Volume 1 of 9 These books are the first to fully map out the history of alien interaction with the Earth past present and into the near future Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet especially its formative role in the global conspiracy known as the New World Order **Secret Power to Joy, Becoming a Star, and Great Hair Days** Susie Shellenberger,2010-05-11 It sounds like the headline from a teen magazine I mean why would God care about how you feel about your hair Well he doesn't necessarily care about your hair but he cares a lot about how you feel and act If you get into what God says in the Bible you can learn to be like a star and feel like every day is the best hair day of your life Secret Power to Joy Becoming a Star and Great Hair Days is a Bible study in the book of Philippians Don't worry it's not like school You can do as much or as little at a time as you want and you can do the study with a friend You don't even need a Bible all the verses are included The best part is that reading this book will change your life in big ways You'll learn to be content regardless of what's going on around you and you'll learn how God can help you stay focused on the most important thing Him So if you're ready to start feeling better about your life regardless of what your hair has in mind grab this book and discover your secret power to joy **The Secret Doctrine (Vol. 1-3)** Helena Blavatsky,2019-04-26 The Secret Doctrine is one of the most influential esoteric and occult books of all time In the first part of the book the author explains the origin and evolution of the universe itself in terms derived from the Hindu concept of cyclical development While in the second part she describes the origins of humanity through an account of Root Races said to date back millions of years **Subject Guide to Books in Print** ,1997 *The Dream Assassin Volume (1)* Roman Harambura,2019-02-20 Humanity's Greatest Gift Imagination Roman expresses that we as humans have the ability to think by thought power as humans on this most precious Earth we each have the power within us to create through manifestation anything we choose simply by the power of our own thoughts Roman believes we are all thinking beings that every thought we each have has the possibilities of becoming our own reality be it negative thoughts or positive thoughts which in turn creates our personal existence either in a negative way or a positive way he says we are not in reality physical it only appears to be that way because we are so highly conditioned by our own beliefs systems we are in fact Living Energy in the making of becoming Living Consciousness The main reason he wrote and created his new book The Dream Assassin was to show all of humanity that Imagination is real and at the same time create magnificent imaginative magic that would not only bring awareness but ignite the true inner passion of every individual that reads this book but also to see the movie when it is created in the future to come As Albert Einstein the great Theoretical Physicist said on many occasions Reality is merely an Illusion all be it a very persistent one It's like saying just because you cannot touch something doesn't mean it is not real because it may be vibrating simply at another level of
