Secrets Of Hms Dasher:

The Secrets of HMS Dasher John Steele, Noreen Steele, 2002 *Operation Heartbreak and The Man Who Never Was* Hastings Ismay, John Julius Norwich, 2011-11-08 In the early hours of 30 April 1943 a corpse wearing the uniform of an officer in the Royal Marines was slipped into the waters off the south west coast of Spain With it was a briefcase in which were papers detailing an imminent Allied invasion of Greece As the British had anticipated the supposedly neutral government of Fascist Spain turned the papers over to the Nazi High Command who swallowed the story whole It was perhaps the most decisive bluff of all time for the Allies had no such plan the purpose of Operation Mincemeat was to blind the German High Command to their true objective an attack on Southern Europe through Sicily Though officially shrouded in secrecy the operation soon became legendary in part owing to Churchill's post war habit of telling the story at dinner It gave rise to two very different books In 1950 came Duff Cooper's poignant novel *Operation Heartbreak* a romantic tale one which the government right up to PM Clement Attlee attempted to suppress Its publication prompted the intelligence services to pressurize the operation's mastermind Ewen Montagu into writing a factual account *The Man Who Never Was* Spellmount are proud to present these two accounts fictional and factual of one of the greatest intelligence operations ever undertaken with an introduction by Duff Cooper's son John Julius Norwich *Luck of the Devil* Robert le Page, 2012-02-02 Robert le Page flew with the Fleet Air Arm from 1940 to 1945 mostly in 816 Squadron flying carrier based Fairey Swordfish He saw action mine laying off Cherbourg hunting U boats escorting convoys in the North Atlantic and Arctic seas and covering D Day Much of his early war years were aboard HMS Dasher and he was lucky to be ashore when the carrier mysteriously exploded and sank in the Clyde This decimated 816 Squadron which was eventually re equipped and then worked up to operational readiness to fly from HMS Tracker His story is full of insights into wartime naval flying For example when they were tasked with finding and attacking German E Boats they found that in a headwind these powerful boats could outdistance the Stringbag They devised a plan which was to glide as quietly as possible on their approach to the quarry and power up the engine only seconds before they attacked a plan that was unfortunately unsuccessful Once when landing in rough weather his aircraft was waved to go round again With throttle wide open the Swordfish struggled back into the air but alas the tailhook snagged the top wire of the barrier protecting other parked aircraft The author remembered staring down from the stalling aircraft to see a terror stricken fitter gazing up at him Fortunately all survived Deathly Deception Denis Smyth, 2011-08-25 In the pre dawn darkness of April 30 1943 a body disguised as a Royal Marine Major washed ashore on the coast of Spain carrying false documents indicating that the Allies were set to launch an attack on Greece rather than Sicily Immortalized in the film *The Man Who Never Was* Operation Mincemeat is renowned as the most spectacular episode in the annals of deception In this accurate and in depth retelling of the story Denis Smyth draws on a vast collection of previously unavailable documentary sources to provide many key details overlooked in other accounts of Mincemeat He
