**Merrilees Roberts**

## Love Shelley:

**Shelley on Love** Percy Bysshe Shelley, 1980-01-01 This anthology brings together for the first time Shelley's almost unknown prose writings on the subject of love Drawn from his notebooks his essays his reviews his fictional fragments his translations and his continuous stream of private philosophical speculations it does not merely give a Romantic poet's view of romantic passion but treats of love at large in all its forms and manifestations childhood and parental adolescent and idealized heterosexual and homosexual domestic and poetic communal and monogamous pagan and Christian earthly and ideal It selects three extracts from the lesser read longer poems which serve to crystallize his attitudes to love at three critical moments in his personal life from *Alastor* 1816 from *Julian and Maddalo* 1818 and from his verse autobiography *Epipsychidion* 1821 Preface Shelley's Mirrors of Love Teddi Chichester Bonca, Teddi Lynn Chichester, 1999-01-01 An analysis of Shelley's fiction poetry and letters covers the topics of narcissism gender identity and self idolotry P.B. Shelley's Philosophy of Love Sarita Singh, 1988 **Shelley's Poetry** S. Haines, 1997-02-24 Shelley's detractors since Hazlitt have noticed a division in the self of his poems A central reasoning core fears the passions surrounding it and distrusts the language expressing it A few of his admirers offer an alternative view of the poems as symbolical pointers to a non linguistic reality transcending passion most miss the point justifying their admiration by referring to the poems systems of thought This reading of Shelley's major poems and critical prose finds the adverse case more convincing **Shelley's Poetics of Reticence** Merrilees Roberts, 2020-04-22 Exploring the rhetorical and phenomenological links between shame and reticence this book examines the psychology of Shelley's anguished poet Subject Shelley's struggles with the fragility of the self have largely been seen as the result of thinking which connects emotional hyperstimulation to moral and political undermining of the individual will This work takes a different approach suggesting that Shelley's insecurities stemmed from anxieties about the nature of aesthetic self representation Shame is an appropriate affective marker of such anxiety because it occurs at the cusp between internal and external self evaluation Shelley's reticent poetics transfers an affective sense of shame to the reader and provokes interpretive responsibility Paying attention to the affective contours of texts this book presents new readings of Shelley's major works These interpretations show that awakening the reader's ethical discretion creates a constructive dynamic which challenges influential deconstructive readings of the unfinished nature of Shelley's work and thought *Romanticism, Hermeneutics and the Crisis of the Human Sciences* Scott Masson, 2016-03-31 First published in 2004 This study begins by surveying the field of modern hermeneutics Noting its repeated crisis of self legitimisation it traces these to circular beliefs bequeathed by Romanticism that human nature is self begetting and can thus be known intimately and autonomously After providing a historical overview of how human nature had been understood the focus shifts to the attack in Coleridge's *Biographia Literaria* on Wordsworth's 1802 Preface to *Lyrical Ballads* and to a reading of some key Romantic texts It reads Coleridge's famous definition of the imagination as an attack on Romantic hermeneutics roots

in the traditional view that man has been created in Imago Dei This title will be of interest to students of literature

*Shelley's Living Artistry* Madeleine Callaghan, 2017 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet's art and life For Shelley both life and art are transfigured by their relationship with one another where the poet participates in the eternal the infinite and the one but is equally bound up with and formed by the society in which he lives and the past that he inherits Callaghan shows that the distinctiveness of Shelley's work comes to rest on its wrong footing of any neat division of life and art The dazzling intensity of Shelley's poetry and drama lies in its refusal to separate the twain as Shelley explores and finally explodes the boundaries between what is personal and what is poetic Arguing that the critic like the artist cannot ignore the conditions of the poet's life Callaghan reveals how Shelley's artistry reconfigures and redraws the actual in his poetry The book shows how Shelley's poetic daring lies in troubling the distinction between poetry as aesthetic work hermetically sealed against life and poetry as a record of the emotional life of the poet **Shelley's Poetry**

**Of Involvement** Roland A Duerksen, 1988-11-29 **Shelleyan Reimaginings and Influence** Michael O'Neill, 2019-02-14 Through attuned close readings this volume brings out the imaginative and formal brilliance of Percy Bysshe Shelley's writing as it explores his involvement in processes of dialogue and influence Shelley recognizes that poetic individuality is the reward of connectedness with other writers and cultural influences A great Poem is a fountain forever overflowing with the waters of wisdom and delight he writes and after one person and one age has exhausted all its divine effluence which their peculiar relations enable them to share another and yet another succeeds and new relations are ever developed the source of an unforeseen and an unconceived delight A Defence of Poetry He is among the major Romantic poetic exponents and theorists of influence because of his passionately intelligent commitment to the onward dissemination of ideas and feelings and to the unpredictable ways in which poets position themselves and are culturally positioned between past and future The book has a tripartite structure The first three chapters seek to illuminate his response to representative texts figures and themes that constitute the triple pillars of his cultural inheritance the classical world Plato Renaissance poetry Spenser and Milton Christianity and in particular the concept of deity and the Bible The second and major section of the book explores Shelley's relations and affinities with as well as differences from his immediate predecessors and contemporaries Hazlitt and Lamb Wordsworth Coleridge Southey Byron Keats including the influence of Dante on Shelley's elegy for his fellow Romantic and the great painter J M W Turner with whom he is often linked The third section considers Shelley's reception by later nineteenth century writers figures influenced by and responding to Shelley including Beddoes Hemans Landon Tennyson and Swinburne A coda discusses the body of critical work on Shelley produced by A C Bradley a figure who stands at the threshold of twentieth century thinking about Shelley **Eternity in British Romantic Poetry** Madeleine

