**Mapping South American Latina/o Literature in the United States** Juanita Heredia, 2018-03-13 This collection of interviews demonstrates that U.S. Latinas/os of South American background have contributed pioneering work to U.S. Latina/o literature and culture in the twenty-first century. In conversation with twelve significant authors of South American descent in the United States, Juanita Heredia reveals that through their transnational experiences they have developed multicultural identities throughout different regions and cities across the country. However, these authors' works also exemplify a return to their heritage in South America through memory and travel, often showing that they maintain strong cultural and literary ties across national borders. As such, they have created a new chapter in trans American history by finding new ways of imagining South America from their formation and influences in the U.S.

*The Contemporary Spanish-American Novel* Will H. Corral, Juan E. De Castro, Nicholas Birns, 2013-09-26 The Contemporary Spanish American Novel provides an accessible introduction to an important World literature. While many of the authors covered—Aira, Bolaño, Castellanos, Moya, Vásquez—are gaining an increasing readership in English and are frequently taught, there is sparse criticism in English beyond book reviews. This book provides the guidance necessary for a more sophisticated and contextualized understanding of these authors and their works. Underestimated or unfamiliar Spanish American novels and novelists are introduced through conceptually rigorous essays. Sections on each writer include the author's reception in their native country, Spanish America and Spain, biographical history, a critical examination of their work, including key themes and conceptual concerns, translation history, scholarly reception. The Contemporary Spanish American Novel offers an authoritative guide to a rich and varied novelistic tradition. It covers all demographic areas, including United States Latino authors, in exploring the diversity of this literature and its major themes such as exile, migration, and gender representation.

Jaime Manrique, 2012 **Voces de América Latina** María Palitachi, 2016-07-26 La intención de Voces de América Latina es presentar diversos matices desde las entrañas actuales de Latinoamérica tonalidades que entrelazan lo visible con lo invisible y lo cotidiano y absurdo con lo admirable e insólito. La temática de los textos reunidos en esta muestra es variada. En ella encontramos una amplia gama de voces bien definidas que dibujan un paisaje armonioso y filarmónico a la vez. Así de lo íntimo y naturalista al entramado neobarroco los invitados discurren con la poesía al poema, lo cotidiano, la política, la ciencia. Voces de América Latina obedece también a una necesidad propia de recorrer diferentes caminos, esquemas y canones para aprehender y aprender distintas formas de escribir y alimentar el quehacer de la creación literaria.
