From Eve to Dawn: A History of Women in the World Volume II Marilyn French, 2008-04-01 Filled with fascinating detail this second volume of French's massive and valuable work is an example of scholarship and clear vision Publishers Weekly This volume of New York Times bestselling author Marilyn French's monumental history analyzes and evaluates the lives of women in societies around the world between feudal times and the French Revolution Drawing upon fifteen years of collaboration with a team of researchers and prominent historians the volume opens with fascinating chapters comparing medieval Europe and Japan disparate cultures which nevertheless shared traditions of male dominated aggression and competitiveness French then shows how in Europe this tradition led to colonialism and imperialism and the horrific subjugation of indigenous societies just as women were subjugated in the conquerors home countries As French makes clear in this impassioned women's history only with the French Revolution did the political force women exerted powerfully change the course of history French gives us grand theory at its best wading through copious amounts of scholarly data on the histories of civilizations and offering up in readable prose an important synthesis Library Journal **Catalog of Copyright Entries.
