## Secret Life Of Aphra Behn:

**Aphra Behn: A Secret Life** Janet Todd, 2013-09-19 All women together ought to let flowers fall upon the tomb of Aphra Behn for it was she who earned them the right to speak their minds said Virginia Woolf Yet that tomb in Westminster Abbey records one of the few uncontested facts about this Restoration playwright poet novelist and spy the date of her death 16 April 1689 For the rest secrecy and duplicity are almost the key to her life She loved codes making and breaking them writing her life becomes a decoding of a passionate but playful woman Janet Todd draws on documents she has rediscovered in the Dutch archives and on Behn's own writings to tell a story of court diplomatic and sexual intrigue and of the rise from humble origins of the first woman to earn her living as a professional writer Aphra Behn's first notable employment was as a Royal spy in Holland she had probably also spied in Surinam It was not until she was in her thirties that she published the first of the 19 plays and other works which established her fame though not riches among her good sweet honey candied readers Many of her works were openly erotic indeed as frank as anything by her friends Wycherley and Rochester Some also offered an inside view of court and political intrigues and Todd reveals the historical scandals and legal cases behind some of Behn s most famous fictions The Secret Life of Aphra Behn Janet Todd, 1997 Behn is a mass of contradictions a high Tory who disliked traditional power structures a powerful autonomous woman who depended on men's approval a woman who desired men and women and who became involved in intense political activity yet craved case This readable fast paced book uncovers Behn's assertive duplications sensual character and illustrates the openly erotic nature of her writings her explorations of desire sexual excitement and disappointment which later made her a byword for lewdness It reveals historical sources and court cases behind some of her most famous fictions The Secret Life of Aphra Behn Janet Todd, 1997

The Secret Life of Aphra Behn Janet Todd,2000 Restoration author Aphra Behn was the first woman to earn her living from her writing The author of 19 plays fiction poetry and translations she also travelled as a spy to Holland and possibly South America on behalf of Charles II s government *Collective Understanding, Radicalism, and Literary History,* 1645-1742 Melissa Mowry,2021-10-21 Political literary and cultural historians of the early modern Anglophone world have long characterized the crucial century between 1642 and 1742 as the period when absolutist theories of sovereignty yielded their dominance to shared models of governance and a burgeoning doctrine of unalienable individual rights Yet even the most cursory glance at the cultural record reveals that individualism was largely a footnote to a conflict over the production of political and cultural authority that erupted around the middle of the seventeenth century between sovereignty and collectivity Collective Understanding Radicalism and Literary History reaches back to the English civil wars 1642 46 1648 when a distinctive and anti authoritarian hermeneutic emerged from the dissident community known as the Levellers Active between 1645 and 1653 the Levellers argued that a more just political order required that knowledge previously structured by the epistemology of singularity upon which sovereignty had built its authority be reorganized around the interpretive

principles and practices of affiliation and collectivity Collective Understanding contends that late Stuart and eighteenth century literature played a central role in marginalizing the non elite methods of interpretation and knowledge production that had emerged in the 1640s While pamphlets and other readily available texts ridiculed members of the commonalty it was the longer narrative arcs of drama and fiction that were uniquely able to foreground the collaborative methods civil war dissidents and the Levellers in particular had used to advance their opposition to sovereignty s epistemological paradigm Writers such as William Davenant Aphra Behn Edward Sexby Algernon Sidney and Daniel Defoe repeatedly exposed these dissident methods as a profound and potentially catastrophic challenge to the political privileges of the ancien r gime as well as its ancestral monopoly on the production of new knowledge The Torrid Zone L. H. Roper, 2018-05-25 The first comparative history of European settlers trading pirating and colonizing activities in the Caribbean Brimming with new perspectives and cutting edge research the essays collected in The TorridZone explore colonization and cultural interaction in the Caribbean from the late 1600s to the early 1800s a period known as the long seventeenth century a time when these encounters varied widely and the diverse actors were not yet fully enmeshed in the culture and power dynamics of master slave relations The events of this era would profoundly affect the social and political development both of the colonies that Europeans established in the Caribbean and the wider world This book is the first to offer comparative treatments of Danish Dutch English and French trading pirating and colonizing activities in the Caribbean and analysis of the corresponding interactions among people of African European and Native origin The contributions range from an investigation of the indigenous colonization of the Lesser Antilles by the Kalinago to a look at how the Anglo Dutch wars in Europe affected relations between the English inhabitants and the Dutch government of Suriname Among the other essays are incisive examinations of the often neglected history of Danish settlement in the Virgin Islands attempts to establish French colonial authority over the pirates of Saint Domingue and how the Caribbean blueprint for colonization manifested itself in South Carolina through enslavement of Amerindians and the establishment of plantation agriculture The extensive geographic demographic and thematic concerns of this collection shed a clear light on the socioeconomic character of the Torrid Zone before and during the emergence and extension of the sugar and slaves complex that came to define this region The book is an invaluable contribution to our understanding of the social political and economic sensibilities to which the operators around the Caribbean subscribed as well as to our understanding of what they did offering in turn a better comprehension of the consequences of their behavior Covering a variety of undertakings especially English but also Dutch Danish French and indigenous this collection makes a welcome contribution to our understanding of a pivotal period in the history of the West Indies Carla Gardina Pestana University of California Los Angeles This illuminating collection of essays brings the Caribbean squarely into the frame of analysis strongly making the case that the experiences and developments of the Caribbean colonies remained crucial to the history of colonial America The contributions cover the centrality of enslaved people s labor

