Isaac Deutscher

Prophet Unarmed Trotsky 1921 1929:

The Prophet Unarmed Isaac Deutscher, 2003 This second volume of the trilogy is a self contained account of the great struggle between Stalin and Trotsky that followed the end of the civil war in Russia in 1921 and the death of Lenin **The Prophet Unarmed** Isaac Deutscher, 1986 **The Prophet Unarmed** Isaac Deutscher, 1970 *The Prophet Unarmed* Isaac Deutscher, 1959 Trotsky Isaac Deutscher, 1959 **The Prophet [...] Trotsky** Isaac Deutscher, 1959 **Trotsky: The prophet unarmed: 1921-1929** Isaac Deutscher, Trotsky. Vol II; 1921-1929 The Prophet Unarmed Isaac Deutscher, 1970

Trotsky, The Passionate Revolutionary Allan Todd, 2022-09-15 Although Trotsky was dramatically assassinated just over eighty years ago he remains a controversial figure He has had many biographers over the decades ranging from the overly sympathetic to the extremely hostile Robert Service his most recent biographer expressed the hope that his book would finish off Trotsky a job he believed the ice axe had failed to do in 1940 This biography as expected deals with those aspects for which Trotsky is noted his passionate and fiery oratory which captivated and inspired huge crowds organising the Bolshevik Revolution of November 1917 masterminding the creation of the Red Army and ensuring its victory during the Civil War becoming the most determined opponent of Stalin's creation of a monolithic party and state being a Marxist theoretician of socialist revolution and combatting fascism and of course being the originator of the very specific brand of revolutionary socialism that as early as 1906 became known as Trotskyism However this biography also explores other aspects of Trotsky's life which are not so well known In particular from a very early age his love of writing the world of books and publishing became his first passion it remained his first love and if revolutionary politics had not taken over his life would have been a very literary one Immediately after the November Revolution he hoped to return to his literary work believing his main practical work as a revolutionary was over His writings on art and literature when compared to the stultifying strictures of the Socialist Realism associated with Stalinism are remarkably sympathetic and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language The Prophet Isaac Deutscher, 1963 **James P. Cannon and the Emergence of Trotskyism in the United States, 1928-38** Bryan D. Palmer, 2021-10-25 Bryan D Palmer reinterprets the history of labour and the left in the United States during the 1930s through a discussion of the emergence of Trotskyism in the most advanced capitalist country in the world Focussing on James P Cannon the founder of American Trotskyism Palmer builds on his previously published and award winning book *James P Cannon and the Origins of the American Revolutionary Left 1890 1928 2007* with a deeply

researched and elegantly written study of Cannon and the Trotskyist movement in the United States from 1928-38. Situating this dissident communist movement within the history of class struggle both national and international, Palmer examines how Cannon and others fought to revive a combative trade unionism, thwart fascism and the drift to war, refuse Stalinism's many degenerations and build a new Party and a new International both of which would be dedicating to reviving and realizing the possibilities of revolutionary socialism. The result is a study that provides a definitive account of the largest and most influential Trotskyist movement in the world in the 1930s, a mobilization whose history recasts understandings of the more extensively studied experience of United States working class militancy and the place of the Comintern affiliated Communist Party within it.

The Russian Revolution, 1917-1945 Anthony D'Agostino, 2010-12-16 This book offers a fresh analysis of the Russian Revolution from a global perspective. It stresses the historical role of Soviet Communism in the modernization of the country, the defeat of Nazism and the rise of American power and world leadership. For students and scholars of the Russian Revolution, there are pivotal questions that merit careful, comprehensive consideration: why did the Tsarist regime unravel in revolution? Why did the Bolsheviks come to power rather than some other party? How did Stalin, rather than a more popular and respected leader, win the mantle of Lenin and gain leadership of the ruling party? How should Stalin's regime be judged by subsequent generations of Russians and in the context of world history? In *Russian Revolution 1917-1945*, author Anthony D. Agostino discusses all these questions. His suggestions for further reading range over decades of writing on Soviet subjects and cite classics, revisionist works, curiosities and studies done during and since the Gorbachev years. The book explores topics including the modernization of the Tsarist Russian state, World War I, the revolutionary project of Soviet Communism, the nationalist transformation of Soviet Communism under international pressures, the Big Drive to modernize Russia by force and the external threat of fascism.

