cruel When part of Constantinople rose against him in the Nika riots of January 532 he sent Belisarius and his fellow general Mundo to repress them in a savage massacre in the Hippodrome witnessed by Procopius The following year Procopius accompanied Belisarius on his victorious expedition against the Vandal kingdom in North Africa and took part in the capture of Carthage Procopius remained in Northern Africa with Belisarius successor Solomon the Eunuch when Belisarius returned to Constantinople Procopius rejoined Belisarius for his campaign against the Ostrogothic kingdom in Italy and was there for the Gothic siege of Rome that lasted a year and nine days and ended in March 538 He witnessed Belisarius entry into the Gothic capital Ravenna in 540 However at some point in the next few years Procopius seems to have been moved away from working with Belisarius When the latter was sent back to Italy in 544 to cope with a further outbreak of the war with the Goths Procopius appears to have no longer been with Belisarius staff Procopius continued to record history and his works are both insightful and clear headed distilling the complexities of the times into several classic books His death is thought to have been around 560