and the actions of Indigenous and peoples of African descent who shaped the history of the region through their resistance accommodation and engagement Ignacio Gallup Diaz Bryn Mawr College Aphra Behn's 'Emperor of the Moon' and its French Source 'Arlequin, Empereur dans la lune' Judy A. Quantitative Literary Analysis of the Works of Aphra Behn Laura L. Runge, 2023-05-09 Aphra Behn 1640 1689 prolific and popular playwright poet novelist translator has a fascinating and extensive corpus of literature that plays a key role in literary history Quantitative Literary Analysis of the Works of Aphra Behn Words of Passion offers what no book has done to date an analysis of all Behn's literary output It examines the author's use of words in terms of frequencies and distributions and stacks the words in context to read Behn's word usage synchronically Using this experimental method the book brings digital humanities into literary criticism to enhance our understanding and appreciation of literature beyond what is possible in diachronic reading and scholarship less supported by digital means The empirical approach works in collaboration with existing scholarship to understand Behn's distinct language of love and extreme passions across her Women, the Novel, and Natural Philosophy, 1660-1727 K. Gevirtz, 2014-03-06 This book shows how early genres women novelists from Aphra Behn to Mary Davys drew on debates about the self generated by the scientific revolution to establish the novel as a genre Fascinated by the problematic idea of a unified self underpinning modes of thinking female Oroonoko Susan B. Iwanisziw,2017-11-30 With the aim of novelists innovated narrative structures to interrogate this idea examining the postcolonial applications of Aphra Behn's re entry into the literary canon the editor presents this edition as a collection representing the nexus of very specific articulations of literary cultural and political tropes produced by various writers and adapters from 1695 through 1999 The volume begins with a general introduction It then presents seven 18th century versions of the play and one poem ending with Biyi Bandele's late 20th century drama All texts are supplemented by original paratextual commentary if that is known and prefaced by a brief editorial commentary setting out pertinent

biographical bibliographical theatrical and historical context not covered in the general introduction The tradition of stage adaptations of Oroonoko most of them keyed to Southerne's drama rather than to Behn's initial novella clearly shows the responsiveness of this series to studies of authorship gender genre and theatricality class race and especially the British response to the Atlantic slave trade and thus to the enduring relevance of these plays in modern literary and historical Colonial Women Heidi Hutner, 2001 Colonial Women is the first comprehensive study to explore the interpenetrating discourses of gender and race in Stuart drama Analyzing the plays of Shakespeare Fletcher Davenant Dryden Behn and other playwrights Heidi Hutner argues that in drama as in historical accounts the symbol of the native woman is used to justify and promote the success of the English appropriation commodification and exploitation of the New World and its native inhabitants Under the Veil Katherine M. Quinsey, 2012-04-25 For women in early modern Europe the Reformation and the Enlightenment entailed both new freedom and new restrictions In response to an ideology that immured the female mind and spirit inside the body women found in religion a hope for individual freedom a sense of self identity and a justification for gender equality Under the Veil Feminism and Spirituality in Post Reformation Europe invokes the veil s dual significance as the marker of the religious woman and as the metaphoric veil separating female interior life from its public construction This collection of nine essays focuses specifically on the direct links between emergent feminism and religious faith as experienced through wide cultural geographic and confessional differences united by themes of female subjectivity selfhood autonomy and community The essays range in topic and scope from the early seventeenth to the early nineteenth centuries across Europe Britain and North America through a wide range of experiences and written accounts its subjects are Philadelphian visionaries and Quaker missionaries Iroquois leaders and early Canadian nuns Islamic societies and European female travellers French mystics and educators and British writers and intellectuals These accounts reveal how women across a wide spectrum of formal beliefs and cultural backgrounds found in religion a way to negotiate the restrictions of their outward lives and a radical source of personal and collective independence and value An Introduction to Eighteenth-Century Fiction John Skinner, 2017-03-14 The formal and expressive range of canonic eighteenth century fiction is enourmous between them Defoe Richardson Fielding Smollett and Sterne seem to have anticipated just about every question confronting the modern novelist and Aphra Behn even raises a number of issues overlooked by her male successors But one might also reverse the coin much of what is present in these writers will today seem remote and bizarre There is in fact only one novelist from the long eighteenth century who is not an endangered species outside the protectorates of university English departments Jane Austen Plenty of people read her moreover without the need for secondary literature These reservations were taken into account in the writing of this book An Introduction to Eighteenth Century Fiction is a comprehensive and accessible introduction to English fiction from Aphra Behn to Jane Austen It deals with novel criticism canon formation and relations between genre and gender The second part of the book contains an extensive discussion of

Richardson and Fielding followed by paired readings of major eighteenth century novels juxtaposing texts by Behn and Defoe Sterne and Smollett Lennox and Burney among others The various sections of the book and even the individual chapters may be read independently or in any order Works are discussed in a way intended to help students who have not read them and even engage with some who never will The author consumes eighteenth century fiction avidly but has tried to write a reader friendly survey for those who may not Female Playwrights and Eighteenth-Century Comedy M. Anderson, 2002-02-22 Aphra Behn Susannah Centlivre Hannah Cowley and Elizabeth Inchbald were the only four female playwrights in England with multiple comic successes from 1670 1800 Behn s interest in the body Centlivre's fascination with written contracts Cowley's nationalism and Inchbald's discussion of divorce emerge in the comic events that are animated by the psychological mechanisms of humor Attending to the dialogue between these comic events and the plays more predictable comic endings illuminates the philosophical political and legal arguments about women and marriage that fascinated both female playwrights and the theatergoing public