Survivors in Mexico Rebecca West, 2004-01-01 Rebecca West's never before published *Survivors in Mexico* brings to readers a daring and provocative work by a major twentieth century author. An exhilarating exploration of Mexican history, religion, art and culture, it explores the inner lives of figures ranging from Cortés and Montezuma to Diego Rivera, Frida Kahlo and Leon Trotsky. Witty and entertaining, substantive and reflective, insightful and well documented in splendid and uncommon prose, Rebecca West's travelogue is a model of British sophistication and knack for seeing the other. Jorge G. Castañeda, *New York Times Book Review*: "An enthrallingly readable book full of sharp impressions and stimulating insights." Merle Rubin, *Los Angeles Times Book Review*: "Luscious reading. The book succeeds beautifully as a travelogue thanks to West's intellect and experience with Mexico serving as the vehicle for it all." Sam Quinones, *Washington Post Book World*.

Soviet History, 1917-53 Julian Cooper, Maureen Perrie, E. A. Rees, 2016-02-06 This work presents eleven studies in the field of Russian/Soviet economic and social history which have been specially commissioned as a tribute to Professor R. W. Davies. Each chapter highlights a particular area of controversy and illuminates the process of policy formation in this critical period of Soviet development. Together they provide an overview of the period.

1917 1953 **Russia, the Roots of Confrontation** Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets **Social Media in China** Wenbo Kuang, 2018-08-29 Redefining the concept of new media in China this cutting edge book discusses the impact of social media on Chinese public life Examining its characteristics and the different forms of social media such as internet and mobile phone media weibo wechat and micro blogging it considers how public opinion evolves through this media and its interaction with traditional media It also offers a unique analysis of growing new media platforms the challenges of government management and the impact of micro blogging on journalism in China Through quantitative research the book also analyses new media user behavior in China offering a butterfly effect model for public opinion based on new media It also shows the relevance of the sociological Matthew Effect and addresses issues such as the 20 million phenomenon and the Internet Water army Wangluo shuijun groups of Internet ghost writers paid to post specific content online Finally it scrutinizes the the issue of mass disturbance in new media in China researching evolutionary mechanisms and academic models of mass disturbance through a series of case studies Written by a leader in the field of Chinese new media this book constitutes a valuable read to scholars of media and communications studies and all those interested by the development and the increasing impact of new media in China

The Stalinist Dictatorship Christopher Edward Ward, 2018-10-24 From the late 1920s onwards forced collectivisation state directed industrialisation mass purging and the party's control of culture refashioned Russia and gave birth to a new type of society The second revolution and its aftermath remodelled the Soviet State and the Bolshevik party restructured all institutions and reconstituted all social relationships Millions found their lives changed forever Nothing was untouched and no one was unaffected Presiding over these momentous changes was Joseph Stalin one of the twentieth century's most disturbing figures The Stalinist Dictatorship looks at the regime from three different perspectives Section one focuses on interpretations of Stalin's character and attempts to explain the everlasting puzzle of the relationship between events and personality Section two looks at Stalin's role within the Soviet Union and sees him as only one part albeit an important one of a complex culture of politics and administration The final section examines the ways in which the Soviet people handled socialism and how Stalinism functioned on the ground The vicissitudes in Stalin's reputation reflect the vicissitudes of the history of the twentieth century itself Stalin became a symbol of a new system a socialist alternative to the capitalist path

A Guide to the Study and Use of Military History John E. Jessup, 1979 **Aspects of European History 1789-1980** Stephen J. Lee, 2008-01-28 Stephen Lee charts the most commonly encountered topics of nineteenth and twentieth century European history from the origins of the French Revolution through the social and political reforms of the last two centuries to the present **A Guide to the Study and Use of Military History** John E. Jessup (Jr.), John E. Jessup, Robert W.

Coakley, 1979 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study It is not a work to be read and lightly tossed aside but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past
