Shop Floor Christianity:

Interpretation and Method Dvora Yanow, Peregrine Schwartz-Shea, 2015-03-04 Exceptionally clear and well written chapters provide engaging discussions of the methods of accessing generating and analyzing social science data using methods ranging from reflexive historical analysis to critical ethnography Reflecting on their own research experiences the contributors offer an inside applied perspective on how research topics evidence and methods intertwine to produce knowledge in the social sciences **France Between the Wars** Sian Reynolds, 2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an informa company **Manufacturing Freedom** Elena Shih, 2023-04-25 Sex worker rescue and rehabilitation programs have become a core focus of the global movement to combat human trafficking Manufacturing Freedom offers an ethnographic exploration of two American anti trafficking organizations that offer vocational training in jewelry production to women migrants in China and Thailand as a path out of sex work Activists brand this jewelry a slave free good and then sell it to consumers in the United States generating racialized circuits of commerce and morality centered around promises of freedom from enslavement and redemptive wages for former sex workers whom these organizations universally label as victims of trafficking Workers by contrast often contest the trafficking label and object to the moral and disciplinary processes that ensnare them in a pernicious global web of anti trafficking rescue In this novel study Elena Shih argues that these anti trafficking rescue and rehabilitation projects profit off persistent labor abuse of women workers and imagined but savvily marketed narratives of redemption thereby generating a transnational moral economy of low wage women s work that obfuscates relations of race gender national power and inequality **The Gospel of Church** Janine Giordano Drake, 2023-09-29 In The Gospel of Church Janine Giordano Drake traces the rivalry between organized labor and the American churches from 1880 to 1920 highlighting how the rise in labor and agricultural movements at the turn of the century ran parallel with low church attendance high circulation rates of socialist newspapers and outdoor revivalism as communities animated by a shared commitment to a Christian Commonwealth took the place of formal religion for thousands of working people Social Gospel ministers efforts to assert their authority over industrial affairs directly undermined workers efforts to bring about social democracy in the United States **The Dictionary of Illustrations Adapted to Christian Teaching**, 1892 **Christianity at the Crossroads** Michael J. Kruger, 2018-03-06 Christianity in the twenty first century is a global phenomenon But in the second century its future was not at all certain Michael Kruger s introductory survey examines how Christianity took root in the second century how it battled to stay true to the vision of the apostles and how it developed in ways that would shape both the church and Western culture over the next two thousand years **Implementation of the Helsinki Accords** United States. Congress. Commission on Security and Cooperation in Europe, 1978 **ThirdWay**, 2003-11 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Basket Three, Implementation of the Helsinki Accords** United States. Congress. Commission on Security and

by analysing the relationship between the evolution of technical knowledge and religious contexts It deals with the question to what extent disparities in the evolution of technical knowledge can be explained by differences in religious environment It takes a comparative look at the relation between technology and religion in China and Europe between c 700 and 1800 from four angles visions on the uses of nature the formation of human capital the circulation of technical knowledge and technical innovation ThirdWay ,1977-11-17 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Civilizing the World** Sarah Miglio,2023-08-17 Civilizing the World explores the vibrancy and impact of forgotten social reformers who defied categorization within the Social Gospel or secular progressive movements These social reformers or Practical Christians functioned as a network of activists whose dedication to spiritual conversions and cultural transformation arose from a shared commitment to nonsectarian Christian cooperation and practicing Christian citizenship Bringing together a diverse coalition of liberal Protestants revivalists evangelicals and secular reformers Practical Christians rejected theological divisions in favor of broad alliances committed to improving society at home and abroad A complete understanding of the intimate relationship between local and global activism provides new insight into Practical Christians social networks political goals religious identities and international outlook This broad reform alliance considered their domestic and global reforms as seamless tasks in modernizing the world Just as Chicago Practical Christians labored to civilize their immigrant neighbors and encourage their adoption of their own Christian and American habits like minded Americans worked to Christianize and modernize Armenians and the Middle East The Practical Christian coalition faltered post World War I as evangelicals and revivalists continued to prioritize spiritual conversions while liberal Protestant and secularizing activists placed more emphasis on the process of Americanizing immigrants and the world The Living Church ,1954 **The Building news and engineering journal** ,1887 **Dictionary of Illustrations Adapted to Christian Teaching, Embracing Mythology, Analogies, Legends ... and Religious Anecdotes, Etc. ...** Elon Foster,1873 Western Christian Advocate ,1916 *Christianity and Ethnicity in Canada* Paul Bramadat,David Seljak,2008-06-14 Over the past decade scholars and policy makers interested in Canadian multiculturalism have begun to take religion much more seriously Moreover Christian communities have become increasingly aware of the impact of ethnic diversity on church life However until very recently almost no systematic academic attention has been paid to the intersection between the ethnic and religious identities of individuals or communities This gap in both our academic literature and our public discourse represents an obstacle to understanding and integrating the large numbers of ethnic Christians most of whom either join existing Canadian churches or create ethnically specific congregations In *Christianity and Ethnicity in Canada* eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada The contributors discuss the ways in which changes in the ethnic composition of these traditions influence religious practice and identity as well as how the nine religious traditions influence communal and

individual ethnic identities An introductory chapter by Paul Bramadat and David Seljak provides a thorough discussion of the theoretical historical and empirical issues involved in the study of Christianity and ethnicity in Canada This volume complements Religion and Ethnicity in Canada in which the authors address similar issues within the six major non Christian communities in Canada and within Canadian health care education and politics
