of the Prison-house: pt. I. Introduction. pt. II. The last days of transportation. pt. III. Secondary punishment at home and abroad Arthur Griffiths, 1894 *Games Prisoners Play* Marek M. Kaminski, 2018-06-05 On March 11 1985 a van

was pulled over in Warsaw for a routine traffic check that turned out to be anything but routine Inside was Marek Kaminski a Warsaw University student who also ran an underground press for Solidarity The police discovered illegal books in the vehicle and in a matter of hours five secret police escorted Kaminski to jail A sociology and mathematics major one day Kaminski was the next a political prisoner trying to adjust to a bizarre and dangerous new world This remarkable book represents his attempts to understand that world As a coping strategy until he won his freedom half a year later by faking serious illness Kaminski took clandestine notes on prison subculture Much later he discovered the key to unlocking that culture game theory Prison first appeared an irrational world of unpredictable violence and arbitrary codes of conduct But as Kaminski shows in riveting detail prisoners to survive and prosper have to master strategic decision making A clever move can shorten a sentence a bad decision can lead to rape beating or social isolation Much of the confusion in interpreting prison behavior he argues arises from a failure to understand that inmates are driven not by pathological emotion but by predictable and rational calculations Kaminski presents unsparing accounts of initiation rituals secret codes caste structures prison sex self injuries and of the humor that makes this brutal world more bearable This is a work of unusual power originality and eloquence with implications for understanding human behavior far beyond the walls of one Polish prison

The Forever Prisoner Cathy Scott-Clark, Adrian Levy, 2022-04-12 Some argued it would save the U S after 9 11 Instead the CIA's enhanced interrogation program came to be defined as American torture The Forever Prisoner a primary source for the recent HBO Max film directed by Academy Award winner Alex Gibney exposes the full story behind the most divisive CIA operation in living memory Six months after 9 11 the CIA captured Abu Zubaydah and announced he was number three in Al Qaeda Frantic to thwart a much feared second wave of attacks the U S rendered him to a secret black site in Thailand where he collided with retired Air Force psychologist James Mitchell Arguing that Abu Zubaydah had been trained to resist interrogation and was withholding vital clues the CIA authorized Mitchell and others to use brutal enhanced interrogation

techniques that would have violated U S and international laws had not government lawyers rewritten the rulebook In The Forever Prisoner Cathy Scott Clark and Adrian Levy recount dramatic scenes inside multiple black sites around the world through the eyes of those who were there trace the twisted legal justifications and chart how enhanced interrogation a key weapon in the global War on Terror metastasized over seven years encompassing dozens of detainees in multiple locations some of whom died Ultimately that war has cost 8 trillion dollars 900 000 lives and displaced 38 million people while the U S Senate judged enhanced interrogation was torture and had produced zero high value intelligence Yet numerous men including Abu Zubaydah remain imprisoned in Guantanamo never charged with any crimes in contravention of America s ideals of justice and due process because their trials would reveal the extreme brutality they experienced Based on four years of intensive reporting on interviews with key protagonists who speak candidly for the first time and on thousands of previously classified documents The Forever Prisoner is a powerful chronicle of a shocking experiment that remains in the headlines twenty years after its inception even as US government officials continue to thwart efforts to expose war crimes Silenced by a CIA pledge to keep him imprisoned and incommunicado forever Abu Zubaydah speaks loudly through these pages prompting the question as to whether he and others remain detained not because of what they did to us but because of what we did to them

Prisoner X Rafael Epstein,2014-03-01 The urgent phone call comes from behind the barbed wire This is Ayalon prison says one of the guards urgently Listen he hanged himself we need an ambulance Prisoner X just 34 years old was slumped in a small bathroom separated from his cell by a transparent door Kept in one of the most technologically sophisticated solitary jail cells at the behest of one of the world s most feared intelligence agencies it is not easy to kill yourself But Ben Zygier managed to do just that Did he work for Mossad Was he also working for ASIO Was he involved in the supply of false passports Was he a whistle blower or double agent or simply a young man way out of his depth In Prisoner X Rafael Epstein uncovers the intriguing story of a young Australian swept up in international intelligence