Callaghan, 2022-05-13 Eternity in British Romantic Poetry explores the representation of the relationship between eternity

and the mortal world in the poetry of the period It offers an original approach to Romanticism that demonstrates against the grain the dominant intellectual preoccupation of the era the relationship between the mortal and the eternal The project's scope is two fold firstly it analyses the prevalence and range of images of eternity from apocalypse and afterlife to transcendence in Romantic poetry secondly it opens up a new and more nuanced focus on how Romantic poets imagined and interacted with the idea of eternity Every poet featured in the book seeks and finds their uniqueness in their apprehension of eternity From Blake's assertion of the Eternal Now to Keats's defiance of eternity Wordsworth's two consciousnesses versus Coleridge's capacious poetry Byron's swithering between versions of eternity compared to Shelleyan yearning and Hemans's superlative account of everlasting female suffering each poet finds new versions of eternity to explore or reject This monograph sets out a paradigm shifting approach to the aesthetic and philosophical power of eternity in Romantic poetry

**Amorous Aesthetics** Seth T. Reno, 2019-03-27 Amorous Aesthetics traces the development of intellectual love from its first major expression in Baruch Spinoza's Ethics through its adoption and adaptation in eighteenth century moral and natural philosophy to its emergence as a Romantic tradition in the work of six major poets The Constitution of Shelley's Poetry Edward T. Duffy, 2011-07 The Constitution of Shelley's Poetry is a close philosophical reading of Prometheus Unbound and other Shelley works from the perspective of the argument or drama of language played out in its pages The book urges and practises close reading but in the thought of Stanley Cavell it finds and develops philosophical grounds for this ostensibly old fashioned approach and it implicitly proposes an understanding of language very different from those currently assumed in literary studies **Shelley's Italian Experience** Alan M. Weinberg, 2016-07-27 Focusing on Shelley's Italian experience the present study both addresses itself to the living context which nurtured Shelley's creativity and explores a neglected but essential component of his work The poet's four years of self exile in Italy 1818-1822 were in fact the most decisive of his career As he responded to Italy his poetry acquired a new subtlety and complexity of vision Endowed with remarkably keen powers of absorption the poet imaginatively reshaped the rich cultural heritage of Italy and the vital qualities of its landscape and climate **Thinkers, Activists, and Politics** R. G. Williams, 2025-06-27 This book is a collection of critical essays that examines the lives politics and ideas of several radical activists writers and revolutionaries over the past two centuries individuals who fought for human freedom Spanning figures from Karl Marx to Che Guevara the essays delve into the challenges these revolutionaries faced and how their bold ideas reshaped political thought They also highlight how the legacy of their actions continues to fuel debates about freedom humanity and the role of the individual in modern society People often interpret the world real revolutionaries attempt to change it Shelley's Goddess Barbara Charlesworth Gelpi, 1992-10-29 The subject of Gelpi's new book is the importance of the mother infant relationship in Percy Bysshe Shelley's poetry and life However her book also uses Shelley as a touchstone by which to examine the rich historical and theoretical issues relevant to motherhood in the Romantic period Gelpi offers a detailed account of the historical rise in attention paid to

mothering the changing cultural attitudes towards the role of the mother and the resulting effect on the nature of family life She further discusses the psychoanalytic Marxist and developmental approaches to the mother infant relationship particularly to the connection each makes between that relationship and the acquisition of language By combining psychoanalytic poststructuralist and feminist theory with extensive biographical material on Shelley and information on the position of mothers in England after 1790 Gelpi offers an important reassessment of Shelley s avowed feminism and the failure of his utopian vision      **Shelley's Venomed Melody** Nora Crook,Derek Guiton,1986 This provocative study assesses Shelley s health and how it affected his poetry      *Mary Shelley's Early Novels* Jane Blumberg,2016-07-27 Mary Shelley s Early Novels seeks to redress the commonly held view that Mary Shelley was simply another mouthpiece for her husband Percy Bysshe Shelley Her most challenging and ambitious novels Frankenstein Valperga and The Last Man are examined in the light of her intellectual relationship with Percy Shelley We see the way in which these novels reflect her gradual rejection of his radical tenets in an assertion of her own intellectual and ideological independence      Catalog of Copyright Entries Library of Congress. Copyright Office,1970      Soft-Shed Kisses Małgorzata Łuczyńska-Hołodys,2013-07-26 The femme fatale appears with unceasing regularity in the texts of major poets of the nineteenth century She symbolises an intractable mystery a refusal to be defined and a fierce attempt to exist outside the established gender system Soft Shed Kisses Re visioning the Femme Fatale in English Poetry of the 19th Century interrogates the construction and use of the fatal woman motif in the poetry of canonical male writers of the times both Romantic and Victorian Subsequent chapters investigate a variety of poems by John Keats Percy Bysshe Shelley Alfred Tennyson Dante Gabriel Rossetti and Charles Algernon Swinburne in which the femme fatale surfaces as the most important character Close readings of poetry are enriched by an examination of the same motif in visual art set against the vivid cultural background of the Victorian era      **Shelley's theory of poetry** Earl J. Schulze,2015-07-24 No detailed description available for Shelley s theory of poetry
