**Stigma Revisited** Stacey Hannem,Chris Bruckert,2012-10-06 Stigma Revisited Implications of the Mark is a collection of  
qualitative empirical studies of populations who experience stigma Discrimination marginality and social injustice are  
recognized as indelibly tied to the phenomena of stigma This volume builds on the work of Erving Goffman and integrates a  
larger structural understanding of stigma based in Michel Foucault s governmentality writings Contemporary notions of risk  
riskiness and danger are linked to the labelling of deviant populations in the name of social control and risk management  
these labels result in the institutional and systemic perpetuation of stereotypes and stigmatic attitudes The research  
presented in this book addresses the individual experience of symbolic stigma as well as the collective impact of structural  
stigma With unique personal vignettes that position each of the academic contributors in relation to their subjects this  
collection of essays challenges social science researchers to understand their own role in reproducing and contesting  
hegemonic discourses that stigmatize and marginalize      Magnet Memories - The Story of a Secret Series 1977-1987 Nick
