Spiritual Evolution George Vaillant,2008-05-20 In our current era of holy terror passionate faith has come to seem like a present danger Writers such as Richard Dawkins Sam Harris and Christopher Hitchens have been happy to throw the baby out with the bathwater and declare that the danger is in religion itself God Hitchens writes is not great But man according to George E Vaillant M D is great In Spiritual Evolution Dr Vaillant lays out a brilliant defense not of organized religion but of man s inherent spirituality Our spirituality he shows resides in our uniquely human brain design and in our innate capacity for emotions like love hope joy forgiveness and compassion which are selected for by evolution and located in a different part of the brain than dogmatic religious belief Evolution has made us spiritual creatures over time he argues and we are destined to become even more so Spiritual Evolution makes the scientific case for spirituality as a positive force in human evolution and he predicts for our species an even more loving future Vaillant traces this positive force in three different kinds of evolution the natural selection of genes over millennia of course but also the cultural evolution within recorded history of ideas about the value of human life and the development of spirituality within the lifetime of each individual For thirty five years Dr Vaillant directed Harvard s famous longitudinal study of adult development which has followed hundreds of men over seven decades of life The study has yielded important insights into human spirituality and Dr Vaillant has drawn on these and on a range of psychological research behavioral studies and neuroscience and on history anecdote and quotation to produce a book that is at once a work of scientific argument and a lyrical meditation on what it means to be human Spiritual Evolution is a life s work and it will restore our belief in faith as an essential human striving

Mom Rebecca Jo Plant,2010-03-15 In the early

twentieth century Americans often waxed lyrical about Mother Love signaling a conception of motherhood as an all encompassing identity rooted in self sacrifice and infused with social and political meaning By the 1940s the idealization of motherhood had waned and the nation s mothers found themselves blamed for a host of societal and psychological ills In Mom Rebecca Jo Plant traces this important shift by exploring the evolution of maternalist politics changing perceptions of the mother child bond and the rise of new approaches to childbirth pain and suffering Plant argues that the assault on sentimental motherhood came from numerous quarters Male critics who railed against female moral authority psychological experts who hoped to expand their influence and women who strove to be more than wives and mothers all for their own distinct reasons sought to discredit the longstanding maternal ideal By showing how motherhood ultimately came to be redefined as a more private and partial component of female identity Plant illuminates a major reorientation in American civic social and familial life that still reverberates today

My Religion M. K. Gandhi, 2025-03-31 My Religion by M K Gandhi is an insightful exploration of the spiritual beliefs and philosophies that guided one of the world s most profound figures in pursuit of truth and justice In this thoughtful piece Gandhi shares reflections on his personal faith drawing from a rich tapestry of religious traditions including Hinduism Christianity Islam and Jainism The essence of this work is not merely a recounting of religious doctrine but rather an invitation to understand the universal principles that bind humanity together in a quest for deeper meaning harmony and peace Gandhi articulates the importance of embracing spirituality as a way to cultivate moral character and lead a life rooted in righteousness He emphasizes that true religion transcends mere rituals and beliefs advocating instead for a practice of love compassion and service to others Through his own experiences he illustrates how a deep seated commitment to faith can empower individuals to stand up against injustice promoting the greater good and fostering social cohesion In this compelling work Gandhi addresses the complexities of faith in a diverse world acknowledging the differences among religions while celebrating their shared ideals He encourages readers to engage in interfaith dialogue urging that these conversations can nurture understanding and break down barriers that divide societies His reflections underscore that the essence of religion is found in its ability to inspire love humility and a spirit of coexistence The text also underlines Gandhi s belief in the transformative power of spiritual practices including prayer meditation and self discipline as tools for personal growth and enlightenment He speaks to the necessity of aligning one s actions with their spiritual beliefs suggesting that ethical conduct is paramount in realizing one s spiritual aspirations Through practical examples he demonstrates that a life guided by principles of truth and non violence can lead to profound personal and social transformation My Religion encapsulates Gandhi s journey toward self discovery and understanding illustrating how spirituality can guide individuals to live authentically and purposefully It serves as an inspiring reminder that regardless of religious affiliation the pursuit of truth and justice is a fundamental aspect of the human experience Gandhi s insights resonate with readers today providing a roadmap to navigate the complexities of faith in an increasingly

interconnected world This work is not only a celebration of his spiritual beliefs but also a timeless call for unity compassion and respect among all humanity Readers from diverse backgrounds will find value in Gandhi s exploration of religion as a force for good making this book an essential addition to anyone s collection *The Ernest Holmes Papers* Ernest Holmes, George P. consisting of 10 000 souls streaming into the hall mounting the galleries humming buzzing and swarming a mighty hive of bees eager to secure at first the best places and at last any place at all After waiting more than half an hour for if you wish to have a seat you must be there at least that space of time in advance Mr Spurgeon ascended his tribune To the hum and rush and trampling of men succeeded a low concentrated thrill and murmur of devotion which seemed to run at once like an electric current through the breast of every one present and by this magnetic chain the preacher held us fast bound for about two hours It is not my purpose to give a summary of his discourse It is enough to say of his voice that its power and volume are sufficient to reach every one in that vast assembly of his language that it is neither high flown nor homely of his style that it is at times familiar at times declamatory but always happy and often eloquent of his doctrine that neither the Calvinist nor the Baptist appears in the forefront of the battle which is waged by Mr Spurgeon with relentless animosity and with Gospel weapons against irreligion cant hypocrisy pride and those secret bosom sins which so easily beset a man in daily life and to sum up all in a word it is enough to say of the man himself that he impresses you with a perfect conviction of his sincerity More than a hundred years after his death Charles Spurgeon s legacy continues to effectively inspire the church around the world For this reason Delmarva Publications has chosen to publish the complete works of Charles Spurgeon *Novels and Arguments* Zahava Karl McKeon,1982 In this absorbing study the first comprehensive exploration of the rhetoric of the novel Zahava Karl McKeon investigates the complex interrelations of critical poetics grammars dialectics and rhetorics to devise a systematic means of dealing with the structure of prose works as communicative objects Using the vocabulary and conceptual resources of Aristotle and Cicero she pursues this exploration to discover the kinds of arguments that characterize novels to find a way of distinguishing novels from other discursive wholes and to discriminate different genres of the novel McKeon s arguments are supplemented by readings of a variety of texts including the novels and stories of Gunter Grass John Fowles Robert Coover and Flannery O Connor **The Works of Victor Hugo ...** Victor Hugo,1909
