Love Journey Into America:

Journey into America Akbar Ahmed, 2010-06-01 Nearly seven million Muslims live in the United States today and their relations with non Muslims are strained Many Americans associate Islam with figures such as Osama bin Laden and they worry about homegrown terrorists To shed light on this increasingly important religious group and counter mutual distrust renowned scholar Akbar Ahmed conducted the most comprehensive study to date of the American Muslim community Journey into America explores and documents how Muslims are fitting into U S society placing their experience within the larger context of American identity This eye opening book also offers a fresh and insightful perspective on American history and society Following up on his critically acclaimed Journey into Islam The Crisis of Globalization Brookings 2007 Ahmed and his team of young researchers traveled for a year through more than seventyfive cities across the United States from New York City to Salt Lake City from Las Vegas to Miami from the large Muslim enclave in Dearborn Michigan to small predominantly white towns like Arab Alabama They visited homes schools and over one hundred mosques to discover what Muslims are thinking and how they are living every day in America In this unprecedented exploration of American Muslim communities Ahmed asked challenging questions Can we expect an increase in homegrown terrorism How do American Muslims of Arab descent differ from those of other origins for example Somalia or South Asia Why are so many white women converting to Islam How can a Muslim become accepted fully as an American and what does that mean He also delves into the potentially sticky area of relations with other religions For example is there truly a deep divide between Muslims and Jews in America And how well do Muslims get along with other religious groups such as Mormons in Utah Journey into America is equal parts anthropological research listening tour and travelogue Whereas Ahmed s previous book took the reader into homes schools and mosques in the Muslim world his new quest takes us into the heart of America and its Muslim communities It is absolutely essential reading for anyone trying to make sense of America today **Journey to America**

Manny Quijada, 2022-07-24 We all make important and crucial decisions at some point in life Some decisions can truly be life changing A month after I turned sixteen years old I was given the opportunity to leave my country and go north in the continent to the great United States of America It was not an easy thing to do by any means neither was it to decide over After seeking God s answer in prayer for a few days I decided to leave my known life behind to venture into the unknown trusting in God alone to make it safe to my destination As I made the decision to leave my country that also included leaving behind the most beautiful girl I had known I was risking my life in many ways trying to reach the Land of the Free the Home of the Brave with only one purpose in my heart I wanted nothing more than to become a successful man in order to have something to offer to the girl I considered to be the love of my life This was my one and only reason for leaving my country However as the day for my departure approached the strange feeling that I was going to end up with a broken heart at the end of it all became very overwhelming each day and even more so during the entire journey Although I hoped that was not

going to be the case I wanted God's will to be done above all else I believed that God had a reason for taking me away from her my country my friends and family at the time He did If He did not want me to go to America the way I did He simply would have said so when I asked if He wanted me to go It took twenty five days from the day I left my home in El Salvador until the day I arrived at my new home in Orange County California There were a number of dangers that I faced during a three week period going across four different countries traveling for more than three thousand miles While my faith was tested in different ways each day my mind and my body were also put to the test in more ways than I expected It all began on the eleventh day of February in the year two thousand and two A group of fifteen individuals full of hope and dreams of a better future decided to begin a journey that would forever change their lives Although unique my story is not the only one for there are millions more that have come before and after me This however is the story of my Journey to America
