Landru's Secret Richard Tomlinson, 2018-10-30 On 12 April 1919 the Paris police arrested a bald short 50 year old swindler at his apartment near the Gare du Nord acting on a lead from a humble housemaid A century later Henri D sir Landru remains the most notorious and enigmatic serial killer in French criminal history a riddle at the heart of an unsolved murder puzzle The official version of Landrus lethal rampage was so shocking that it almost defied belief According to the authorities Landru had made romantic contact with 283 women during the First World War luring ten of them to his country houses outside Paris where he killed them for their money Yet no bodies were ever found

while Landru obdurately protested his innocence It is for you to prove the deeds of which I am accused he sneered at the investigating magistrate The true story of laffaire Landru buried in the Paris police archives for the past century was altogether more disturbing In Landrus Secret Richard Tomlinson draws on more than 5 000 pages of original case documents including witness statements police reports and private correspondence to reveal for the first time that Landru killed more women than the 10 victims on the charge sheet The police failed to trace at least 72 of the women he contacted The authorities ignored the key victim who explained why the killings began Landru did not kill for money but to revel in his power over what he called the feeble sex Lavishly illustrated with previous unpublished photographs Landrus Secret is a story for our times a female revengers tragedy starring the mothers and sisters of the missing fianc es a lethal misogynist and Frances greatest defense lawyer intent on saving his repulsive client from the guillotine

nineteenth century womanhood she was bold fiercely independent a landowner industrialist traveller and lesbian a woman who lived her life on her own terms These diaries include the years 1816 1824 The second volume continuing Anne s story **THE SECRET DIARIES OF MISS ANNE LISTER NO PRIEST BUT LOVE** is now available **The Secret, the Mystery and the Puzzle** Lisa M. Yezzi Ph.D,2019-03-29 This is my life and what the hell happened to it Do you feel that your life is out of control and that one more loss is too much to handle Do you obsessively try to control your world into a safe and loving place Do you obsessively worry about your tomorrows and all the what ifs Do have issues with trust or emotional intimacy with others Do you carry anger toward other people places and things that may be a part of your past Do you feel that you are fighting just to survive Do you long for true love and belongingness Do you feel emotionally that you are not safe Do you doubt yourself and your abilities to live life your way Do you worry that if people found out who you truly are they will reject you Do you feel that you need to earn others respect Do you constantly feel shame and guilt just because you exist Are you consistently trying to prove that you are worthy Do you consistently isolate when times get hard Do you focus on fitting in rather than sharing who you are Do you compulsively drink do drugs exercise eat starve etc to kill the pain of anxiety Do you struggle with initiating new projects or perhaps keeping a job This then is the legacy of childhood trauma It represents the obstacles we all face as we take our journey into healing You can overcome We all can *On Divine Revelation: The Teaching of the Catholic Faith Vol. One* Fr. Reginald Garrigou-Lagrange,2022-05-27 In *On Divine Revelation* one of Garrigou Lagrange s most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism agnosticism and pantheism the motives of credibility and much more Though written a century ago *On Divine Revelation* will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of revelation It also serves as a salutary corrective to contemporary theology s anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith As Fr Cajetan Cuddy O P observes *On Divine Revelation* is a stunning work of inestimable value No other subsequent work on this topic has come close to meeting it much less surpassing it **Public Faces, Secret Lives** Wendy L. Rouse,2022-05-24 Honorable Mention for the 2023 Francis Richardson Keller Sierra Prize 2023 Judy Grahn Award Publishing Triangle Finalist Restores queer suffragists to their rightful place in the history of the struggle for women s right to vote The women s suffrage movement much like many other civil rights movements has an

important and often unrecognized queer history In *Public Faces Secret Lives* Wendy L Rouse reveals that contrary to popular belief the suffrage movement included a variety of individuals who represented a range of genders and sexualities However owing to the constant pressure to present a respectable public image suffrage leaders publicly conformed to gendered views of ideal womanhood in order to make women s suffrage more palatable to the public Rouse argues that queer suffragists did take meaningful action to assert their identities and legacies by challenging traditional concepts of domesticity family space and death in both subtly subversive and radically transformative ways Queer suffragists also built lasting alliances and developed innovative strategies in order to protect their most intimate relationships ones that were ultimately crucial to the success of the suffrage movement *Public Faces Secret Lives* is the first work to truly recenter queer figures in the women s suffrage movement highlighting their immense contributions as well as their numerous sacrifices

Studies in Secret Diplomacy W. W. Gottlieb, 2021-03-30 Originally published in 1957 the original blurb reads From these studies of the secret diplomacy surrounding the entry of Turkey and Italy into the First World War emerges a picture of the complex machinery behind the obvious wheels of international politics The activities of statesmen and diplomats are related to the ramifications of big business banks oil and armament companies The story of each move and counter move told mostly in the actors own words and with many quotations from actual memoranda and dispatches is based on sources which are quite new The Russian collections of confidential correspondence which include foreign diplomatic dispatches intercepted and deciphered in Russia and the latest *Documenti Diplomatici Italiani* are practically unknown to the British public This material has been integrated with that taken from all the available collections of British French German Austro Hungarian and American diplomatic documents official publications contemporary periodicals and economic and financial data and such mines of information as the diaries recollections and private letters of those involved This unusual combination of source material allows some general conclusions to be drawn as to the laws and logic of the diplomacy of power politics The most striking fact perhaps is the diplomatic war among allies The book brings out the deep seated conflicts of interests in the German Austro Hungarian coalition and those dividing Britain France Russia and Italy in the Near East the Balkans and the Mediterranean Another point of special interest is the inter group and party struggle inside the countries for or against war and another is the genesis of some of the fateful Secret Treaties which bedevilled the peace settlements of 1919 20 Today it can be read and enjoyed in its historical context
