The Mind-body Problem in German Literature 1770-1830 Catherine J. Minter, 2002 With reference to the treatment of mind body problems in the novels and non fictional writings of Johann Karl Wezel Karl Philipp Moritz and Jean Paul this impressive study follows the development of and demonstrates the continuity in the history of ideas in Germany between the Late Enlightenment and Romanticism

The Child's View of the Third Reich in German Literature Debbie Pinfold, 2001-08-23 This book examines the ways in which German authors have used the child s perspective to present the Third Reich It considers how

children at this time were brought up and educated to accept unquestioningly National Socialist ideology and thus questions the possibility of a traditional naive perspective on these events Authors as diverse as Günter Grass Siegfried Lenz and Christa Wolf together with many less well known writers have all used this perspective and this raises the question as to why it is such a popular means of confronting the enormity of the Third Reich This study asks whether this perspective is an evasive strategy a means of gaining new insights into the period or a means of discovering a new language which had not been tainted by Nazism This raises and addresses issues central to a post war aesthetic in German writing

The Wasting Heroine in German Fiction by Women 1770-1914 Anna Richards, 2004 In this broad ranging study of German fiction by women between 1770 1914 the author aims to add a new dimension to existing debates on the association of women and illness in literature She constructs a history of women's self starvation eating behaviour and wasting diseases

Rules for the Endgame Jan-Dirk Müller, 2007-11-19 This groundbreaking interpretation offers a new approach to

the reading of medieval literature and revolutionizes the study of the Nibelungenlied itself providing a richer understanding of the work's significance both in its era and for our own *Author, Reader, Book* Stephen Partridge, Erik Kwakkel, 2012-01-01 Incorporating several kinds of scholarship on medieval authorship the essays examine interrelated questions raised by the relationship between an author and a reader the relationships between authors and their antecedents and the ways in which authorship interacts with the physical presentation of texts in books *Routledge Encyclopedia of Narrative Theory* David Herman, Manfred Jahn, Marie-Laure Ryan, 2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time process and change However the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars teachers and students to have access to a comprehensive reference resource *A Century of British Medieval Studies* Alan Deyermond, 2007-11-29 This is an authoritative guide to the full range of medieval scholarship undertaken in twentieth century Britain history archaeology language culture Some of the twenty nine essays focus on changes in research method or on the achievements of individual scholars others are personal accounts of a lifetime's work

Reconciling Copyright with Cumulative Creativity Giancarlo Frosio, *Reconciling Copyright with Cumulative Creativity* The Third Paradigm examines the long history of creativity from cave art to digital remix in order to demonstrate a consistent disparity between the traditional cumulative mechanics of creativity and modern copyright policies Giancarlo Frosio calls for the return of creativity to an inclusive process so that the first pre modern imitative and collaborative model and second post Romantic copyright model creative paradigms can be reconciled into an emerging third paradigm which would be seen as a networked peer and user based collaborative model

Before Copernicus Rivka Feldhay, F. Jamil Ragep, 2017-06-12 In 1984 Noel Swerdlow and Otto Neugebauer argued that Nicolaus Copernicus 1473-1543 explained planetary motion by using mathematical devices and astronomical models originally developed by Islamic astronomers in the thirteenth and fourteenth centuries Was this a parallel development or did Copernicus somehow learn of the work of his predecessors and if so how And if Copernicus did use material from the Islamic world how then should we understand the European context of his innovative cosmology Although Copernicus's work has been subject to a number of excellent studies there has been little attention paid to the sources and diverse cultures that might have inspired him Foregrounding the importance of interactions between Islamic and European astronomers and philosophers *Before Copernicus* explores the multi cultural multi religious and multi lingual context of learning on the eve of the Copernican revolution determining the relationship between Copernicus and his predecessors Essays by Christopher Celenza and Nancy Bisaha delve into the European cultural and intellectual contexts of the fifteenth century revealing both the profound differences between them and us and the nascent

attitudes that would mark the turn to modernity Michael Shank F Jamil Ragep Sally Ragep and Robert Morrison depict the vibrant and creative work of astronomers in the Christian Islamic and Jewish worlds In other essays Rivka Feldhay Raz Chen Morris and Edith Sylla demonstrate the importance of shifting outlooks that were critical for the emergence of a new worldview Highlighting the often neglected intercultural exchange between Islam and early modern Europe Before Copernicus reimagines the scientific revolution in a global context

The Routledge Handbook of Remix Studies and Digital Humanities Eduardo Navas, Owen Gallagher, xtine burrough, 2021-02-14 In this comprehensive and highly interdisciplinary companion contributors reflect on remix across the broad spectrum of media and culture with each chapter offering in depth reflections on the relationship between remix studies and the digital humanities The anthology is organized into sections that explore remix studies and digital humanities in relation to topics such as archives artificial intelligence cinema epistemology gaming generative art hacking pedagogy sound and VR among other subjects of study Selected chapters focus on practice based projects produced by artists designers remix studies scholars and digital humanists With this mix of practical and theoretical chapters editors Navas Gallagher and burrough offer a tapestry of critical reflection on the contemporary cultural and political implications of remix studies and the digital humanities functioning as an ideal reference manual to these evolving areas of study across the arts humanities and social sciences This book will be of particular interest to students and scholars of digital humanities remix studies media arts information studies interactive arts and technology and digital media studies

Intention and Interpretation: A Short History Ralf Grüttemeier, 2022-02-07 Intention plays a complex role in human utterances The interpretation of literary texts is a strong case in point for about two hundred years there have been conflicting views about whether and how much authorial intention should matter when professional readers interpret literature These debates grew increasingly fierce during the post World War II period the landmarks of which were the notions of intentional fallacy and the death of the author Seventy odd years later there is still no consensus in sight What has always been neglected in the debates around authorial intention however is a reflection on the historical dimension of the debate and how historically bound each of the theoretical positions in the debate were This book focusses precisely on the historical dimension of authorial intention providing a systematic historical reconstruction of the importance ascribed to it in literary texts from Classical Greece to the present day and including a chapter on authorial intention in jurisdiction and legal interpretation from a historical perspective The book reconstructs a typology of the most important concepts of intention in interpretation for diachronic and synchronic use At the same time it offers insights from a field theoretical perspective into how literary studies as a discipline works over time and how notions of intention and interpretation help create forms of literary knowledge

The Medieval Chronicle 13, 2020-04-28 Alongside annals chronicles were the main genre of historical writing in the Middle Ages Their significance as sources for the study of medieval history and culture is today widely recognised not only by historians but also by students of medieval literature and

linguistics and by art historians The series The Medieval Chronicle aims to provide a representative survey of the on going research in the field of chronicle studies illustrated by examples from specific chronicles from a wide variety of countries periods and cultural backgrounds There are several reasons why the chronicle is particularly suited as the topic of a yearbook In the first place there is its ubiquity all over Europe and throughout the Middle Ages chronicles were written both in Latin and in the vernacular and not only in Europe but also in the countries neighbouring on it like those of the Arabic world Secondly all chronicles raise such questions as by whom for whom or for what purpose were they written how do they reconstruct the past what determined the choice of verse or prose or what kind of literary influences are discernable in them Finally many chronicles have been beautifully illuminated and the relation between text and image leads to a wholly different set of questions The Medieval Chronicle is published in cooperation with the Medieval Chronicle Society medievalchronicle.org
