

## **Tough Choice**

*A girl was in love with a guy but her friends never approved of him. They were not happy with her choice. Her friends judged the guy because of his past. The girl would not listen to her friends as she had fallen for the guy. She used to trust his love ignoring his past. One day her friends asked her to choose between them and her boyfriend. The girl said that her friends and the guy were equally important to her. But if they were her true friends, they would understand her feelings for him. They would never put her in a spot where she had to choose between friends and boyfriend. She left them and said her boyfriend was waiting for her. Her friends were shocked. But the girl knew inside her heart that she made the right choice.*

LA LOVE STORIES Martin Copeland, 2019-10-01 Tales of questing hearts in the City of Angels **Love Stories** Paul Manning, 2015-05-15 In the remote highlands of the country of Georgia a small group of mountaineers called the Khevsurs used to express sexuality and romance in ways that appear to be highly paradoxical On the one hand their practices were romantic but could never lead to marriage On the other hand they were sexual but didn't correspond to what North Americans or most Georgians would have called sex These practices were well documented by early ethnographers before they disappeared completely by the midtwentieth century and have become a Georgian obsession In this fascinating book Manning recreates the story of how these private secretive practices became a matter of national interest concern and fantasy Looking at personal expressions of love and the circulation of these narratives at the broader public level of the modern nation Love Stories offers an ethnography of language and desire that doubles as an introduction to key linguistic genres and to the interplay of language and culture *Time and Ways of Knowing Under Louis XIV* Roland Racevskis, 2003 This book is a study of the measurement and understanding of time in seventeenth century Europe particularly in France Close readings of literary representations of time in Moliere Mme de Sevigne and Mme de Lafayette are contextualized with historical studies of court life under Louis XIV the restructuring of the early modern French postal system and the emergence of new practices of periodical publication respectively An epistemological backdrop for these historical and literary studies is provided by an introductory analysis of developments in the science of time measurement under Louis XIV A concluding section places questions of human temporality in the contemporary context of global environmental concerns
