**Parish Churches in the Early Modern World** Andrew Spicer, 2016-12-05 Across Europe the parish church has stood for centuries at the centre of local communities it was the focal point of its religious life the rituals performed there marked the stages of life from the cradle to the grave Nonetheless the church itself artistically and architecturally stood apart from the parish community It was often the largest and only stone built building in a village it was legally distinct being subject to canon law as well as consecrated for the celebration of religious rites The buildings associated with the cure of souls were sacred sites or holy places where humanity interacted with the divine In spite of the importance of the parish church these buildings have generally not received the same attention from historians as non parochial places of worship This collection of essays redresses this balance and reflects on the parish church across a number of confessions Catholic Lutheran Reformed and Anti Trinitarian during the early modern period Rather than providing a series of case studies of individual buildings each essay looks at the evolution of parish churches in response to religious reform as well as confessional change and upheaval They examine aspects of their design and construction furnishings and material culture liturgy and the use of the parish church While these essays range widely across Europe the volume also considers how religious provision and the parish church were translated into a global context with colonial and commercial expansion in the Americas and Asia This interdisciplinary volume seeks to identify what was distinctive about the parish church for the congregations that gathered in them for worship and for communities across the early modern world

**Understanding Four Views on the Lord's Supper** Zondervan, 2009-05-26 The Lord's Supper has been the central and characteristic action of the church at worship But there are still many ways of understanding it and many questions surrounding this meal Who should participate in the Lord's Supper How frequently should we observe it What does this meal mean What happens when we eat the bread and drink from the cup What do Christians disagree about and what do they hold in common These and other questions are explored in this volume of the fair minded informative Counterpoints series Contributors make a case for one of the following views Baptist view memorialism

Reformed view spiritual presence Lutheran view consubstantiation Roman Catholic view transubstantiation All contributors use Scripture to present their views and each responds to the others essays Included are resources for understanding the topic further such as A listing of statements on the Lord s Supper from creeds and confessions Quotations from noted Christians A resource listing of books on the Lord s Supper Discussion questions for each chapter to facilitate small group and classroom use The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

**The Megachurch and the Mainline** Stephen Ellingson, 2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members Yet modern life in America can make those customs seem undesirable even impractical As a result many congregations refashion church traditions so they may remain powerful and salient How do these transformations occur How do clergy and worshipers negotiate which aspects should be preserved or discarded Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area Stephen Ellingson s *The Megachurch and the Mainline* provides new understandings of the transformation of spiritual traditions For Ellingson these particular congregations typify a new type of Lutheranism one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society s emphasis on pragmatism and consumerism Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition This is an important examination of a religion in flux one that speaks to the growing popularity of evangelicalism in America
